INTRODUCTION BY THE NSW JUNIOR LEAGUE ASSOCIATION

I am pleased to introduce the NSWRL Junior Rugby League Policies & Procedures Manual.

The Manual has been developed through consultation between the NSWRL, the NSW Junior League's Association and the Districts that are affiliated with the NSW Junior League's Association.

The Manual is not intended for over-regulation of our game, instead we envisage that its implementation will bring consistency across District boundaries with regard to how the game is administered and played.

Our hope is that with consistency around rules and regulations across Districts, there will be a more even playing field from one competition to the next, and this consistency will bring stability to our game.

The Manual will be a 'living' document. It will see additions and changes as the seasons pass, when new policies and procedures are introduced or existing ones are amended.

I would like to take this opportunity to thank all that had a hand in the production of the NSWRL Junior Rugby League Policies & Procedures Manual, and I look forward to seeing its continued development.

Kind regards

Chris Books
Chairperson
NSW Junior League's Association

1.1 Alcohol and Sports Betting Branding

Alcohol and / or sports betting branding is not permitted to be displayed on any playing or training uniform for teams / players under the age of 18.

Alcohol branding is defined as direct product marketing (using specific names of products i.e. Victoria Bitter or Jim Beam).

If Clubs are unsure if a sponsor is appropriate, please contact your Junior League Administrator

1.2 Competitive / Non-Competitive Mini Football

The NSWRL in association with the NSW JLA has adopted a policy that sees all Junior League Football (Under 6s to Under 8s inclusive) played as non-competitive football.

While scores can be kept in matches, no results will be recorded and no ladders will be formulated.

All Gala Day activity is to be based on non-competitive participation.

In the Under 8 age group only, end of season Gala Day competitions, may include games played in a competitive environment for the purposes of score collection for grading of teams for the following season.

Leagues have the option to play either competitive or non-competitive Rugby League in the Under 9s age group.

1.3 District Constitutions

Districts should operate from an approved Constitution that was issued when the District was incorporated.

Districts may only alter their Constitution at an Annual General Meeting and in accordance with the rules of their Constitution.

Each District should lodge a copy of their Constitution with the NSWRL on behalf of the NSW JLA.

A copy of the Districts Constitution must be available at all District General Meetings.

Districts may attach a set of By Laws to their Constitution. Such By Laws may be altered, deleted or established at any District General Meeting.

Districts must observe and support the rules of their Constitution at all times.

Areas of concern should be addressed to the NSW JLA.

If a particular rule or policy cannot be found in the District Constitution, the NSWRL Policies & Procedures Manual should be consulted and adhered to.

Any club who wishes to **host** a Knockout Carnival / Gala Day / Tournament / Sevens or Nines competition needs to apply, in writing, to their Junior League Administrator and complete the appropriate Sanctioning Form.

They should indicate the ages that will participate in the Carnival, the dates and times and include any information which will be distributed to promote the Carnival as well as any law variation from regular season matches that will be implemented.

The Junior League Administrator will then seek approval from their Board, the NSWRL and the NSW JLA.

A KNOCKOUT CARNIVAL CANNOT BE HELD WITHOUT THE APPROPRIATE SANCTION FROM THE PARTIES OUTLINED ABOVE.

1.7 Player Portability

Right across NSW, the following Senior Competitions are now available to provide club's players with portability and a designated pathway right throughout a season:

- » District clubs participating in NRL and the Jersey Flegg Cup
- » Clubs participating in the NSWRL open age competitions (Intrust Super Premiership NSW, Ron Massey Cup and Sydney Shield)
- » Country Rugby League Groups and Divisions
- » NSWRL District Junior Leagues

Generic Rules

- » Approval must be obtained from a player's registered / contracted club to endorse movement
- » The Intrust Super Premiership NSW and Jersey Flegg Cup have 'equal status'
- » Players moving up and down through portability must abide by the NSWRL's Portability and Permit rules and failure to adhere to the rules will leave both the club and the player open to action from the Board of the NSWRL
- » Player portability will continue beyond 30 June each year for players moving between higher and lower competitions
- » Players utilising portability to a CRL club will abide by the CRL General Competition and Rules for semi-finals, finals, grand finals and play offs unless amended. NSWRL competition final qualification rules will apply to all NSWRL Competitions
- » Insurance to be paid by the players Senior Club (NRL / NSWRL)

Specific Examples of Portability

Intrust Super Premiership NSW

All clubs participating in the Intrust Super Premiership NSW that are not aligned to an NRL club directly or through the approved feeder arrangement will be given District club status whilst participating in the Intrust Super Premiership NSW Competition.

The unrestricted movement of players to and from the NRL Competition.

Movement of players to and from Jersey Flegg Cup for players under twenty (20) years of age as at 1st January in the year of registered contract.

For the movement of players to and from Intrust Super Premiership NSW, Ron Massey Cup, Sydney Shield and Country Rugby League Group Competitions, a NRL top 25 contracted players for salary cap purposes at the commencement of a season can only come down as far as Intrust Super Premiership NSW and Jersey Flegg Cup in that season.

Portability destination will be determined by NRL club in consultation with NSWRL and / or CRL, prior to the player's participation in a competition.

A player can be afforded portability between original nominated teams during any one season which have been approved by the Board of the NSWRL.

Special circumstances may apply if a player is required to be placed in local District competitions for a specific reason. Such application must be made to the NSWRL General Manager Football.

Jersey Flegg Cup

Feeder arrangements allowed between Intrust Super Premiership NSW and NRL cubs.

Portability allowed to Ron Massey Cup and Sydney Shield but restricted by PPIS.

Determination of portability pathway by NRL club in consultation with Intrust Super Premiership NSW, Ron Massey Cup, Sydney Shield, CRL and Junior League.

Player can only be afforded portability between original determined teams in any one season.

Ron Massey Cup

The Ron Massey Cup is quite unique in the fact that not only is it governed by a points system and salary cap, it is played across boundaries of Country Rugby League and NSWRL's metropolitan areas and stands alone from the NSWRL District competitions. Ron Massey Cup players can move freely to and from the Jersey Flegg Cup, Intrust Super Premiership NSW competitions, District Junior Leagues and CRL competitions to his pre-determined nominated club.

Sydney Shield

Sydney Shield is a Level 4 NSWRL competition and is administered by the NSWRL. Players may move freely to and from the Jersey Flegg Cup, Intrust Super Premiership NSW, Ron Massey Cup, District Junior Leagues and CRL competition provided that they fit into the Sydney Shield Points System and Salary Cap.

This competition invites teams from within the Sydney and Country areas to participate in a competition above the District club / Junior League club. It is also governed by a points system and salary cap.

District Clubs

Player portability back and forth to NSWRL District clubs, their Junior Leagues and CRL must be acknowledged by all Leagues affiliated with District clubs and the Country Rugby League.

The Senior District club must endorse their affiliates as being representative of their District via the participant club (i.e. Penrith and Windsor, Parramatta and Wentworthville).

The District club must endorse the competitions as a development pathway within their boundaries.

The Generic Rules of portability as detailed above must apply.

The adoption of these Portability Rules by the NSWRL Board has provided the opportunity for all players to have an unrestricted Rugby League pathway right across all areas of the State

1.8 Playing with More Than One Club

Once a player is registered with and plays a competition match (or portion of a match) with a club he is unable to play with another club in the same season unless:

The players' team withdraws from the competition:

- » Clubs shall advise in writing the reason for withdrawing
- » They should include a list of the players that are registered with the withdrawing team
- » A list of players that intend to transfer to other clubs should be attached. It should be signed by each player and endorsed by the club Secretary.

A Club has an overabundance of players and is prepared to release those not required (i.e. representative players returning – an influx of new players – return of previously registered players):

- » Clubs shall submit a list of registered players
- » A list of players that intend to transfer should be attached. It should be signed by each player and endorsed by the club Secretary.
- » Under this clause, players are not able to make application to transfer on their own behalf
- » The District Board agrees with such transfers or there are other special reasons
- » No transfers can take place after the 30th June.

A player has extenuating circumstances such as:

- » Change of address

Fines will apply if any club promises or encourages a transfer without referring the matter to the Junior League Administrator.

A player cannot play in a NSW JLA Competition and a higher graded NSWRL Competition (i.e. S G Ball, Harold Matthews, Ron Massey Cup, Sydney Shield and / or Intrust Super Premiership NSW) and the Junior League on the same weekend. This applies to the 17 players named in the squad. Penalties will apply.

For example, any participant that takes the field in an SG Ball, Harold Matthews, Ron Massey Cup, Sydney Shield or Intrust Super Premiership NSW match cannot play in a NSW JLA (Junior League) competition on the same weekend.

1.9 Playing in More Than Once District

Player are not able to play with more than one District Junior League Club on any one weekend.

i.e. A player registered to a team in South Sydney DJRL may not play for a team in Canterbury DJRL on the same weekend.

In unique circumstances approval, may be granted upon application to the NSWRL Community Football Unit for an applicable permit to play in two different Districts on different weekends.

Any decision made by the NSWRL Community Football Unit will be final.

Regardless of such permit, players are only eligible to play in one District on any one weekend.

Prior to a permit being granted, a player applying for a permit to play in more than one District must nominate a 'Home club'. This player will only be eligible to play finals with the team that they nominated as their 'Home club'.

1.10 Protests and Appeals

PROTESTS

Provided all rules and regulations have been observed and followed, a club may lodge a protest against a breach of the Junior League rules in relation to the outcome of a match. This complaint may be heard by an appropriate Junior League Sub-Committee or by the Junior League Administrator.

All protests should be in writing and addressed to the Junior League Administrator and be lodged or delivered to the Junior League by 5.00pm on the Tuesday following the match. The Protest Fee is \$500.00 and should be attached to the completed letter of Protest when it is lodged with the Junior League. The fee can be paid in cheque or cash and is only refundable if the appeal is upheld.

If a club decides to protest while a match is in progress (or immediately before or after), a brief account of the protest should be written on the back of the sign on sheet with the name of the club, official and position.

It is still necessary for the club Secretary to forward a letter of protest to the Junior League Administrator by 5.00pm on the Tuesday following the match.

If the required follow up protest letter from the club Secretary is not received by the Junior League by 5.00pm on the Tuesday following the match, no further action will be taken by the Junior League Administrator. The protest letter may be faxed or emailed to the Junior League however the club submitting the protest should ensure that it has been received.

Upon receipt of the protest, the Junior League Administrator will advise brief details of the protest / complaint to the club complained against and arrange for the matter to be investigated and adjudicated upon. Non-receipt of that notice will not be a defence at any subsequent hearing.

Should a club or an Official lodge a frivolous or groundless complaint or fail to proceed with a complaint in such a way it is considered an inconvenience or an embarrassment, disciplinary action against the club or official lodging the protest may follow.

The Junior League Administrator is empowered to adjudicate on any protest, complaint or issue felt is appropriate.

Protests at Semi-Finals, Finals etc.

- » Should a protest occur during or immediately after a play-off, semi-final, final or grand final, every effort will be made to resolve the issue at the venue as soon as possible.
- » Should a protest be unable to be resolved at the venue, all protests will be heard if possible on the day of the match, at a time and venue to be advised by the Junior League Administrator. Any protest shall be immediately referred to the Junior League Administrator who will arrange an urgent hearing.
- » For a protest to be accepted from clubs involved in the final series matches it must be lodged in writing at the official table no later than fifteen (15) minutes after the completion of the game. The Junior League Administrator may institute action in regards to a breach of the Junior League Rules at any time.

The Junior League Administrator is authorised to investigate all protests, complaints and other concerns and make adjudication. This may be done by involving a match review committee should that be required.

APPEALS

For Appeals against Code of Conduct Review Panel and Judiciary findings, please see Sections 6 and 7 of this Manual.

Any player, official, person, group, team or club has a right of appeal against any adjudication or decision made by a Junior League Sub-Committee, Executive, Junior League Administrator or the Board of Management of the Junior League. All appeal applications must be completed by the appellant, or, in the case of a minor, by a parent or guardian.

Clubs, Coaches and other officials cannot appeal or pay the prescribed appeal fee on behalf of members.

The District Appeals Committee will adjudicate upon all appeals. For an appeal to be accepted by the District Appeals Committee the following requirements must be observed:

- » The official NSW JLA Appeal Application Form should be used
- » The prescribed appeal fee should be attached to the completed Appeal Application Form
- » The Appeal should be lodged at the Junior League office within the limitation of time (see full definition below)
- » Fresh evidence must be available and fully set out in, or attached to, the Appeal Application Form
- » Proper appeal procedures should be followed

Copies of the NSW JLA Appeal Form can be obtained from District Junior Leagues. All sections of the form must be completed and if necessary, additional documentation can be attached.

The Appeal Fee is \$500.00 and should be attached to the completed NSW JLA Appeal Application Form when it is lodged with the Junior League. The fee can be paid in cheque or cash and is only refundable if the appeal is upheld.

Limitation of Time

Appeals (other than Judiciary and Code of Conduct) must be lodged by 5.00pm of the next business day immediately following the adjudication / result.

Should there be insufficient time to arrange an Appeal Hearing prior to the following weekend. Accordingly, any penalty (suspension, fine or other penalty) appealed against will stay in place and be binding until the Hearing takes place.

Fresh Evidence

Fresh evidence is evidence that could not have been reasonably known at the time of the earlier Hearing. Any evidence that could have been available at the earlier Hearing, if all diligent searches and inquiries had been made by the appellant prior to the conclusion of the initial Hearing, is not fresh evidence. Please note that under most circumstances a video or additional witnesses is not fresh evidence.

An Appeal will not proceed unless there is fresh evidence.

Lodging an Appeal without fresh evidence will place the Appeal Fee at risk of being forfeited.

Responsibilities of the Junior League Administrator / Junior League Secretary

Prior to sending the Appeal Application Form and associated documents to the Appeals Committee the Junior League Administrator should check the documents to ensure that they are in order and attach a report advising the following:

- » An assessment of the appeal procedures
- » An assessment of the fresh evidence

After the Appeal Application Form and associated documentation are submitted to the Appeals Committee, the appellant should be advised of whatever decision and supporting comments are made by the Appeals Committee in regards to whether or not the appeal is to proceed.

Responsibilities of the Appeals Committee

Upon receipt and perusal of the Appeal Application Form and associated documentation, the Appeals Committee should consider the report from the Junior League Administrator and review and evaluate any fresh evidence submitted.

The Appeals Committee should then make a decision on whether to allow the Appeal to proceed, or dismiss the Appeal.

The Junior League Administrator should be advised of the decision reached, reasons for the decisions reached, and, if the Appeal is to proceed, nominate a Date of Hearing.

The Appeal Hearing

The first task of the Appeals Committee is to invite the appellant to present the fresh evidence. Other evidence from any previous hearing or other information that is not part of the fresh evidence will not be admissible. The Junior League representative will then be invited to address the Committee on the fresh evidence.

The Appeals Committee may at any time dismiss the Appeal without taking any further evidence if it is considered that the fresh evidence is insufficient or lacking substance.

If the Appeals Committee has accepted the fresh evidence and allowed the Appeal to continue, the appellant may only introduce new evidence directly related to the fresh evidence in the Appeal Submission.

Witnesses will not be expected to attend unless their attendance has been requested and their evidence is directly related to the fresh evidence that has been submitted.

It should be noted that it is the responsibility of the person lodging an appeal to know the powers of the Appeals Committee and all conditions and aspects of the appeal procedure and be aware that the Appeal may not be accepted if proper procedures are not followed.

If the evidence given by a witness at a lower level Hearing (Judiciary and Code of Conduct) is not challenged in the Appeal Submission, such evidence will be held to be reliable and true and will be unable to be challenged during the hearing of the Appeal unless the Chairperson directs otherwise. The person or club who is lodging the Appeal must advise full details of which parts of the evidence are being challenged.

It is the responsibility of the appellant to gather evidence and arrange for witnesses, other than Junior League Officials (i.e. Judiciary, Code of Conduct, Qualifications, Reps etc) to attend appeals and give evidence in support of the Appeal Submission.

The Appeals Committee may consider, and if necessary take into account, all available evidence.

Powers of the Appeals Committee

The Appeals Committee may dismiss an appeal without going into full evidence, on the grounds that there is insufficient fresh evidence.

If the Appeals Committee judges the Appeal to be groundless, frivolous or considers the proper appeal procedures were not followed, the appeal fee can be confiscated.

Appeals against severity of sentence are not permissible.

Pending the result of appeals, all decisions appealed against will be operative.

The Appeals Committee may decrease, increase or otherwise alter any previous penalty imposed.

The decision of the Appeals Committee is final and binding and cannot be appealed against.

No new registrations will be accepted after 30 June, with the exception of players participating in non-competitive Rugby League matches

- » League Gala Days and the like

Should a person banned from attending Junior League matches be found in breach of these conditions, the hosting club has the responsibility to request the match be suspended until such time as the offending person leaves the venue. The club is to report the matter to the relevant Junior League Manager and / or the NSWRL. The relevant Tribunal will issue a Code of Conduct Breach Notice. Following any hearing, the League reserves the right to suspend or deregister any siblings or relatives of the offender as it sees fit.

Responsibilities of Clubs

Under Junior League Rules, all clubs must have the name and previous club of every player who plays in the trials.

SECTION 02

ADMINISTRATION – JUNIOR LEAGUE CLUB

2.1 Child Protection Policy (Working with Children Check)

1. Application

The NSWRL Child Protection Policy (Policy) applies to all participants (Members) registering to play, officiate, coach, administer or volunteer at NSWRL clubs, associations, districts and affiliates. All Members must comply with the Policy. Where reasonable, all parties connected to Rugby League in NSW and the ACT, including sponsors and spectators, must also comply with the Policy.

The Policy has been endorsed by the NSWRL and incorporates and supports the NRL Member Protection Policy (NRL Policy). Further, the NRL Policy, as incorporated into the NRL Code of Conduct, binds all Members. For removal of all doubt, parties bound by the NRL Policy, the NRL Code of Conduct, and connected to Rugby League in NSW and the ACT are also bound by this Policy.

This Policy commences on 01 April 2015 and will operate until replaced. The Policy will be fully implemented at all NSWRL clubs, associations, districts and affiliates by 31 March 2016.

2. Position Statement

The NSWRL is committed to:-

- » Ensure the safety, welfare and well-being of children participating in Rugby League and protect them from child abuse – whether actual or the threat thereof; and
- » Prevent people who pose a risk to the safety, welfare and well-being of children from being employed or engaged in child related work within the NSWRL and its clubs, associations, affiliates and districts.

Members and connected parties subject to this Policy must place the safety and welfare of children above all other considerations and must comply with Child Protection laws.

Child Protection laws in NSW and the ACT (and other States & Territories throughout Australia) criminalise child abuse. These laws also set out how cases of child abuse will be reported and investigated. Further, to assist in preventing such cases, several laws also establish regulation of and protocols to ‘check’ and monitor the status of those employed (paid or voluntarily) in ‘child related work’, including in sporting clubs.

The NSWRL requires that any child who is abused or anyone who reasonably suspects that a child has been or is being abused by someone within our sport, to report it immediately to the police or relevant government agency and the affiliated club.

All allegations of child abuse will be dealt with promptly, seriously, sensitively and confidentially. A person will not be victimised for reporting an allegation of child abuse and the privacy of all persons concerned will be respected.

If anyone bound by this policy reasonably suspects that a child is being abused, including by his or her parent/s, they are advised to contact the police, relevant government agency, affiliated club, district, or the NSWRL immediately. Any report made to the affiliated club, district, or the NSWRL will be immediately reported to the police or relevant government agency. The club, district and NSWRL will not attempt to investigate, settle, resolve, or intervene in any matter.

3. Statutory Guidelines: Working with children

From 31 March 2016, all Junior Rugby League clubs affiliated with the NSWRL must comply with the relevant legislation when employing workers (paid or voluntary) (“**Workers**”) if involved with a Junior Rugby league team, Junior Rugby League Club, Junior Rugby League Association or Junior Rugby League State Body. A link to the relevant legislation is noted below.

4. Taking Images of Children

A high level of care needs to be exercised by clubs, associations, districts, and affiliates when dealing with the issue of photographic images of children. Permission must be obtained from a child's parent/guardian before any image of the child can be taken. Further, the usage of the image must be fully disclosed to the parent/guardian prior to consent being given.

The privacy of each Member must be protected so as to avert the possibility of any photos of children in sporting magazines and sporting websites being misused and/or altered for inappropriate purposes, or for the identity of Members to be distinguishable. Children must not have their identities revealed unless permitted by the parent/guardian. Further, photographic equipment (including camera/smart phones) must not be used, and images must not be taken near or in the vicinity of change rooms, showers, and toilets.

Third party photographers must have their bona fides verified by the club, district, association, or affiliate, with appropriate consent forms completed. The NSWRL urges clubs, districts, associations and affiliates to be aware of obvious risks and to take steps, where possible, to minimise those risks.

5. Timing

A phasing-in period has been set out in the Regulations to operate from 1 April 2015 to 31 March 2016.

Please refer to the NRL Member Protection Policy Section 9.11 of this manual.

On-Field Actions Required by Players (in relation to a complaint)

1. Report the incident to the match Referee or Touch Judge straight away.
2. The Referee should ask the accusing player for an exact quote in the presence of the accusing player's team captain and at least one of the Touch Judges. The referee should also ask the accuser which opposition player is alleged to have made the comment. If he cannot point out this player, then the complaint cannot go ahead.
3. The Referee should then ask the accusing player **"do you want to go on with this?"**. If the accusing player responds **"yes"**, then **there is no return** – the matter cannot be "dropped".
4. The Referee will then call out the player accused of making the comment and his team's captain and repeat the allegation. Play will then resume.
5. The exact quote will then be included in the match official's Incident Report Form.
6. The player making the accusation will need to lodge a written complaint to the Secretary of his club which should be sent to the Administrator of that club's home district. This should be submitted by 5.00pm on the day following the incident.
7. The participant will have the option of having the matter:
 - I. Referred to the Conduct Review Panel
 - II. Referred to the Conciliation Process via the Human Rights Commission

2.4 Club Colours / Playing Uniforms

The Secretary of each Junior League club shall register their clubs colours with their Junior League Administrator and clubs should ensure that their players appear in the correct uniform at all matches. The Board shall have the power to refuse to register any uniform if it is not sufficiently distinctive. Upon registering the uniform, it shall become exclusive property of the Junior League club first registering it, and it may not be worn by any other club.

Clubs should ensure that players appear in proper uniforms in all competition matches and end of season matches which shall consist of jerseys in the clubs registered colours, socks, shorts, boots or shoes (which must not have spikes or studs which in the opinion of the referee could be considered dangerous). The regulation playing number must be attached to each jersey.

Infringements of this rule should be reported to the Junior League Administrator. Any club failing to ensure all of its members conform to these rules shall be fined a sum as decided by the Board.

Clubs are not permitted to use District club colours.

Clubs are unable to alter the colour, design or logo of the club uniforms, unless approval from the Junior League Administrator is obtained.

Teams or players displaying colours or designs that have not been approved by the Board or the Junior League Administrator may lose competition points or may be liable for other penalties as determined by the Board.

In the event of Jumpers clashing in colour, the designated "Away" team will be required to make alternative arrangements.

2.5 Club Constitution by Laws

Clubs must operate from a standard Junior League Constitution issued when the Junior League was incorporated.

Clubs may only alter their Constitution either at an Annual General Meeting or an Extraordinary Meeting and in accordance with the rules of the Constitution.

Each club shall forward a copy of its Constitution to their Junior League and advise when alterations are made from time to time.

A copy of the clubs Constitution must be available at all meetings of the club.

Clubs may attach a set of By-Laws to the Constitution. Such By-Laws may be altered, deleted or established at any General Committee Meeting of the club.

Clubs must observe and support the rules of the Constitution at all times.

Areas of concern should be advised to the Junior League Administrator.

If a particular rule or policy cannot be found in the club Constitution, the Junior League Constitution should be consulted and adhered to.

All Junior Rugby League clubs must be Incorporated

2.6 Defaulters

A club may refuse a transfer or clearance if a player is financially encumbered to that club or has not returned property owned by the club.

Once a club lists a player as a defaulter, that player cannot be registered with ANY club.

Once a club plays a player who has been listed as a defaulter by that club, the default will no longer be recognised.

A default can only be lifted against a player by notification in writing to the Junior League.

Clubs or players who feel they have been disadvantaged may make representations to the Junior League Administrator on any aspect of this rule.

The Junior League will call for a list of defaulters each year. clubs must submit any details of players in default by October 31 of each year.

If a player who has been listed as a defaulter makes an application for a transfer or clearance, the club Secretary should deny the clearance, listing the following details in the clearance request on LeagueNet:

- » Player listed as defaulter. Transfer (or clearance) not approved until player pays the amount of \$_____ to the club.

If a club approves a transfer or clearance online for a player that has been listed as a defaulter without adding the above statement against the players request, then the default against the player will no longer be recognised.

A player cannot be listed as a defaulter for the non-payment of registration and / or insurance fees

2.7 Hydration, Heat and Water Bottle Guidelines

Performance

- » Avoid heat stress and poor performance by adequate fluid replacement during Rugby League activities
- » Exercise in hot or humid weather will result in additional fluid loss and increase the risk of dehydration. Even small degrees of dehydration will cause a decrease in exercise performance.
- » Dehydration contributes to fatigue and may make the player susceptible to cramps, heat stress and heat stroke.
- » Children are at much greater risk of heat stroke.

Drink Up!

- » Drink plenty of fluids. Don't wait to feel thirsty; thirst is a poor indicator of fluid needs.
- » Flavored drinks such as sports drinks and low concentration cordial, as a result of their taste, may encourage fluid consumption more than plain water.
- » Cool drinks may be absorbed more rapidly than warmer fluids.

Drink Up Routine

- » Avoid starting activities dehydrated. Drink plenty of water for several hours prior. A well hydrated athlete should be able to pass a good volume of clear urine in the hour before participation.
- » Drink at least 500ml (2 – 3 glasses) ½ to 1 hour before exercise.
- » Drink at least 200 ml (1 glass) every 10 – 15 minutes during exercise.
- » During exercise take advantage of all breaks in play to take a drink.
- » After exercise drink liberally to ensure that you are fully re-hydrated.

Drink / Water Bottles

- » THE SHARING OF DRINK/WATER BOTTLES IS NOT ACCEPTABLE.
- » The most common way of infectious diseases spreading is by common use of drink/water containers or sharing anything hand to mouth. This applies especially in the training and playing arena.

How Much Fluid?

The athletes weighing themselves before and after exercise can assess fluid requirements.

- » Each kilogram of weight lost = 1 litre of fluid deficit.
- » Aim to keep these fluid losses to a minimum by drinking before, regularly during and then after exercise.
- » Sweating and fluid losses continue after exercise. Aim to replace at least 1.5 times the amount of fluid deficit, measured at the end of exercise.

Other Ways to Beat the Heat

- » Wear light clothing – light in color, light in weight.
- » Wear a 30+ sunscreen to prevent skin damage and skin cancer.
- » Where appropriate for the activities involved, wear a hat and sunglasses to protect the eyes.

Symptoms of Heat Injury or Heat Stroke

Be aware of and react quickly to the following symptoms of heat injury:

- » Fatigue
- » Nausea
- » Headache
- » Confusion
- » Light headedness

Emergency Treatment Plan

- » Lie the victim down
- » Loosen and remove excessive clothing – cool by fanning
- » Give cool water to drink if conscious
- » Apply wrapped ice packs to groins and armpits
- » SEEK MEDICAL ASSISTANCE

2.8 Insurance

Player Insurance

Player insurance payments and other compulsory insurance fees as deemed necessary by the NSW JLA Board must be paid at the prescribed rates and times.

No player or official, may play or be involved in the Junior League competitions or official activities if not covered by the prescribed insurance or other protective insurance as determined by the NSW JLA Board.

Insurance for all player registrations must be paid at the time of registration.

Clubs may be fined or face other disciplinary action for late payment or for ignoring request(s) for payment.

Indemnity Insurance

For insurance purposes, the maximum age for participation as an official is eighty-five (85) years.

2.9 Maximum Age to Play Rugby League

The maximum age to play Junior League football is sixty-five (65) years.

2.10 Medical Exemptions

There are many different factors to take into consideration when determining suitability of a participant to play in any contact sport.

Should a club hold a concern about the suitability of a participant, the club should ensure the procurement of a Medical Certificate of Fitness for participation in Rugby League.

In cases where clubs would like to make an application to play a registered player in an age group lower than he naturally qualifies for, a Medical Certificate outlining the specific condition should be forwarded to the NSWRL and they will have the application assessed by the NSWRL Chief Medical Officer.

The determination of the NSWRL CMO will be final.

2.11 Minimum Age to Play Mini Footy

Players must have turned the age of four (4) years of age before being allowed to register to play, or to take part in any training, trial or sanctioned match.

2.12 Minimum Age to Play Senior International Football (Open Age)

Players must have turned the age of seventeen (17) years of age before being allowed to play Senior International Open Age Rugby League (i.e. A Grade and other open age competitions).

2.13 Payment of Players

The NSW JLA does not support the payment of players in any of its competitions.

This includes gifts or inducements such as bikes, video games etc.

2.14 Playing a Player Above Their Natural Age Group (Playing Up)

A player is naturally eligible to play in the competition which is named Under, and then the age that the player is turning in the calendar year that the competition is being run.

i.e. A child born in the year 2000 can play Under 15s in 2015, as they will turn 15 in that calendar year. A child born in 2005 can play Under 10s in 2015 as they will turn 10 in that calendar year.

- A) A player **shall be allowed** to play in an age grade competition that is one year above the competition that he or she is naturally eligible to play in (player born in 2005 and registered in 2015 **CAN PLAY** in Under 10s and Under 11s).

All players who are playing up an age group must have a completed and authorised **PLAYING IN A HIGHER AGE GROUP CONSENT FORM** before taking the field.

NOTE: if there is no competition in the player's natural age group, then the player can be eligible to play in an age group one year above, without requiring a completed **PLAYING IN A HIGHER AGE GROUP CONSENT FORM** before taking the field.

- B) A player **shall not be allowed** to play in an age grade competition two years or more above the competition that he or she is naturally eligible to play.

For example, a player who is turning 14 during any calendar year is eligible to play in any Under 14 or Under 15 competition, but not an Under 16 competition.

In exceptional circumstances, a club can apply to the NSWRL to have a player permitted to play two years above the age group that he or she is naturally eligible to play in under the following conditions:

- » The application must be made in writing to the District Junior League Board
- » The application must be signed by a Senior Club Coach (SCC) at a minimum
- » The application must be accompanied by written permission from the player's parents / guardians / carers
- » Once approved by the District Junior League Board the application should be forwarded to the NSWRL for final approval.

The decision of the NSWRL will be final and no appeal available to any decision made.

2.15 Playing a Player Below Their Natural Age Group (Playing Down)

A player shall not participate in an age group lower than their natural age (i.e. a player turning 8 years old this calendar year cannot play in the Under 7s).

The policy applies to all Junior, school age grade, competitions, matches (up to and including U16s) played in New South Wales.

This policy aims to protect the safety and welfare of age grade Rugby League players by trying to ensure that participants with broadly compatible physical development and skill levels play with and against each other.

In exceptional circumstances, which may include circumstances of physical or intellectual disability, a player may apply to the NSWRL Community Football Manager for a Medical Exemption to participate in an age competition that is below the players own age.

- » U16 & U97kg (players 55kg or under may play U15)

Note: A player may not be forced to play more than one year above their 'natural' age due to these weight restrictions

2.17 Player Identification / Sign On Sheets

Player Identification Cards / eCards / Sheets are to be produced prior to sign on and should remain at the officials / scoring table for the duration of the game. Any anomalies noticed with player identification should be noted on the sign on sheet and a follow up report should be submitted to the Junior League Administrator.

If a player goes onto the field and plays without the player's identification being available at the officials / scoring table, the players team may forfeit any competition points gained as a result of that particular match. The player and the club could face disciplinary action unless the District Junior League Administrator and/or district match committee decides otherwise.

A team manager is entitled to check players' cards from both teams prior to and during a game. The inspection process should be discreet and courteous. Opposing players and officials should not be cross-examined or put under duress. If player's cards are to be compared with players, this should be done by way of a visual inspection when the opposing team is signing on. Any apprehension, concern or suspected rule breach should be written on the back of the sign on sheet and a junior league incident report submitted to the Junior League Administrator prior to 5:00pm on the Tuesday following the match.

Lost or Misplaced Player's Identification Cards / eCards / Sheets

Team managers should check weekly to ensure all players and team officials identification is available for games. If an individual player's ID card is not at the official table that player should not take the field and if he does the team will be in breach of this rule.

In the event of team officials becoming aware before the weekend that the entire team's player identification cards / eCards / sheets have been lost or misplaced, they should advise the Junior League Administrator in sufficient time so duplicate cards or other authorisation can be arranged before the game.

In the event of team officials becoming aware on gameday that player identification cards / eCards / sheets have been lost or misplaced, they should advise the opposing team manager prior to the game. The game should be played first and any protest or complaint regarding the unavailability of the player's ID cards attended to afterwards.

If there were extenuating reasons for the unavailability of the cards and all players involved in the game were registered in accordance with the rules, there is provision for the result of the game to be recognised.

If the unavailability of the cards was the result of carelessness or lack of proper security, there is provision for the game to be awarded to the opposing team.

2.18 Play / Train Policy

The purpose of this Policy is to ensure the integrity of District Junior Rugby League Competitions by recognising and maintaining District Boundaries. It protects District Associations from Junior Rugby League Clubs that may wish to change from one District Junior Rugby League competition to another at any point in time.

Junior Rugby League clubs are compelled to participate in matches (play), and train for matches in the District in which the club is located and affiliated to.

A Junior Rugby League club cannot be domiciled within the Boundaries of one District, and choose to compete in a competition conducted by another District without the express sanction of the Boards of:

- » The District League they wish to leave
- » The District League they wish to go to
- » The NSW Junior League Association
- » The NSWRL

A Junior Rugby League club cannot choose to train at a venue that is located outside of the Boundaries of the District to which they are affiliated to without the express sanction of the Boards of:

- » The District League they are affiliated to
- » The District League they wish to train in
- » The NSW Junior League Association
- » The NSWRL

Should any of the Boards listed above refuse sanction to any club request to play or train outside of their boundaries, the application will be denied.

POLICY EXAMPLE (Play) – The Dundas Shamrocks JRLFC is domiciled within the Boundaries of the Balmain District Junior Rugby League. The club hosts matches and trains at a venue within the Balmain District JRL. The Dundas club is not permitted to leave the Balmain District JRL competition, and play in the Parramatta District JRL without the sanction of the Balmain District JRL, the Parramatta District JRL, the NSW JLA and the NSWRL.

POLICY EXAMPLE (Train) – Blacktown Workers JRLFC is domiciled in, and affiliated to the Penrith District JRL. If a new training venue has opened at Lalor Park, which is within the Boundaries of the Parramatta JRL, then the Blacktown Workers JRLFC is not permitted to train at the Lalor Park facility without the sanction of the Penrith District JRL, the Parramatta District JRL, the NSW JLA and the NSWRL.

Where Districts come together and offer “Combined District Competitions”, Junior Rugby League clubs will still maintain the identity of the District to which they are affiliated to; that being, the District that they are domiciled in.

2.20 Player Transfer Policy – Junior League Football

PURPOSE

To ensure the continued success and sustainability of the Game played under its auspices at the Junior League Football level, the NSWRL (JLA) and its constituent members and affiliates wish to ensure that teams fielded by Clubs in Junior League Football are as strong, well matched and viable as possible. For the purpose of achieving these objectives, the NSWRL JLA has adopted this Policy to regulate the system of Players, eligible to play Junior League Football, moving between Clubs within Junior League Football.

The intention of the NSWRL JLA in adopting this Policy is to:

1. Maintain a level of stability in the membership of Clubs and teams.
2. Prevent Clubs from obtaining an unfair proportion of the best and most talented Players.
3. Provide Clubs with incentives to develop Players, their teams and the Game.

This Policy governs Transfers separately to the provisions of the National Registration Policy and the National Clearances Policy. Where any inconsistency exists between either the National Registration Policy or the National Clearances Policy on the first part, and this Policy on the second part, the latter shall prevail, and the former shall to the extent of the inconsistency not apply.

Where a Transfer is set to be allowed outside of the guidelines set out below and the team which the player is going to will be participating in an Inter-District or Conference Competition, the Transfer should be referred on to the relevant NSWRL Club and Competition Coordinator for consultation with relevant stakeholders BEFORE approval.

For the purposes of this policy, players will be considered to be transferring into another team within their 'natural' age group. Any subsequent application to 'play up' in an alternate age group will be considered in line with this policy.

This Policy does not apply to, or regulate the movement of:

1. Players transferring into a team participating in a competition aged U19 or above;
2. Players in relation to Junior League Football where that Player has not previously Registered to play Junior League Football for a Club in Competitions at any time;

Penalties for games abandoned due to foul play will be at the discretion of the relevant judicial/Code of Conduct Review Processes the NSWRL would urge that in the majority of cases the games are not replayed and teams are liable for loss of competition points (pending outcomes of the relevant judicial/Code of Conduct review processes)

3.2 Byes

A BYE shall count as a win, not as a match played. Teams will receive appropriate points for a win as per the competition rules.

For the purpose of a player serving a suspension, a BYE will count as a match played if the BYE was introduced after the commencement of the competition or after the player was suspended.

Byes in washouts will not be counted as a win and no points will be allocated.

Junior Leagues may apply to the NSW JLA to alter the points set out above.

3.7 Suspended Player Guidelines

Suspensions imposed by NSW JLA Affiliated Judiciaries and / or Code of Conduct Review Panels apply across all Rugby League activity. When a suspension is imposed by a NSW JLA Affiliated Judiciary and / or Code of Conduct Panel, players are unable to participate in **any organised Rugby League Competition or activity (at determination of the NSWRL)** until the suspension has been served (includes School Football, Gala Days, Development Squads etc.).

Suspensions will be enforced across all Junior Leagues.

NSWRL recognises that, in some instances, suspensions may be required to be served in different NSWRL competitions, and that the date on which a suspension is handed down may cause the suspension to carry over from one calendar year to the next. That being the case there is a need to allow suspensions to be served across certain competitions, while maintaining the intent of the original penalty.

When a player has a suspension that is unable to be served in the same calendar year in the competition from which the player was suspended, suspensions will be able to be served across the following NSWRL related competitions:

- » Junior League Competitions
- » NSWRL Conference Competitions
- » Junior Representative Competitions (Harold Matthews, Tarsha Gale and SG Ball)
- » Sydney Shield
- » Ron Massey Cup.
- » Harvey Norman Women's Premiership
- » Intrust Super Premiership

In order for a suspension to be deemed to have been served the player must:

- » Be a registered player in the related competition
- » Sit out the correct number of matches as deemed by the Judiciary of the original competition
- » After waiting the required number of matches as defined above, the player must then take to the field in the related competition in order for the suspension to be deemed served
- » The player must provide a statement to the Junior League in which the original competition was played showing proof that the suspension has been served in the related competition.

EXAMPLE OF IMPLEMENTATION OF SUSPENDED PLAYER POLICY

If a player is suspended for three matches for an incident in the Grand Final of a 2015 District Junior Rugby League Competition (Original Competition) but is selected to play in a Junior Representative team, to be able to play in the Junior Representative Competition (Related Competition) he / she must do the following:

- » Ensure the player is registered with a Junior Representative team for season 2016
- » Is ineligible to play Round 1, Round 2 and Round 3
- » Subsequently take to the field in Round 4 or later Rounds of the 2016 Junior Representative Competition (Related Competition)

- » The player will then be eligible to play in the next scheduled Round of the 2016 District Junior Rugby League competition (Original Competition) as the player's suspension is now deemed served.
- » If a player does not participate in the 2016 Junior Representative Competition after the period of suspension has expired, the suspension will not be deemed served and the player will still be required to serve the period of suspension in the competition in which he next registers.

While suspended, a player:

- » Cannot be inside the spectator fence or rope (the playing area) at any Junior League ground at any time while Junior League games are taking place
- » Is NOT permitted to act in any official club capacity
- » IS NOT able to act as a Sports Trainer, Leaguesafe Trainer or a runner for any team
- » IS NOT able to act as a coach unless express permission is granted by the relevant tribunal chair
- » IS able to participate in training activities.

WHAT CONSTITUTES A MATCH SERVED IN SUSPENSION

» Regular Competition Match	YES
» Forfeit (Received)	YES
» End of Season Play Off Match	YES
» Final Series Match	YES
» Bye (see section 3.2)	NO
» Trial (official or unofficial)	NO
» Washout	NO
» Forfeit (Given)	NO

Please note: the onus is on the player and / or the player's parent / guardian and club to ensure that the suspension is served in full before the player returns to the game.

TRANSFERS / CLEARANCES OF SUSPENDED PLAYERS

Players who have current suspensions to be served may be cleared to another Junior League. The suspended player must not participate in any competition until the player's full suspension is served as per these rules.

NSWRL reserves the right to determine when a suspension is deemed to be served in situations that may not be covered by these rules.

TRIALLING WHILE UNDER SUSPENSION

Players will be eligible to participate in representative trial matches while suspended if the penalty points allocated to their suspension is under 201 points with the suspension to be served at the commencement of the first competition match of which the player registers in.

3.8 Finals Eligibility

Due to the make-up of different competitions throughout the NSWRL, Junior Leagues and NSWRL Conference Competitions are encouraged to develop their own By-Laws to define rules for qualification of players for finals series.

What Constitutes a Game for Qualification Purposes

The following will be counted as a game towards a player's qualification for semi-finals:

- » A game in which a player has signed on and participated in
- » When receiving a forfeit, a player can claim a game played by completing a team sign on sheet and submitting it to the Junior League Administrator or NSWRL representative See competition rules and bylaws for further information.

The following WILL NOT be counted as a game towards a player's qualification for semi-finals:

- » A washout does not count as a game played
- » A team giving a forfeit cannot claim a game played
- » A Bye does not count as a game played in a case of a player not being able to play the number of matches as required in their competition due to an injury sustained during the season, upon investigation of medical evidence by the Junior League Administrator and / or NSWRL representative, such player may be permitted to take part in a play-off, semi-final, final or grand final. See competition rules and by-laws for more information

Please note the following:

- » A doctor's certificate must be available covering the time the player was unable to play
- » The certificate must be submitted to the relevant competition coordinator or Junior League Administrators as per the rules of the competition.
- » Team Managers/clubs are expected to make themselves aware of player availability well prior to the semi-finals and take the necessary action to ensure all players are qualified.
- » Playing an unregistered or unqualified player will result in the match being deemed a forfeit and a possible fine (see competition rules and bylaws for more information).
- » Any player who participates (all 17 signed on players) in a higher grade, i.e. Jersey Flegg Cup, Intrust Super Premiership, Ron Massey Cup, Sydney Shield, Jersey Flegg and Harvey Norman Women's Premiership shall NOT be permitted to return to play and Junior League competitions on that same weekend (this included regular competition matches)

The onus is on clubs to prove eligibility of games played if required by their Junior League.

3.9 Forfeits

Any team/club that has forfeited twice in succession or three times in total may face elimination from the respective competition unless otherwise stipulated in the competition rules and by-laws.

When a team/club forfeits to another, that match shall count as a match played and be declared in favour of the club forfeited to.

When a team/club is aware it is going to forfeit the following people should be advised immediately:

- » The Junior League Administrator along with the relevant NSWRL representative in Conference Competitions
- » The opposing club Secretary
- » The Secretary of the Referee's Association

The competition rules and by-laws will determine the for and against points allocated, if any, when there is a forfeit.

Any team forfeiting a playoff, a semi-final or a finals match shall be deemed to have withdrawn from the competition and be removed from the Final's series completely. The next best placed team in the competition will be offered that position if necessary.

If a team forfeits a Grand Final, all the registered players and officials in that team will have an immediate 12 month calendar suspension imposed unless there are proven exceptional circumstances.

Notification of Forfeits must be made in line with time limits of which are stipulated in the relevant competition rules and by-laws. Please note additional forfeit ramifications may be applied in line with the relevant competition rules and by-laws.

3.10 Grading's, Divisions and Re-Grading's

- » The competition rules and by-laws will determine late nomination of teams and may make adjustment to those already nominated if required.
- » Clubs may make representations to the Junior League Administrator in regards to any nomination or grading matter.
- » At the end of the season will advise clubs of the proposed grading's for the following season (if applicable).
- » At the time of the next seasons nomination of teams, clubs have the opportunity to advise any matter associated with grading of teams (i.e. loss of players, number of first year players) to meet club Development Strategies.
- » In line with the competition rules and by-laws teams will be regraded in the event that there are two teams from the same club in the same Division, those teams will be drawn to play each other in accordance with normal draw allocations.

SECTION 04

GAMEDAY POLICIES

4.1 Alcohol Sales and Supply

It is preferred that clubs do not sell alcohol at their playing fields when Junior League games are in progress.

The right of clubs who, because of a Liquor License, are able to lawfully sell or supply alcohol at their playing fields to other club venues is acknowledged.

The sale and supply of alcohol at Junior League grounds when games involving Under 6 to Under 18 age groups is not allowed under any circumstances and any club found to breach this policy may face strong disciplinary action.

The sale and supply of alcohol at Junior League grounds when games involving the Under 19 or Open Men's age groups (i.e. A Grade) is not allowed prior to 12.00 noon on the day of the match. Any club found to breach this policy may face strong disciplinary action.

Should any incident occur at a Junior League ground where alcohol is sold or supplied, and it is established that the sale or supply of alcohol by the Junior League club is a contributing factor; the club concerned may face strong disciplinary action.

At Junior League grounds where alcohol is sold and / or supplied in accordance with a Liquor License, the associated club is responsible to ensure the proper supervision of the situation. They are also required to display any signage as required by their Licensing Agreement.

Clubs need to follow and adhere to the Responsible Service of Alcohol guidelines.

Clubs that sell alcohol are encouraged to participate in the Good Sports Program.

Reference Documents Appendix 9.12 – NRL Member Protection Policy

4.2 Ball Persons / Kicking Tee Runners

A maximum of two ball persons may be used by each club during matches.

Ball persons must place and leave the ball on the touchline at the point where the ball crossed the line and next to the Touch Judge. Ball persons **MUST NOT** under any circumstances, throw the ball into the field of play or to a player close to the touch line.

Ball persons who enter the field of play to deliver sand or kicking tees may only do so at a stoppage of play and must leave the field of play immediately.

The minimum age of a ball person shall be 10.

Kicking Tee runners are not permitted to take to the field when penalty goals are attempted, or retrieve the tee from kick-offs.

4.3 Blood Bin Procedure

The Referee may direct a player who is bleeding to leave the field for attention and if necessary change any part of his / her playing uniform.

When a player leaves the field for the Blood Bin, the letters BB should be endorsed in the replaced player's column on the sign on sheet.

In U6's to U13's football, if a player is replaced because of the Blood Bin rule, provided the player who replaced the affected player is in turn replaced by the Blood Bin player when he returns to the field, it will not count as a replacement.

All players, except Under 6, Under 7 and Under 8 are required to sign on prior to entering the field of play – this includes Blood Bin replacement players.

Only the Referee can determine whether a player should be put in the Blood Bin. If a player is taken off without the knowledge of the Referee it will be deemed as a normal replacement in U6's to U13's competitions. That player cannot go back on the field except for Senior football where there is **unlimited** interchange.

Any player returning to the field of play after being in the Blood Bin must exchange places with the player that replaced him. If a different player comes off, he shall be deemed to be a replacement.

Clubs are expected to provide proper receptacles for the collection of blood soiled bandages.

4.4 Change Room Policy

The NSWRL and all affiliated bodies have a duty of care to the participants within our game which will at times extend to issues around changing clothes within change rooms. Many children and young people are very self-conscious about their body. Many will choose to change at home prior to arriving at a game and so these issues may be minimised. Where change rooms are used by participating teams the following guidelines are to apply:

Photography / Video Devices

There is to be no use of video devices inside the change rooms. Use of mobile phones is to be limited to emergencies.

Exclusive Change Rooms

Where possible, each team should have exclusive use of their own change room. Where the facilities do not permit this then a schedule of times should be organised such that each team has a period of time allocated for them to have exclusive use of the change room.

Mixed Gender Teams or Events

Due to the participation rules of Rugby League, mixed gender teams are not present except in children 12 years of age and below, many of whom change prior to arrival at a game. However, in the event that these teams wish to change at a venue, in the example of non-contact forms of Rugby League or during events with multiple teams of both genders participating, it is important to consider the associated issues. In these circumstances, solutions may include:

- » Each gender using a different room or facility
- » Each gender having distinct allocated time slots
- » Encouraging all players to change clothes prior to arrival at the venue

Supervision

Supervision of players under the age of 18 within a combined space such as a Change Room should be provided by more than one adult.

It is appropriate that players be provided with appropriate time and space to dress themselves for the game with a degree of privacy. Should any of the coaching staff be of the opposite gender to the players, then they are not to enter the change room during this period. Supervision of the players during this time should take place by members of the club / coaching staff who are of the same gender as the players.

Should a team wish to remain in the change room or return to the change room in preparing for the game all coaching staff may enter the change room but there is to be a clearly defined time allocated for 'changing' when the players are aware that they should get dressed in preparation for the game.

Referee Change Rooms

Suitable change rooms are to be provided for the referees officiating at all games. Where referees of both genders are in attendance, they should be provided with the opportunity to access the change rooms at separate times.

Strapping / Injury Treatment

Strapping for injury prevention or the treatment of existing injuries can at times place a player in somewhat compromising positions. Where possible, a Sports Trainer / Medical Professional of the same gender as the

players should be made available. The treatment of any injury which may place the player in a compromising position should be done within the change rooms whenever it is safe to transport the player there. Additionally, any injury treatment that takes place within the change rooms should take place in an open space within the change room in the presence of another adult (in addition to the Sports Trainer / Medical Professional).

4.5 Coach / Sports Trainer at Each Game

No match will be permitted to start without, as a minimum, each team having the following available:

- » A current and appropriately accredited Coach for each team
- » A current accredited Level 1 Sports Trainer at the venue

Please note: a Coach cannot act in the role of both Sports Trainer and Coach during the same game, and vice versa, even if appropriately accredited. One individual is required for each role.

4.6 Compression Garments

Compression garments are defined as any technical garments worn under a players / match official on field uniform. These garments include upper body tops, shirts, tights and shorts.

In a match environment, compression garments may only be worn as follows:

- » Garments may not exceed past the knee, past the elbow or past the length of the playing socks
- » Compression garments **must** only be black or the skin tone colour.

In the event of a breach of this policy the following penalties will be enforced:

- » A player will be asked to remove the garment before entering the field of play
- » If he refuses to do this, he will be removed from the field and action taken against the club.

In a training environment, compression garments of any nature may be worn by players and branding is not restricted.

If for any reason (religious or medical) a player is required to wear full length compression (or other) garments, an application should be made to the Junior League Administrator who will refer the matter and application to the NSWRL for approval.

Written approval should be sought and kept readily available at each game to present to the referee.

4.7 Critical Incident Management

A crisis is defined as an out of the ordinary event, announcement, disclosure of set of circumstances which threatens the safety or wellbeing of employees and other stakeholders and / or the integrity, performance, reputation, and survival of the company and / or key partners.

It can also be described as, when an organisation, brand, company, institution or individual is subjected to the intense, critical and unwelcome spotlight of the media and public as a result of an incident, issue or circumstance that impacts and damages its reputation.

Examples at a Junior Rugby League club may include, but not be limited to:

- » Catastrophic incidents and / or injuries to players, officials, spectators, minors or fans
- » Illegal activity related to property or person
- » Illegal behaviour involving children under the age of 18
- » Behaviours that may bring the game into disrepute and are contrary to the NRL Code of Conduct.

The NSWRL has developed a Critical Incident Reporting Framework which is designed to aid clubs in the immediate management of Critical Incidents as they occur.

4.8 Drawn Matches During Finals Series

When the scores are equal after the completion of any play-off, semi-final, final or grand final the referee will call the two captains together and advise that the game will go into extra time of two 10 minute periods for international games, or two 5 minutes' periods for mod games. A coin toss will give one of the team captains the option of either kicking off in extra-time or receiving the ball from the kick-off. The game will recommence and continue until one of the teams scores:

- » In Mod League, a try or
- » In International Football, either a field goal, penalty goal or a try.

The referee will then immediately terminate the game with the team scoring first declared the winner.

If neither team has scored at the conclusion of the first period of extra-time, the teams will change ends and the game will recommence with a kick-off from half-way.

In Grand Finals, in the event that neither team has scored following two periods of 10 minutes in international games or two 5 minute periods in mini/mod games of extra time, the game will be declared a draw with both team's joint premiers.

In semi-finals and finals, in the event that neither team has scored following two periods of 10 minutes of extra-time in international games or two 5 minute periods of extra-time in mini/mod games, the team that scored the first try in the game will be declared the winner. If no tries were scored it will be the team that scored the first goal. If no goals were scored the game will be replayed mid-week.

4.9 Football Boots

All approved types of football boots and studs are permissible. However, referees or touch judges shall check all boots before each match. If deemed unsuitable by the referee or touch judge the boots or studs must be repaired to the satisfaction of the referee or touch judge, or they shall not be worn during the match.

Players up to and including Under 9's shall be allowed to wear rubber soled shoes or boots.

4.10 Ground and Match Preparation Requirements

The **HOME CLUB** is responsible to ensure the following matters are provided to the satisfaction of the Junior League Board:

- » Correct size and number of footballs
- » Ball boys (if required)
- » Corner posts and goal post pads – **agility poles cannot be used as corner posts**
- » Correct ground / field markings
- » Competition rules match day procedures manual
- » Time keepers (team managers) clock, siren or bell
- » Touch judges if not appointed. Must be over 14 years of age.
- » Match sign on sheets
- » Stretcher and first aid box
- » Receptacle for blood soiled dressings etc.
- » Clean dressing rooms and toilets
- » Canteen facilities for spectators
- » Easy access for ambulance and prompt medical contact
- » Keep unauthorised persons outside spectator fence
- » Only use approved Kicking Tee's
- » Field marker cones should be soft and collapsible

The **VISITING CLUB** is responsible to support and assist the home club in relation to the provision of the above (if possible) and the following:

- » Control of their own spectators, supporters and parents
- » Good behaviour of their players and team support staff
- » Provide a time keeper (team manager)
- » Assist home club to keep unauthorised persons outside spectator fence
- » Proper medical procedures for care of own players

4.11 Ground Managers

Be visible and alert and aware of activity inside the spectator fence or rope and do everything possible to ensure the wellbeing and safety of patrons. Have a good knowledge of the crowd and ground control rules and policy that applies and utilise the junior league incident reporting process that is in place.

Qualification, Policy and Administrative Requirements

Because of the complex nature of the ground manager's tasks and responsibilities and the threat of litigation and the possible exposure of the club to legal action should a serious incident occur, it is important the ground manager is well prepared and aware of the responsibilities that are involved.

The key tasks of a ground manager are:

- » Have a good knowledge of the club and junior league disciplinary procedures and rules that apply to both the home and visiting clubs.
- » Do everything possible to ensure the safety and wellbeing of patrons whilst they are at the venue.
- » Attend meetings and co-operate with the district junior league manager.
- » Observe and support district and club crowd and ground control requirements and report any exceptions.

Junior League semi-final series

The junior league will offer selected club ground managers an opportunity to be part of the junior league district crowd and ground control management operation during the end of season semi-finals, finals and grand finals.

Communication and Awareness

Because of the time involved, multiple grounds being used and the number of games that are played at some venues, ground managers are not expected to be able to witness every breach or exception that occurs but are encouraged to have a general overview of the majority of club activity on the clubs' home ground when matches are played and have effective reporting and communication processes in place to keep themselves informed of various developments.

Evaluate and Report Incidents

The ground manager will be expected to evaluate incidents that occur and report appropriate rule breaches and issues to the Junior League Administrator, without delay by way of fax, e-mail, telephone or personal visit to the junior league office.

Support from Junior League

The junior league will support, co-operate and assist all clubs and ground managers and do all reasonable things to protect the interests and wellbeing of everyone involved in managing and over viewing the junior league rules, codes of conduct and good behaviour rules.

Home Club Responsibility

The home club will be responsible for the control of spectators and supporters and should do everything possible to ensure there are no breaches or breakdown of the junior league and club codes of conduct and good behaviour rules.

Match Day Requirements

Utilise junior league incident report form – a club ground manager or other official shall utilise the junior league incident report form and report all available information, regarding serious breaches of the junior league rules, codes of conduct and good behaviour rules, prior to 10am on the Monday following the incident. See following examples:

- » The identity of any person who makes an unauthorised entry inside the spectator fence or onto the playing field, including players, coaches, trainers and managers.
- » All assault matters and the identity of those involved.
- » Abusive, insulting, threatening language or harassment of any referee, touch judge, official or other person.
- » Crowd disturbance, riots, brawls etc. and the cause.
- » Any person under influence of intoxicating liquor.
- » Other serious breaches of junior league rules.

The home club ground manager shall ensure written records of the names of authorised persons (except coaches, trainers, team managers and players) allowed inside the spectator fence are kept and present same upon request to the junior league when required.

Identification of Volunteers / Spectators

The ground manager or official performing that role is authorised to take the following action to ascertain the identity of any person who has committed a breach of the junior league rules.

- » Approach the coach, trainers and team manager of the team the offending person is supporting and request the offender's name.
- » If the coach, trainers or manager refuses, hinders or harasses efforts to obtain that information, they will be in breach Junior League rules.
- » The penalty may be loss of competition points for the team and/or other penalty.

Checking the Playing Surface / Facilities

Check playing field and surrounds to ensure all safety measures and requirements of the junior league and the home club have been observed and there are no major depressions, foreign or dangerous implements or articles protruding or evident.

Fields without permanent fencing are required to be “roped-off” to keep spectators a safe distance from the field of play. If is recommended any temporary fencing or “roped-off” area of a playing field should be constructed at a minimum three metres from the external perimeters of the field of play.

Breach of Junior League Rules

Any person (includes player, coach, trainer, manager) official, parent, spectator, supporter or other person shall be in breach of the junior league rules, codes of conduct and good behaviour rules, if they assault, threaten, harass, intimidate, abuse or otherwise cause serious inconvenience to another person at any junior league venue or playing field.

Report to Police

It is standing junior league policy to report all assaults and serious altercations to the police and to firmly support any action that is taken. There will be no hesitation to provide documentation and records to the authorities and do everything reasonable and possible to assist with the identification and prosecution of offenders. Any person who is seriously threatened or assaulted who doesn't report the matter to police will be in breach of Junior League Rules.

Serious Incident, Serious Injury or Death

Give immediate assistance to those injured or in distress. If waiting for an ambulance or other services, move them away from any danger or further harassment. Obtain urgent medical or other support by telephoning 000 for Ambulance, Police or Fire Brigade. Every club has trained medical trainers who can be utilised in an emergency.

Protect and secure the victim's property and possessions and provide a safe and secure environment if children are involved or with victim.

A copy of the guidelines (this document) is contained in the competition rules match day procedures manual on the official table. If in doubt, contact the Junior League Manager and ask for advice.

Make a note of circumstances of the incident. The time it happened, what happened, the cause if known and who was involved.

Identify any offenders and detain if possible. Whilst waiting for the Police, Ambulance or other services, identify any witnesses who were present and ask them to wait and assist with enquiries.

Co-operate and assist the emergency service teams when they arrive.

Contact the Junior League Administrator and advise details. If necessary, he will make immediate arrangements and take action to assist the Ground Manager.

Follow up by assisting the victim, or family or relatives: -

- » Advise them the matter will be followed up by the Junior League Manager
- » Give them the contact number of the Junior League Manager
- » Visit hospital or doctor's surgery with them
- » Telephone victim(s) later that night to see how they are
- » Find out what can be done to assist them

In very serious cases (serious injury or death) it might be necessary to arrange a counsellor (the Junior League Manager can assist with contact numbers) and get that person to conduct a counselling session as soon as possible with family members, team members, close friends and club members etc.

Follow up by submitting a written report to the Junior League Manager.

Please Note:

Irrespective of what happened and who is involved, the first and most important action is to go to the aid of injured and/or distressed persons. Keep a copy of these guidelines on hand at all times. Ensure your club secretary and ground manager are aware of the procedures that are outlined above.

If required, please refer to NSWRL Critical Incident Forms on pages 271 – 273.

4.12 Hearing Aids

Children, or anyone with hearing aids, are advised NOT to participate in body contact sports.

The risk of injury to the pinna, auditory canal and tympanic membrane is too great.

4.13 Head Injuries and Concussion Guidelines

For Trainers, first-aid providers, coaches and parents

These Guidelines are based on the Consensus Statement produced following the 4th International Conference on Concussion in Sport held in Zurich in November 2012.

The Guidelines should be followed at all times and any decision regarding return to play after concussive injuries should only be made by a doctor with experience in dealing with such injuries.

Summary

The most important element in the management of concussion MUST ALWAYS be the welfare of the player, in both the short and long term.

Concussion is a disturbance in brain function resulting from trauma that is transmitted to the brain either directly or indirectly. There are no structural changes and the changes that do occur are temporary and recover spontaneously.

Complications can occur if the player is allowed to continue playing before they have recovered from the concussion. Therefore, a player who is suspected of having a concussion must be taken out of the game or training session immediately. Such a player should not be returned to play in the same game.

The management of head injury may be difficult for non-medical personnel. It is often not clear whether you are dealing with concussion or there is a more severe structural head injury, especially in the early phases of the injury.

Therefore it is imperative that all players with concussion or suspected of having a concussion need URGENT medical assessment.

In the period following a concussion, a player should not be allowed to return to play or train until they have had a formal medical clearance.

Important points in the management of concussion include:

- » Suspecting the diagnosis in a player with symptoms such as confusion or headache after an apparent head injury (direct or indirect knock to the head).
- » Referral of the player for medical evaluation.
- » The player must have medical clearance before being allowed to return to a graded training program

Introduction

When considering the management of concussion, the welfare of the player, both in the short and long term, MUST always remain paramount.

- » Since 2001 there have been four international conferences addressing the key issues in the understanding and management of concussion. After each meeting a summary has been published to improve the safety and health of athletes who suffer concussive injuries during participation in sport". The most recent conference was held in Zurich in November 2012. The summary from the Zurich meeting provides guidelines for current best practice management of concussion.

The NRL has recently modified its guidelines for the management of concussion. These guidelines are based on the Zurich conference as well as research conducted on concussion in AFL and NRL over a number of years.

What is Concussion?

“Traumatic Brain Injury” (TBI) is the term used to describe injuries to the brain that are caused by trauma. The most severe injuries involve structural damage e.g. fractures of the skull, bleeding in or around the brain. These structural injuries require urgent medical attention.

Concussion falls into the milder spectrum of TBI and involves a disturbance of brain function with no structural damage or permanent injury to the brain.

Concussion is caused by trauma to the brain which can be either direct (head clash) or indirect (shoulder charge or tackle). When the force is transmitted to the brain it can “stun” the nerve tissue and affect the way the nerves work. This can result in a number of symptoms and signs depending on the area of brain which is affected.

Symptoms include headache, blurred vision, dizziness, nausea, poor balance, fatigue and feeling “not quite right”. A concussed player may also exhibit confusion, memory loss and reduced ability to think clearly and process information. Loss of consciousness is not common and occurs in 10-15% of cases of concussion in Rugby League. **It is important to understand that a player does not have to lose consciousness to have concussion.**

The essential injury in concussion is functional malfunction rather than structural damage. The changes that occur are temporary and recover spontaneously if managed correctly. The recovery period and process varies from person to person and injury to injury. Most cases of concussion in Rugby League recover within 7-14 days from the day of injury, although in a small number of cases the recovery time may be weeks to months.

How common is concussion in Rugby League?

Concussion is relatively common in Rugby League. In the past 4-5 years, the incidence in the NRL has been 5-7 concussions per team per season. The rate of concussion seems to be similar in all levels of competition.

What are the potential complications following concussion?

The complications which can occur following a concussion are:

- » Increased risk of other injury (due to reduction in reaction time) or repeated concussion (with the second injury often much more severe than the first)
- » Prolonged symptoms
- » Symptoms of depression and other psychological problems
- » Severe brain swelling (especially in young players) and
- » Long term brain malfunction.

Complications are not common. The risk of complications is increased by allowing the player to return to play (or training) before they have recovered completely. Therefore, it is essential to recognise concussion, make the diagnosis and keep the player out of training and competition until the player has recovered completely.

Concussion can cause problems with memory and processing of information, which interferes with the player’s ability to learn in the classroom. Therefore, a child should not return to school until cleared by a medical practitioner to do so.

Steps in Management of Concussion

Presence of any symptoms or signs suggestive of concussion e.g. stunned, confused, memory problems, balance problems, headache, dizziness, “not feeling right”

1. Apply first aid, including cervical spine immobilisation if indicated
2. Remove from the ground. Assess using CRT (Concussion Recognition Tool)
3. Presence of any of the following: loss of consciousness, worsening confusion, vomiting, worsening headache.

YES - Call an Ambulance and refer to hospital

NO - DO NOT allow player to return to play. Refer to medical practitioner for assessment, either at the ground, local medical centre or hospital emergency department

N.B. Any player with loss of consciousness, basic first aid principles should be applied i.e. Airways, Breathing, CPR (DRSABC). Care must always be taken with the player’s neck, as it may have also been injured in the collision. An ambulance should be called and these players transported to hospital for assessment and management.

Game-Day Management

The most important steps in the early management of concussion include:

- » Recognising the injury
- » Removing the player from the game and
- » Referring the player to a medical practitioner for assessment.

Recognising the Injury (Making the Diagnosis)

Visible Clues: when to suspect concussion

- » Loss of consciousness or non-responsive
- » Lying on the ground-not moving or slow to get up
- » Unsteady on feet/ Balance problems/ poor coordination
- » Grabbing/ clutching at head
- » Dazed, blank or vacant look
- » Confused/Not aware of plays or events.

Loss of consciousness, confusion and disturbance of memory are classical features of concussion but it is important to remember that they are not present in every case.

There are several non-specific symptoms that may be present and which should raise the suspicion of concussion: headache, blurred vision, balance problems, dizziness, feeling “dazed” or “light headed”, “don’t feel right”, drowsiness, fatigue and difficulty concentrating.

Tools such as the pocket Concussion Recognition Tool (see attachment) can be used to help make the diagnosis of concussion.

It is important to understand that brief sideline evaluation tools (such as Concussion Recognition Tool and SCAT3) are designed to help make the diagnosis of concussion. It is still imperative to arrange a more comprehensive medical assessment by an appropriately experienced medical practitioner.

Removing the Player from the Game

Initial management must always follow first aid rules, including airway, breathing, circulation and spinal immobilisation.

Any player who is suspected of having a concussion must be removed from the game and be assessed by the first aider (sports trainer).

A player who has suffered a concussion must not be allowed to return to play in the same game. The assessor should not be swayed by the opinion of the player, coaching staff or anyone else suggesting premature return to play.

Referring the Player to a Medical Practitioner for Assessment

The management of head injury is difficult for non-medical personnel. Following an injury, it is often not clear if you are dealing with a concussion or with a more severe underlying structural head injury.

Therefore ALL players with concussion or a suspected concussion need an URGENT medical assessment by a medical practitioner. This can be done by a doctor present at the venue (if available) or local general practice or medical centre or hospital emergency department.

It is useful to have list of local doctors, (who are willing to see injured players) and emergency departments close to the ground where the game is to be played.

A pre-game checklist of the appropriate services:

- » Local Doctors or medical centre
- » Local Hospital Emergency Departments and
- » Ambulance Services (000).

Management of an Unconscious Player

First Aid principles of ABC (Airway, Breathing, and CPR) should be used. It is extremely important to treat all unconscious players as though they also have a neck injury.

An unconscious player must only be moved (onto a stretcher) by qualified health professionals, trained in spinal immobilisation techniques. If no qualified person is present do not move the player—wait for the ambulance and paramedics.

Urgent hospital referral is necessary if there is concern regarding the risk of a structural head or neck injury -

Ring 000

Any player with any of the following should be referred to a hospital URGENTLY:

- » Loss of consciousness or seizures
- » Persistent confusion
- » Deterioration after being injured –increased drowsiness, headache or vomiting)
- » Report of neck pain or spinal cord symptoms –numbness, tingling, muscle weakness.

If at any time there is any doubt the player should be referred to hospital.

Follow-up Management

A player who has sustained a concussion **MUST NOT** be allowed to return to school or play before getting a medical clearance.

Return to learning and school should take precedence over return to sport.

The decision regarding the timing of return to training should always be made by a medical practitioner

In cases of uncertainty about the player's recovery always adopt a more conservative approach.

“If in doubt sit them out”

Return to Play

Players should not return to play until they have returned to school/ learning without worsening symptoms.

Return to training/ play should be gradual.

Rehabilitation after a concussion should be supervised by a medical practitioner and should follow stepwise symptom limited progression. A rehabilitation program can look like the following:

- » Rest until symptom free—includes physical and mental rest
- » Light aerobic activity can be started 24-48 hours after symptoms have ceased.
- » Light, non-contact training drills
- » Non-contact training drills with some resistance training.
- » Full contact training—after medical clearance only.
- » Return to competition.

Each stage should be a minimum of 24 hours' duration.

If symptoms return, then the player should drop back to the previous symptom free stage.

4.14 Interchange

U6's to U9's Junior League

Each player is to play a MINIMUM OF TWO **UNBROKEN PERIODS** of eight (8) minutes.

A player, having played an UNBROKEN period of play and been replaced, may be used at a later period as a replacement for a player who has also completed an unbroken period of play and not been replaced, or, for a player who has been injured or suspended.

A player may be **temporarily** replaced if injured – but, for a maximum of three (3) minutes at any one time. If the three-minute period is exceeded the replacement is permanent. The replacement player shall play another unbroken period of play.

U10's to U12's Junior League

Each player is to play a MINIMUM OF ONE **UNBROKEN HALF** of a match (i.e. twenty (20) minutes).

A player, having played an UNBROKEN half of a match and been replaced, may be used at a later half of a match to replace a player who has also completed an unbroken half or for a player who has been injured or suspended.

A player may be **temporarily** replaced if injured – but, for a maximum of three (3) minutes at any one time. If the three-minute period is exceeded the replacement is permanent. The replacement player shall play another unbroken period of play.

International Football (U13's to Opens)

Interchange rules are as per the Laws of the game.

In International Rugby League matches local leagues will have the jurisdiction to formulate the number of interchanges per game. This should be reflected in the Leagues By-Laws.

The following rules need to be followed when interchanging players:

1. Interchange may only occur during general play (i.e. when the ball is in motion), after any scoring has been completed, or if play has been temporarily suspended by the Referee (e.g. injury or caution)
2. Maximum of two (2) interchange of players may take place at any one time
3. A replaced player **MUST CROSS THE TOUCHLINE or DEAD BALL LINE** prior to his replacement taking the field
4. Interchange must not be made after the referee has ordered a scrum until the scrum has been completed. Unless it is to replace a bleeding player and the referee has:
 - » Signalled a stoppage in play
 - » The trainers have first advised the referee that an interchange is to take place
 - » The scrum is a result of a touchline stoppage.

4.15 Kicking Tees

Kicking tees may be used provided they are a product which has been officially approved and is commercially available for purchase i.e. an NRL Licensed Product

Such kicking tees may be used for kicks at goal and starts or restarts of play from the halfway line.

4.16 Making Changes to the Duration of a Game

The duration of a game can only be interfered with if the disruption was for more than thirty (30) minutes. If the disruption was for less than thirty minutes, the schedule of games should be maintained as per the Junior League draw. If the disruption was more than thirty minutes, the following procedures should be observed:

- » The Ground Manager should estimate the finishing time of the last match and consider the expected standard of light at the time
- » If there is concern that falling or bad light could be a problem, for the last and / or second last game, the question of playing under lights should be considered and arranged if possible
- » If games are played under lights, it is suggested that games should not start after 5.30pm unless both coaches agree
- » If playing under lights is not an option, the Ground Manager should liaise with both coaches and the referee and arrange for five (5) minutes to be deducted from each half of the remaining matches, until the lost time has been made up
- » If there are insufficient matches to enable lost time to be made up, the Ground Manager should telephone the Junior League Administrator and seek a direction from them on how to proceed
- » If there are no options other than to cancel a game(s) the Junior League Administrator will later contact the clubs involved and discuss possible replays
- » All teams involved in games that are delayed and played under this rule will be in breach of the rules if they refuse to play
- » Minimum time played must be observed when altering the duration of a game (the Competition Handbook will dictate minimum times to be observed)

4.17 Match Ball Sizes

The following ball sizes should be used in the associated competitions.

Under 6	Mini
Under 7	Mini
Under 8	Mini
Under 9	Mini
Under 10	Mod
Under 11	Mod
Under 12	Mod
Under 13	International
Under 14	International
Under 15	International
Under 16	International
Under 17	International
Under 18	International
Under 19	International
Under 20	International
Under 21	International
3 rd Grade	International
2 nd Grade	International
A Grade	International

4.18 Mercy Rule

All matches in the Under 9s to Under 17s competitions will stop immediately when there is a gap of 50 points.

All matches in the Under 18s to A Grade competitions will stop immediately when there is a gap of 60 points.

Officials at official tables will sound the siren at the appropriate time.

The maximum score differential that will be recorded is 50 points.

Local rules may apply.

4.19 Mouthguard Policy

A mouthguard is a device worn in the mouth that helps prevent injuries to the teeth, lips, cheeks, tongue and jaw.

The NSWRL recommends that a mouthguard be worn while playing Rugby League as there is a potential for trauma to the mouth. A hit from any object to the mouth can cause immediate and unseen damage to the gums and the roots of the teeth that may result in extensive dental injury. Many dental injuries are painful, extremely costly to treat and permanent. Furthermore, a blow to the lower jaw (mandible) can cause damage to the temporal region of the skull, which often results in concussion. Wearing a mouthguard is an excellent way to prevent such damage from occurring.

4.20 Needle Stick Injury Management

In the event of a Needle Stick Injury

- » Remove contaminated clothing
- » Wash the area gently with soap and running water as soon as possible
- » Apply an antiseptic and a clean dressing
- » Place the needle in a rigid plastic container and take it with you to the Doctor
- » All participants who sustain a needle stick injury should attend a general practitioner for assessment, advice and if necessary counselling
- » An incident report should be completed and given to your club

4.21 Number of Players on the Field

International Grades	Minimum nine players
Under 12's Junior League)	Minimum 11 players
U10's to U11's Junior League	Minimum eight players
U8's to U9's Junior League	Minimum six players
U6's to U7's Junior League	Minimum four players

In the event of any team playing with less than the minimum amount of players (as listed above), it shall be the duty of the opposing captain or club official to draw the referee's attention to that fact.

In the event of a team having less than the minimum amount of players, the game shall be terminated immediately and the match awarded to the opposing team.

The only exception being in International Grades, if the 9th available player for a team is in the Sin Bin the game can continue as the player will retake the field when his penalty is completed.

Should the referee or Junior League Administrator (or adjudicating sub-committee) become aware of and satisfied that a team has more than the authorised number of players on the field, any points scored whilst the additional player(s) were on the field shall be deducted. The referee may order the removal of the additional player(s) from the field and if that order is not observed immediately shall award the match to the non-offending team.

Any appeal or protest under this rule will be dismissed if evidence supports the fact that the appellant club's captain and/or team support officials were aware of the breach during or immediately after the match and failed to bring it to the notice of the referee at the time by reporting the matter to the official table.

When arriving at a decision the adjudicating subcommittee or the Junior League Administrator will take into account the amount of time the additional player(s) were on the field and the impact that it had on the outcome of game and specifically, address that issue in its adjudication.

Should a team begin a match with less than the prescribed number of players, it may fill the vacant place(s) at any time during the match, provided the on-field duration rule/time for the mini and mod players is observed. If a team should begin a match with a full complement of players, substitutes can be introduced to take the place of other players during the match in accordance with the replacement rules and the referee must be notified.

If a team is short of players at the time when the game is due to commence, it will be allowed fifteen minutes to allow missing players to arrive at the ground and then take the field, however, when the minimum number of players have signed on, the team shall take the field and commence the game, irrespective if there are still other players missing. If the team refuses to take the field when the minimum number of players is available, the game will be forfeited to the opposing team.

4.22 On-Field Injuries

Player injury can only be determined by a qualified First Aid Officer – that is a Level 1 Sports Trainer or above.

No player with suspected head or neck injuries is permitted to be moved from the field except where further risk injury may occur and only under the supervision of a suitability qualified persons(s). An Ambulance shall be called immediately to take charge of the care if the injured player. Any player with suspected broken bones may be moved from the field under the supervision of a qualified first aid officer.

Any player with a neck injury who is removed by Ambulance may not resume playing until an appropriate medical clearance is obtained and sighted from medical personnel.

Junior League (U6's to U12's) Injuries

An injured player leaving the field must returned to the field within 3 minutes or take no further part in the game – as determined by a qualified person.

The replacement player used for the injured player (mini) must play a complete period of the game (i.e. 10 minutes).

The replacement player used for the injured player (mod) in the first half of the game must play the complete 2nd half of the game (i.e. 20 minutes).

Procedures for games Delayed due or Injury or Other matter

Normal Procedures

- » No time off in the first half – all ages
- » No injury time in Junior League games (do not stop clock)
- » No injury time in International unless indicated in your Competition By-Laws.

Extraordinary Situation Procedures

If the second half of a match is commenced but due to unforeseen circumstances which includes, but is no limited to, injury or weather conditions, the game shall be declared as 'played' and points awarded accordingly.

Injury Reporting

All injuries should be reported to clubs on the appropriate forms.

Reference Documents NSWRL Policy 3.1 – Abandoned Matches Due to Injury, Inclement Weather or Foul Play

4.23 Player Equipment

A player must not wear any item that may prove dangerous to other players. If in doubt a player is required to have any such item approved by the referee prior to the commencement of the match.

A player's normal gear shall consist of a jersey of distinctive colour and/or pattern (numbered), the numbering should be clear and legible from a distance, a pair of shorts, socks of distinctive colour and/or pattern and studded boot or shoes.

Protective equipment may be worn provided it contains nothing of a ridge nature.

Dangerous Equipment

The referee may order a player to remove any item or any part of his equipment which might be considered dangerous and shall not allow the player to take any further part in the match until the item or equipment is removed (i.e. piercings)

Such a player must retire from the playing field to remove the offending item if the start or restart of the match would otherwise be delayed.

The referee or touch judge should check all equipment prior to the commencement of each match.

Apparel

Jerseys must be a type, style and fabric approved by the League.

The use of gloves or mittens is prohibited.

Jerseys may not be beaded or knotted.

4.24 Pre-Match Heritage or Cultural Performances

Approval to conduct any pre-match ceremonial or cultural performances (e.g. Haka, Celebrity Kick-Off etc.) must be sought in writing from the Junior League Administrator and approved before such performance shall be permitted. The Junior League Administrator may either grant or refuse such approval but, if approved, such performances must be factored into match day programming.

4.25 Protective Goggles Policy

The NSWRL sanction the use of protective goggles for use in games and training within Rugby League providing the goggles have no rigid components which could cause harm to the player.

These goggles would usually be made of soft plastic with an elastic head band to keep them in place.

The NSWRL recommend that head gear are worn by players wearing goggles to reduce the chance of the head band from the goggles sliding down the player's neck.

Any player wearing goggles should seek written clarification from their optician that the goggles are suitable for contact sport. This letter from the optician, together with this NSWRL Policy, will need to be submitted to the Manager of the District Junior Rugby League in which the participant competes. A copy of the letter and the policy will also need to be kept with the player's identification card at all times and may prove useful on match days to reassure match officials and opponents.

However, despite this policy, the final decision on the suitability of any player equipment is ultimately the referee's decision.

4.26 Referees

It is the firm policy of the NSWRL not to interfere with the result of a match due to a referee error on the field. Any complaint received about a referee or match official will be forwarded to the Referees Association.

Condition of Ground

Where there is doubt regarding the fitness of a ground where a competition match is to be played, consultation between the referees, two captains and senior officials from each club should take place with the final decision resting with the referee.

Referee Terminating a Match

The referee, in consultation with the Ground Manager, has the discretion to terminate a game whenever by reason of climatic condition, interference of spectators or other causes where the referee deems it necessary. In all cases in which a game is terminated the referee shall advise the Junior League Administrator through the Secretary of the Referees Association prior to 5.00pm on the following Monday by submitting a written report.

Should the Referees Association have prior warning or opinion regarding the alleged condition of a ground, the matter should be brought to the attention of the Junior League Administrator as a matter of urgency prior to any action being taken.

Referees Appointments

The Referees Appointments Board shall appoint referees to games.

In the event the Referees Association fails or refuses to appoint referees, the Junior League Administrator may carry out that function.

Referee Not in Attendance at a Game

In the event of the referee so appointed not attending within fifteen (15) minutes after the time set down to commence, then any qualified referee may be appointed by the Secretaries or Officials of the opposing clubs. A written report in this instance is to be forwarded to the Junior League Administrator from the home team Secretary. The match result shall stand.

If agreement cannot be reached and a referee is not appointed, the game should not be played and the matter reported to the Junior League Administrator.

Approaching a Referee or Touch Judge

It is a breach of the NSW Junior League Association Rules for a player, coach, trainer, manager or other official to 'approach' a referee or touch judge before, during or immediately following a game to seek a rule explanation or for any other reason directly relating to a game.

Breaches of this rule may, upon conviction, result in loss of points, suspension or other penalty and result in Coaches and / or Trainers having their qualification / certificate suspended or cancelled.

Complaints by Referees

All complaints by referees must be submitted to the Junior League Administrator by 5.00pm on the Monday following the match.

Any club Official who is qualified to referee and is appointed to games by the Referee's Association, must declare a conflict of interest if appointed to games involving teams from that person's club. The Junior League Administrator is entitled to request the Referee's Association to change any such appointments.

Abandoned Games

In the event of a game being abandoned by the referee, or if for any other reason a game was not completed because of an on-field incident(s) and/or behaviour by players, the incident will be referred to the Code of Conduct Panel and an adjudication will be made.

Any club who feels their team has been unfairly dealt with or harshly treated by this adjudication may make representations to the board however severity of sentence cannot be used as a defence.

Unauthorised Entry – Preventing Games Continuing

The referee shall not allow any person apart from the players and authorised team support officials onto the playing area without permission (this includes coaches, parents, spectators and others) and should anyone make an unauthorised entry onto the field they will be in breach of the junior league rules and codes of conduct.

If a parent, coach or other person during the game became aware of any circumstances deemed contrary to the welfare and interest of the referee, a player or any authorised person on the field, the matter should be brought to the attention of the ground manager in a civil and courteous manner. The ground manager will evaluate the information and if deemed necessary bring the matter to the attention of the referee via the official touch judge. If there is no official touch judge the ground manager may enter the field of play and approach the referee.

Any person acting contrary to this clause will be in breach of junior league rules and codes of conduct.

The offending player may not re-enter the roped off playing area at any time.

Failure of the captain or club official to supply each player(s) correct name shall be deemed misconduct, for which the person(s) concerned shall be reported by the referee to the Junior League Administrator.

When a player has been “sent” from the field by the referee, the referee is obliged to complete a report. The offender’s team manager should be issued with a duplicate copy of this report. The Referee must also complete the on-line Match Officials Report.

5.2 National Safe Play Code

INTRODUCTION

The Safeplay Code was developed to emphasise safety and good conduct within the game of Rugby League by creating the best possible on-field environment and actively encouraging the core values of Rugby League, and a healthy respect for all participants. It applies to all players up to and including the Under 15 years age group.

(*Law Book" references – Rugby League Laws of the Game, International Level).

1. TACKLE ZONE

The Code: TACKLES ABOVE THE ARMPITS ARE NOT PERMITTED.

- Application: (a) It is an infringement if, whilst attempting to effect a tackle on a ball-carrier, a defender makes contact above the armpits intentionally, recklessly or carelessly.
- (b) A defender, in front of a ball-carrier who is diving or falling, is permitted to come in contact with the ball-carrier's shoulder provided the defender's arm(s) extends down the shoulder and trunk, i.e. underneath the ball-carrier.

Reference: Law Book: - Section 15, Law 1 (b), Page 38.

2. DANGEROUS TACKLES

The Code: (2.1) THE TACKLER'S LEGS CANNOT BE USED TO TRIP IN A THROW.

Application: The use of the legs in a tackle is not permissible. Using the legs (even if the defender has a hand/hands on the ball-carrier) to trip or throw the ball-carrier constitutes an infringement.

Reference: Law Book - Section 15, to Law 1 (a) and (d), Page 38.

The Code: (2.2) ADOPTING A CROTCH HOLD IS MISCONDUCT.

Application: Adopting a crotch hold i.e. by placing either a hand or arm in the crotch region, is an infringement.

The Code: (2.3) THE BALL-CARRIER CANNOT BE LIFTED.

Application: No defender(s), during the course of a tackle, are permitted to lift the ball-carrier (this is not to be confused with a tackle that, in the same motion, "knocks" a player off their feet). If a lift occurs, the Referee must penalise the offending player(s). If a defender(s) lift one foot/leg of the ball-carrier the Referee must immediately call "held" to prevent the tackle from continuing. If the tackle continues, or the ball-carrier is placed in a dangerous position, the Referee must penalise the offending player.

Reference: Law Book - Section 15, Law 1 (d), and Notes to Law 1(d), Page 38.

The Code: (2.4) ANKLE TAPS ARE NOT PERMITTED.

Application: It is an infringement to ankle tap the ball-carrier. This is not to be confused with a defender who makes a genuine attempt to wrap his arms around the legs of the player.

Reference: Law Book - Section 15, Law 1 (d) and Notes 1 (d), Page 38.

The Code: (2.5) A DEFENDER CANNOT "SHOULDER CHARGE" A BALL-CARRIER TO AFFECT A TACKLE.

Application: Shoulder Charge – is where a defender, without attempting to tackle, grab or hold the ball-carrier (or any opposing player) using the arms or hands, makes direct physical contact with the shoulder or the upper arm.

Reference: Law Book – Section 15, 1(k) Page 38.

The Code: (2.6) IT IS AN OFFENCE TO SLING OR SWING THE BALL-CARRIER.
Application: A defender who uses any part of the ball-carrier's body, clothing, or equipment to sling or swing the player in a tackle, commits an infringement.
Reference: Law Book - Section 11, Notes 1 (a), Page 23.

3. AGGRESSIVE PALM

The Code: THE BALL-CARRIER CANNOT "THRUST" OUT AN ARM TO CONTACT THE DEFENDER ON THE HEAD OR NECK.
Application: It is an infringement for the ball-carrier to thrust out an arm or use an outstretched stiff arm so as to make contact to the defending player's head or neck. Regardless of point of contact, the palm must not be high, dangerous, or unnecessary.
Reference: Law Book - Section 15, Law 1 (a), Page 38.

4. PUSHING

The Code: A PLAYER CANNOT "PUSH" AN OPPONENT.
Application: A player who pushes an opponent is guilty of an infringement.
Reference: Law Book - Section 15, Law 1 (i), Page 38.

5. DANGEROUS FLOP

The Code: A PLAYER CANNOT DROP, DIVE OR FALL ON A PRONE PLAYER.
Application: A player cannot make dangerous, aggressive or unnecessary contact on a player in a prone position on the ground (a simple hand-on can complete the tackle).
Reference: Law Book - Section 11, Law 1 (d), Page 23.

6. SURRENDER (IN THE TACKLE)

The Code: THE BALL-CARRIER MAY SURRENDER IN THE TACKLE.
Application: The Referee (not the player) is to call "held" if the ball-carrier surrenders prior to, or in, the tackle, or is held or subdued so their progress is halted.
Reference: Law Book - Section 11, Law 2 (c), Page 23, Note 2 (c), Page 24.

7. VERBAL ABUSE / FOUL LANGUAGE

The Code: IT IS AN INFRINGEMENT TO USE THREATENING OR OFFENSIVE LANGUAGE.
Application: Verbal abuse, obscene language and sledging, including comments or words that threaten or denigrate an opponent, Referee or supporter, is an infringement.
Reference: Law Book - Section 15, Law 1 (i), Page 38.

8. SCRUMS

The Code: PUSHING OR PULLING IN, OR ROTATING A SCRUM, IS NOT PERMITTED.
Application: All scrums are to be de-powered. A team that deliberately pushes or pulls in, or rotates a scrum, is guilty of an infringement. Once the ball has been fed into the scrum, only the hookers may strike for the ball, and the second rowers may rake the ball out of the scrum with their foot.
Reference: Law Book - Section 12, Law 4, Page 30.

It should be noted that a penalty under the Safepay Code should be clearly communicated to the offending player. Where possible, this should be kept brief, and it does not necessarily have to be a stoppage in play or a formal meeting.

IMPORTANT NOTE

It is mandatory that a penalty is awarded following any breach/infringement of the Safeplay Code. In addition to a penalty for a breach, Referees at their discretion may:

- SIN BIN THE OFFENDING PLAYER (INTERNATIONAL GAME 13 – 15 YEARS ONLY)
- DISMISS THE OFFENDING PLAYER FROM THE FIELD OF PLAY (INTERNATIONAL GAME 13 – 15 YEARS ONLY)
Refer Rugby League Laws of the Game, Section 13, 1 (a) and Section 15- Player's Misconduct
- REPLACEMENT IN 6 – 12 YEAR GAME MODELS
Refer 6 – 12 Year Junior Rugby League Laws Page 14 Law 3 (b), Page 19 Law 17, and Page 30 Law 17

ADVANTAGE PLAY & THE SAFEPLAY CODE

A penalty kick must follow any infringement.

1. IF NO ADVANTAGE OCCURS, the penalty is to be awarded immediately at the mark where the infringement occurred.
2. IF AN ADVANTAGE OCCURS, the penalty is to be awarded either at the breakdown in play immediately after the misconduct occurred, or where the act of misconduct occurred, whichever is to the greater advantage to the non-offending team.
3. WHEN A TRY HAS BEEN SCORED in the same play in which the act of misconduct occurred, the penalty kick, additional to the conversion, will be awarded in front of the goal posts. A kick at goal must be taken from the penalty kick (place or drop) and play re-started from the centre of the half-way line irrespective of the outcome of the kick. (refer to Page 27 of the 6 - 12 Year Junior Rugby League Laws for application in games where conversion attempts do not exist).

[The original Safeplay Code was written by Graham Chaffey - NSWRL - and trialled by the NSWRL in 1995.]

ENDORSEMENTS

Players at every level of our great game have a responsibility to always play within the Laws, and to compete with respect and sportsmanship.

Rugby League is a fantastic game, made even better when players, officials and fans all work together to make a positive, safe and respectful playing environment.

I fully endorse the player's section of the National Code of Conduct.

Best wishes,

Cameron Smith,
Melbourne Storm, Queensland Maroons and
Australian Kangaroos Captain

Rugby League is a fantastic game and should always be played in the right spirit, so that it remains enjoyable for all participants.

We all have an important part to play in ensuring that the traditions, history and beliefs of the game are respected every time we play.

I am proud to endorse the National Code of Conduct as it provides the guiding principles for the best possible Rugby League environment.

CODE OF CONDUCT – COACH

- ✦ Actively discourage foul play and/or unsportsmanlike behaviour by players.
- ✦ Seek to maximise the participation and enjoyment of all players regardless of ability; avoid the tendency to over-use a talented player; treat all players as equals, regardless of their talent.
- ✦ Show concern and caution towards all sick and injured players. Follow the advice of a physician and/or sports trainer to the letter when determining when an injured player is ready to recommence training or playing.
- ✦ Teach players that an honest effort and competing to the best of their ability is as important as victory.
- ✦ Maintain appropriate, professional relationships with players at all times.
- ✦ Maintain a thorough knowledge of the Laws of the Game and keep abreast of current coaching methods; maintain or improve your current accreditation level.
- ✦ Always consider the health, safety and welfare of the players.
- ✦ Teach young players to realise that there is a big gap between their play and the professional game; do not coach them as if they are professionals.
- ✦ Ensure that your coaching reflects the level of the competition being played; do not be a “win-at-all-cost” coach.
- ✦ As coach, conduct yourself at all times in a manner, and in all situations, that shows leadership, respect for the game of Rugby League and respect for all those that are involved in the game – the players, officials, the fans, the parents, the referees and the media.

*Remember that junior players participate for pleasure and mateship.
Your coaching should create a positive environment that is*
fun, safe, and inclusive

ENDORSEMENT

Coaching at any level of the game is a huge responsibility, but also an immensely rewarding one!

It can be challenging and time-consuming, but the pleasure that comes from contributing to players' skill and social development far outweigh any barriers.

It is important that, as coaches, we actively demonstrate the key beliefs of our game – courage, inclusiveness, excellence and teamwork.

By being a positive leader, you have the capacity to shape lives, to mould young minds, and to provide opportunity for success and enjoyment – both on and off the footy field.

Win or lose, our jobs as coaches is to always promote sportsmanship, respect, fun, and to lead by example.

Enjoy your coaching experience!

Best wishes!

Mal Meninga
Australian Kangaroos Coach

the Safeplay Code***

(up to and including 15 years) in Junior Rugby League

ENDORSEMENTS

Match Officials play an integral role in our great game. Just as we look to support our young players through their Rugby League journey, we need to be as supportive of our Referees.

Learning the Laws of the Game and how to implement them in a practical manner whilst communicating with, and managing players is no easy task!

It takes a lot of courage to be a Referee, so please respect their role, just as they will respect the role that players, coaches and officials play.

Remember - Without Referees, we don't have a game!

Kasey Badger
Referee

Like players and coaches, Match Officials play a vital role in the establishment of a safe, friendly and conflict-free environment on the field. Your actions must be beyond reproach, maintaining the integrity of the Laws, the game, and yourself.

By demonstrating a positive attitude and promoting good sporting behaviour, referees are an integral part of every match played across the country.

All match officials have a responsibility to apply their thorough knowledge of the Laws consistently, and to communicate with players in a fair and measured manner.

Team Replacement Players

Over the past few seasons there has been an alarming increase in the number of team replacement players who illegally take to the field (leaving the team bench etc), when a melee begins, or when a perceived unfair decision or occurrence has taken place. As a deterrent to this type of behaviour, a zero- tolerance approach will be taken. The following penalties will apply for both the player(s) and team(s) concerned:

2. Participants who enter the field of play illegally will automatically be sent from the field.
 - 2.1 Players found guilty of infringing Rule 2 will be suspended for a minimum of six weeks.
 - 2.2 The offending player’s team will be penalised two competition points for each player that breaches rule 2. For example, if three players are found guilty of entering the field of play illegally, their team will be penalised six competition points.
 - 2.3 The offending player’s team will be disqualified from the competition should the breach occur in any Finals Series Matches, or Finals Series Qualification Matches

Spectator Field Intrusion

3. Any spectator who enters the playing area or field of play with intent, or without the permission of the Ground Manager, will automatically be banned from attending Junior League matches for a minimum period of 12 months. Should a spectator contravene any such penalty, the League reserves the right to suspend any siblings of the parent or family involved from playing in NSWRL- related competitions. A bond / fine may be attributed to the spectator to allow them to resume attending matches after the expiry of the suspension imposed.
 - 3.1 **Failure to Identify** - Should a Club fail to identify a person(s) who has breached rule 3, the League reserves the right to suspend the team the spectator was supporting, until such time as the person is identified.
 - 3.2 Teams and Clubs will be liable for the behaviour of their spectators. If a breach of rule 3 has been identified, the team concerned will be penalised two competition points, and the match concerned will be deemed as a forfeit to the opposition team.

Abandoned Games

4. In the event of a match being abandoned due to foul play the match will be deemed as completed. The team that instigated the foul play will be deemed to have forfeited the match. In the event that both teams are equally responsible for the match being abandoned, neither team will be eligible to be awarded any points for participating in the match. The match will not be replayed. Both teams will be required to attend a Code of Conduct Hearing.

Referee / Match Official Abuse

5. Any player / team official / spectator found guilty of touching a referee or official in an aggressive or inappropriate manner will be disqualified from the game for a minimum period of 12 months. **Further,**

the team in which the person concerned is playing for, supporting or assisting will have three competition points deducted from their competition points score.

6. Any player who is dismissed from the field and is subsequently charged under 15.1F (offensive language directed towards a match official) with a grading of serious (referred directly to the Judiciary) and is found guilty of the charge, will incur a minimum penalty of a 12-match suspension. **Further, the team in which he / she represented will have three competition points deducted from their competition points score.**
7. Any team official / spectator who is charged with a High-Grade Code of Conduct Breach, and subsequently found guilty of abusing a referee will be disqualified from the game for a minimum period of a 12 months. **Further, the team in which the person concerned is supporting or assisting will have three competition points deducted from their competition points score.**

Suspended Persons

8. Junior League Clubs are responsible for ensuring any suspended person who is associated with their club, does not act in any capacity which is contrary to the terms of such a suspension. Terms of suspensions are issued with all Judiciary and Conduct Notices of Outcome. Should a suspended person be found to be acting contrary to the terms of their suspension, the Club concerned will be deemed liable. The Club will be fined \$1000.00. Further, if the person concerned is associated in any capacity with a particular team within the Club, that team will be ineligible to play in any Finals Series Matches.
9. The NSWRL reserves the right to de-register any siblings of a suspended person, should that person to be found to be acting contrary to the terms of such suspension.

Suspended Players

10. Participants are responsible for ensuring they do not take to the field of play whilst they are serving a suspension. Should a suspended player take to the field of play whilst they are suspended, the player concerned will incur a further 12-month suspension which will be added to the end of the original suspension expiry date.

Team and Club Judiciary and Conduct Demerit Point System

As part of the revamped NSWRL Tough Love in League Policy, a demerit point system has been designed to allow Leagues and Clubs to identify problem Teams within their structures. This system will be enforced across NSWRL Conference Competitions in 2018 with a view for refinement and expansion into the future. It is hoped through Club awareness and education, standards of respect, discipline and behaviour are raised throughout the game.

Demerit Points

Demerit Points will be calculated based on Judiciary, Code of Conduct and Competition Rule breaches. Only offences where a charge has been proven will attract demerit points.

The table below outlines how demerit points are calculated:

<i>Proven Breach</i>	<i>Applicable Demerit Points</i>
Low Judiciary Charge	1 POINT
Medium Judiciary Charge	2 POINTS
High Judiciary Charge	3 POINTS
Serious Judiciary Charge	4 POINTS
Code of Conduct Warning	1 POINT
Code of Conduct Low Charge	2 POINTS
Code of Conduct Medium Charge	3 POINTS
Code of Conduct High Charge	4 POINTS
Competition Rule Breach	1 POINT

Team Penalties Index

Once a team accrues either a number of proven offences, or the specified number of demerit points, then the following penalties may apply:

<i>Level</i>	<i>Offences or Points</i>	<i>Penalty</i>
1	3 Proven Offences or 8 Demerit Points	A Warning letter will be sent to the Club and Team concerned. The team and club will need to provide details of how the issue is being addressed.
2	5 Proven Offences or 12 Demerit Points	The Team concerned will be docked three competition points. Clubs will be required to video every game this team participates in thereafter. Failure to comply will result in disqualification from the competition.
3	7 Proven Offences or 16 Demerit Points	The Team concerned will be docked six competition points. Club will need to show cause as to why the team concerned should stay in the competition.

Club Penalties

As an introductory measure, the NSWRL will monitor the amount of indiscretions committed within a single club structure. We will apply the demerit points system across a whole Club, and use a scaling formula to track the performance of Clubs over an entire season, keeping in mind the number of teams within a particular Club.

Where a Club is identified with a large number demerit points across a number of teams, the League will seek to meet with the executive of that Club, with the aim of introducing strategies and education programs to raise standards of behaviour.

We plan to introduce a Club Penalty Index similar to the Team Penalties Index in 2019 that will take into account all breaches across all teams within a Club.

Team Penalties

If a team breaches the Code of Conduct or Tough Love in League Policy a sanction available to the review panel will be to mandate a Club Executive(s) to attend all future games (home & away), all future games must be video recorded by team officials, any future breach(s) and the team will be disqualified from the competition.

SECTION 06

» 5. CODE OF CONDUCT

6. Code of Conduct Discipline Procedures

All players, coaches, trainers, managers, match officials, parents and spectators are required at all times to observe and respect the NRL Code of Conduct and behave in a decent and professional manner and not engage in any conduct that is considered detrimental to the welfare, image or best interests of the game of Rugby League or the policies of the Junior League Association.

Any player, official, club or other person who directly or indirectly takes any action, or aids or abets another person/s to take any action, or who encourages any other player, official, club or other person(s) to engage in any activity that is considered by the Board to be against the welfare, interests or policies of the Junior League rules will be in breach of the NRL Code of Conduct and the Junior League Association rules.

Any player, club official or other person that is required to attend a hearing of the Code of Conduct Tribunal will be advised by way of an email sent to their club Secretary. It will then be the responsibility of that club Secretary to inform the person concerned of the Hearing date and time. Failure of the club to advise the person concerned to attend is not a defence against non-attendance.

Code of Conduct Tribunal hearings shall occur at a venue to be advised by the Junior League Administrator.

Refusal to Attend Hearing / Giving False Information

Any player, official, supporter, parent, volunteer or other person associated with the Junior League or any affiliated club, who has been requested to attend a Code of Conduct Tribunal Hearing and either refuses to attend, or fails without reasonable cause to attend and give evidence after having been requested to do so shall be in breach of the Junior League Association Rules.

Non-Attendance at Hearings

If a person is requested to attend a Hearing and does not appear after being given due notice, any written material sent to the person or club, or received from the person or club which addresses the incident in question shall be tabled and the Hearing duly conducted. The Chairperson of the Tribunal shall ensure that standard discipline procedures are maintained and the person concerned (in their absence) received natural justice.

Public Comments

A player, coach, trainer, team manager or official of the Junior League or Junior League club shall not comment publicly on any matter which is, or is likely to be, the subject of an official inquiry by the Junior League or a committee of the Junior League.

Published Comments

A player, coach, trainer, team manager or official of the Junior League or Junior League club shall not publish, or cause to be published, any comments or material that is considered by the Junior League Administrator / Secretary to be detrimental to the policy, or prejudicial to the interests, welfare, or image of the Junior League or the game of Rugby League.

Police to be Advised

Every person who has been assaulted or seriously threatened is encouraged to report the matter to police within 24 hours of any incident and should support any investigation that follows.

Rough and Foul Play

The referee or any official of the Junior League shall report any instances of rough or foul play, or any instances of misconduct occurring prior to, during or after a match.

Breach of Rules

It will be a direct breach of these rules for any person, team or club to:

- » Engage in any dishonest, corrupt, fraudulent, improper, unprofessional or dishonourable behaviour
- » Offer money or any other advantage to any official to neglect his/her responsibilities and/or duties
- » Obstruct, intimidate, hinder or in any way interfere, prevent or try to prevent any official in respect to his/her duties
- » Fail to obey, carry out, respect and conform to any reasonable direction, order or requirements made by any official in the normal exercise of that person's duties

If any person, team or club objects or wants to complain about any direction, request, order or requirements made to them, they should immediately direct their concerns to the Junior League Administrator / Secretary.

Behaviour at Hearings

It will be a breach of these rules for anyone appearing before any Junior League Committee or the Junior League Administrator / Secretary, to ridicule, insult, belittle or otherwise make any unreasonable or unnecessary critical comments about the Committee or the proceedings that are underway or completed.

The definition of the words ridicule, insult, belittle or critical will be given their ordinary meaning.

Identification of Offenders

It will be a breach of these rules for any coach, trainer, team manager or other club official(s) to refuse to identify or fail to advise the name of, any player or team official to the Ground Manager, referee, touch judge or any other authorised person.

7. Code of Conduct Procedure

NSW Junior League Association Conduct Review – Code of Procedure

NRL National Code of Conduct

Breaches of this Code of Conduct may result in penalties up to and including a fine, loss of team match points and/or suspension of the perpetrator and/or child. **Clubs are responsible for the conduct of their players, parents/careers, coaches, officials and spectators.**

Functions of Conduct Review

- 4.1 The functions of the Conduct Review Committee are to hear and determine such charges for an offence and such investigations as are referred to it for decision and in the discharge of its functions shall at all times act independently, impartially, fairly and openly, except where to do so would be unfair to the person appearing.

Conduct Review By-Laws

- 5.1 Conduct Review By-Laws that are appended to this Code is a guide only for the Conduct Review Committee with the Chairperson when necessary having the discretion to interpret such guidelines as he/she thinks fit.

Administration

- 6.1 The Incident Review Coordinator (to be appointed by the Junior League Board and/or Competition Committee) will be responsible for the administration of the Conduct Review Code of Procedure and the following duties:
- 6.1.1 Review all acts of misconduct and other incidents and breaches of the NRL National Code of Conduct.
 - 6.1.2 Investigate, examine and consider any conduct by a player, official or other person(s) that may constitute an offence.
 - 6.1.3 Recommend and/or take action where considered appropriate.
 - 6.1.4 Report exceptions, concerns and matters in interest to the Competition Committee and/or Junior League Board.
 - 6.1.5 Generally, proceed in accordance with the requirements of this rule.
 - 6.1.6 Grading of any charges.

Guidelines for the Incidents Review Coordinator

- 7.1 The Incident Review Coordinator will review all incidents of misconduct involving and surrounding players, officials and other persons and where necessary shall ascribe adjudication (which could include penalty issued via an Adjudicated Breach Notice) for each one having regard to the following:
- a. Whether there is substantial and reliable evidence to justify a charge.
 - b. The extent to which the person is to blame for the incident is considered.
 - c. The seriousness or conversely the triviality of the persons conduct.
 - d. Whether any other person was injured in the incident.
 - e. Whether the offending person was provoked.
 - f. The previous conduct of the offending person.
 - g. Any mitigating or aggravating circumstances.

7.2 General Offences

For the purpose of this Code, an offence is constituted by any instance of misconduct and such other conduct as may, from time to time, be deemed by the Incident Review Coordinator or Conduct Review Committee to constitute an offence.

7.3 Consequences

A person will be deemed to have been charged with an offence immediately when such person is informed (verbally, in writing or electronically) by the Secretary of that person's club (or the club

that person has some connection with) or by the local Junior League Administrator with the Incident Review Coordinator having absolute discretion in determining the definition of the words ‘some connection’.

7.4 Grading of Charges

The Incident Review Coordinator will determine the grading of charges as either ‘Low’, ‘Medium’ or ‘High’ taking into account rules 6.1 – 7.1 inclusive.

For incidents that are graded as Low, the Incident Review Coordinator shall have the power to issue an Adjudicated Breach Notice (Appendix 5).

For incidents that are graded as ‘Medium’ and ‘High’, a Notification of Charge will be issued.

Refer to Appendix 3 - Points Index for Offences and Penalties.

7.5 Notification of Charge

Following receipt by the club of the person’s charge by email from the Local Junior League Administrator, it will be the responsibility of the club Secretary (or designated person) to contact the person concerned and communicate details of the charge, the hearing arrangements and other relevant information to the person.

7.6 Details of Charge

In the notification of charge (Notice of Charge Appendix 2) email sent from the Local Junior League Administrator to the person’s club Secretary, brief details of the charge against the person and the date and venue the incident occurred will be provided including hearing arrangements. Full details of the complaint will be provided to the person at the hearing, together with ample opportunity to ask questions and to cross-examine witnesses, should that be necessary.

7.7 Response to Charge and Breach Notice

Following notification of the charge or the issuing of an Adjudicated Breach Notice, the person charged may respond by:

- 7.7.1 Taking an **early guilty plea** which overcomes the need to appear before the Conduct Review Committee. Note that early guilty pleas on Charges that are graded **MEDIUM** can offer an adjustment to the penalty (See 7.10).
- 7.7.2 Pleading guilty to the offence but dispute the grading, (or in the case of an Adjudicated Breach Notice the penalty issued).
- 7.7.3 Pleading not guilty and have the matter go before the Conduct Review Committee.

Please note that offences that are graded as “High” will be referred straight to the Conduct Review Committee. No early pleas will be permitted.

If the person elects to plead not guilty, the person, the complainant and witnesses will be required at the hearing and the matter will go into evidence.

Persons pleading guilty to an offence but disputing the grading will be required to appear before the Conduct Review Panel to explain their actions, advise of any extenuating circumstances that existed and discuss the disputed grading and or penalty. The complainant and witnesses will not be required to attend the hearing.

7.8 Reasonable Time to Respond

At least five (5) days' notice of the proposed hearing will be given to enable the person charged to consider all options, and if necessary, prepare for a hearing and to enable the Competition/Junior League to deal with the matter as soon as possible.

7.9 No Contest

When a person elects not to contest the offence charged, the making of that election does not constitute an admission on his / her part that he/she is guilty, or otherwise responsible for, the conduct charged but, rather it is an indication that he/she has chosen for one reason or another not to contest the charge. The Conduct Review committee may adjudicate on the matter in the absence of that person.

7.10 Merit Opportunity (deduction) of Penalty

Should a person charged elect to plead guilty and that person advises such intention to the Incident Review Coordinator prior to 5.00pm on the following Friday, that person will receive the following deduction of penalty:

7.10.1 The penalty will be reduced by the Conduct Review Committee by 25%.

7.10.2 A further 25% reduction of the penalty if the person has no prior convictions during the past three (3) years.

7.11 Persons failing to respond or attend Conduct Review Hearing

Should a person fail to respond by the time limit prescribed, the charge will be automatically set down for hearing before the Conduct Review Committee. The committee will be so informed and any merit opportunity (i.e. deduction of penalty) no longer available.

Should a person be charged with an offence fail to appear, the committee may proceed to hear and determine the charge and the penalty in the absence of the person.

The committee reserves the right to suspend the registration of a player whose parent or legal guardian commits an offence and fails to appear.

7.12 Proceedings not to be Invalidated

Proceedings shall not be invalidated or subject to appeal, merely due to any defect whether of substance or form in any notice or because of non-compliance by the Competition/Junior League with any provision of this Code, unless the Chairperson so directs.

7.13 Documentation

The following documentation (electronic and/or hard copy) will be recognised and retained by the Incident Review Coordinator and Junior League Administrator:

Form 1 Letter(s) of complaint or Incident Report(s) to Junior League.

Form 2 Notice of Charge from Competitions/Junior League Administrator to club.

Form 3 Response from club or person to Junior League.

Form 4 Conduct Review hearing (record of evidence at the hearing).

Form 5 Conduct Review report (results of matters circulated to clubs).

Code of Conduct Review By-Laws

Conduct Review hearings are held weekly commencing at 6.30 pm (mainly on Wednesday nights). A quorum for a hearing is three (3).

All Conduct Incident reports must be received by the Junior League/Competitions Administrator by no later than 4.00pm on the Tuesday following the incident. The Conduct Review Coordinator reserves the right to seek further evidence, reports and statements following on from an initial incident report or notification with no restrictions on time frames.

Disciplinary proceedings before the Conduct Review Committee are not bound by the rules of evidence usually applicable to proceedings in the court of law.

- 8.1 The Conduct Review Committee adjudicates on disciplinary matters such as breaches of the NRL National Code of Conduct, other than judiciary matters. When a player, coach, trainer, manager or other official is in breach of the NRL National Code of Conduct, the person concerned may be required to appear before the Conduct Review Committee.
- 8.2 If a referee is a complainant, the referee will advise the Incident Review Coordinator of his/her local district Referees' Association of the incident. The Secretary will, in-turn, advise the Junior League Administrator. If the complainant is a club official or other person, it should be sent through the complainant's club Secretary.
- 8.3 Clubs should appoint at least one responsible person to be their representative at Code of Conduct Review hearings. On some occasions, a player's coach may also attend and if the player is under 16 years of age, the player's parent or guardian may attend, however, only one person may represent the person appearing during the hearing proceedings.
- 8.4 There is no objection to a solicitor or other legal representative attending the hearing with the defendant, however, that person is there at the discretion of the Chairperson and is unable to cross-examine or question witnesses and is in attendance in an advisory capacity only.
- 8.5 A party may attend in person, or if that is impractical, the party may attend by Facetime or Skype.
- 8.6 In the event that the Code of Conduct Review Committee cannot convene on normal hearing nights, the person appearing may be allowed to continue with an active Junior League involvement pending appearing on another date, unless the Incident Review Coordinator or Conduct Review Committee Chairperson decides otherwise. The Chairperson may, from time to time, adjourn a hearing in such a manner and upon such terms as the Chairperson deems fit.
- 8.7 A person must have a reasonable excuse for asking for an adjournment of a hearing, in which case, the committee may use its own discretion. If an adjournment is agreed to, the person concerned may not continue with an active Junior League involvement until the matter is heard, unless the Junior League Administrator or committee Chairperson decide otherwise.
- 8.8 The Code of Conduct Review Committee may cite any player or person for misconduct or other breaches they become aware of during the taking of evidence at hearings.
- 8.9 Conviction records are checked prior to each hearing and adjusted after the hearing has concluded. A list of all persons who appeared together with the adjudication results is communicated to all clubs following the hearing.
- 8.10 It is Junior League policy not to call children of tender years (Under 12) to hearings unless it is absolutely necessary. The Chairperson has discretion in deciding if a child of tender years should be called to a hearing, and in lieu of such attendance, may admit documented evidence if it is available and direct the committee to evaluate such evidence at the appropriate time.
- 8.11 It is Junior League policy not to admit video, DVD, laptop (or similar) electronic evidence into a hearing or investigation unless it has a direct bearing on the matter being investigated. The

Chairperson has discretion in deciding if such evidence should be admitted, and in lieu, may admit documented or verbal acknowledgement of the content of such evidence and direct the committee to evaluate such evidence at the appropriate time.

- 8.12 It is policy not to support an excessive number of witnesses attending hearings on behalf of the defendant or the complainant. The Chairperson has the discretion to restrict the number of witnesses to a reasonable number and to acknowledge the evidence such witnesses may provide and to direct the committee to evaluate such evidence at the appropriate times.
- 8.13 Witnesses who are identified in the letter of complaint or other documents may be called to give evidence at a hearing. It is a breach of the rules for a witness after being summoned to refuse or not attend a hearing.
- 8.14 The Chairperson, when necessary, has the discretion to interpret the Code of Conduct Review Guidelines and By-Laws as he/she thinks fit.

Code of Conduct Review – Hearings Procedure

- 9.1 The club representative and person appearing are called into the hearing room where the Chairperson explains the purpose of the hearing.
- 9.2 The person appearing is made aware of details of the complaint and is asked for a plea by the Chairperson.
- 9.3 If the person appearing pleads ‘Guilty’, the complainant and witness(s) may not be called. The person appearing will have an opportunity to offer an explanation and any other constructive and character information of his/her choice.
- 9.4 If the person appearing pleads ‘Not Guilty’, a full hearing of the complaint will take place with evidence taken from all witness(s), the complainant and the defendant.
- 9.5 Following the taking of evidence in a not guilty matter, the committee will first decide on the guilt or otherwise of the defendant and then decide the penalty.
- 9.6 Prior to the committee retiring to consider guilt or otherwise and penalty, the defendant will have an opportunity to advise of character information and other evidence on his/her behalf.
- 9.7 The Chairperson will not allow anyone to interrupt (or talk over), belittle, insult or ridicule another and will insist on everyone receiving natural justice and being treated in a decent and fair manner. Anyone in breach of this clause may be called before the Code of Conduct Review Committee on a complaint of misconduct.
- 9.8 Any person who feels they have been disadvantaged or have a complaint about procedure may appeal (see NSW JLA Appeals Committee Code of Procedure) any adjudication to the Chairperson of the NSW JLA Appeals Committee. A \$500.00 fee is applicable.

Procedure at Hearing

The Judiciary Counsel's Case

- 16.1 Subject to any orders made by the Judiciary Chairperson as to the conduct of any hearing, and after the Judiciary Chairperson outlines briefly to the parties the procedure of the hearing, the Judiciary Counsel shall present his/her case to the Judiciary in the following sequence:
 - 16.1.1 Playing any video footage considered by the Match Review Committee; then
 - 16.1.2 Tendering any Match Official's Incident Reports considered by the Match Review Committee and any expert reports; then
 - 16.1.3 Calling each witness whereupon that witness:
 - i Shall be examined in chief by the Judiciary Counsel;
 - ii May be cross-examined by the Player or their representative;
 - iii May be questioned by the Judiciary Chairperson and, with leave granted by the Judiciary Chairperson, by any Judiciary Panel Member;
 - iv May, with leave granted by the Judiciary Chairperson, be re-examined by the Judiciary Counsel.
 - 16.1.4 Thereafter the Judiciary Counsel shall close their case.

The Player's Case

- 16.2 After the close of the Judiciary Counsel's case, the Judiciary Chairperson shall call upon the Player or their representative to advise whether they wish to give or call evidence in defence. If he/she does wish to present evidence, that evidence shall be given in the following sequence by:
 - 16.2.1 Tendering any expert reports and other documentary evidence; then
 - 16.2.2 Calling each witness whereupon that witness:
 - i Shall be examined in chief by the Player or their representative;
 - ii May be cross-examined by the Judiciary Counsel;
 - iii May be questioned by the Judiciary Chairperson and, with leave granted by the Judiciary Chairperson, by any Judiciary Panel Member; and
 - iv May, with leave granted by the Judiciary Chairperson, be re-examined by the Player or their representative.
 - 16.2.3 Thereafter, the Player or their representative shall close the Player's case.

Closing Addresses

- 16.3 At the conclusion of the Player's case:
- 16.3.1 The Judiciary Counsel may make a closing address to the Judiciary Panel; followed by
 - 16.3.2 A closing address made by the Player or their representative.
 - 16.3.3 Further to Rule 1.17(c)(1), in the event of a Judiciary hearing in respect of a Notice of Plea entered pursuant to Rule 1.7(j)(2) (that is, a plea of guilty which challenges the recommended penalty) the closing address and submissions made by the Judiciary Counsel shall include submissions as to the objective seriousness of the conduct of the Player referred to in the Notice of Charge and any other matter relevant to the issue of penalty.

Directions to the Judiciary Panel

- 16.4 At the conclusion of the closing addresses, the Judiciary Chairperson shall address the Judiciary Panel and give whatever directions he deems necessary as to:
- 16.4.1 The onus and standard of proof;
 - 16.4.2 The elements of the charge;
 - 16.4.3 The substantive law;
 - 16.4.4 The evidence presented to the Judiciary; and
 - 16.4.5 Such other matters which, in his/her opinion, should properly be brought to the attention of the Judiciary Panel.

Deliberations and Verdict

- 16.5 After the Judiciary Chairperson has given directions to the Judiciary Panel, the Judiciary shall deliberate and decide on their verdict. At this point in time, the player and representation will be asked to leave and will no longer be required. In respect of the deliberations and the decision of the Judiciary Panel as to guilt:
- 16.5.1 The verdict of the Judiciary must be at least a verdict of the majority of the Judiciary Chairperson and the Judiciary Panel Members.
 - 16.5.2 At the conclusion of the deliberation, once the judiciary has reached a verdict, the Judiciary Chairperson shall act as spokesperson directed to the Judiciary Administrator and state what verdict was reached, providing specifics to the Judiciary Administrator. The players district and/or club and/or representation will be advised through a "Notice of Outcome" via email (Appendix 8) by 12pm the following business day as to the verdict if any, and the suspension details. This is the responsibility of the Judiciary Administrator.
 - 16.5.3 Unless ordered otherwise by the Judiciary Chairperson, the Judiciary shall not give reasons for their decision.
 - 16.5.4 If the Judiciary finds the Player not guilty of the Charge, the proceedings are thereby concluded. This will be notified via email.

Penalty

- 16.6 If the Judiciary finds the Player guilty of the Charge or if the Player enters a Notice of Plea pursuant to Rule 1.7(k)(2), it is the function of the Judiciary to determine the penalty to be imposed. A penalty may be imposed in the form of:

- 16.6.1 A suspension from:
- i A specified number of Matches or weeks; and/or
 - ii Such other penalty as to the Judiciary Panel appears just in the circumstances.

For the avoidance of doubt, in respect of any penalty in the form of a suspension, that suspension must be expressed by the Judiciary in terms of a specified number of Matches and/or weeks.

Note: Washed out Matches and Byes do **NOT** count towards matches served for suspensions. Matches forfeited by the opposition will count towards suspensions. If the team the player is registered to forfeits a match, the match does not count towards suspension.

- 16.7 The procedure to be followed by the Judiciary to determine the penalty to be imposed on the Player shall generally be in accordance with the procedure set out at Rules 1.17(a) to (d) (both inclusive) with such modifications and/or adaptations as the Judiciary Chairperson thinks fit in the circumstances.
- 16.8 Further to Rule 1.17(g) and for the avoidance of any doubt, the Judiciary shall decide on penalty at the hearing and not at any later date. The Judiciary Chairperson shall afford the Player an opportunity to address the Judiciary Panel on the question of penalty at a later date.
- 16.9 Any penalty ordered by the Judiciary which comprises in whole or in part a suspension from playing Matches shall be specified in terms of how many Matches and/or matches that Player is suspended from playing in and/or weeks. The Player is therefore suspended from all Rugby League activities until such time as the suspension is served unless specified differently.

Leave to Appeal

- 17.1 A Player, including the Junior League, aggrieved by a decision of the Judiciary may appeal therefrom to the Appeals Committee, by forwarding a Notice of Appeal to the Judiciary Administrator within 24 hours of receipt of the Notice of Outcome, on one or more of the following grounds:
- 17.1.1 With respect to the issue of guilt:
 - i That there was an error of law; or
 - ii That the decision was unreasonable or insupportable having regard to the evidence presented to the Judiciary in the hearing; or
 - 17.1.2 With respect to the issue of penalty: that the penalty imposed by the Judiciary was manifestly excessive.
- 17.2 A Player who wishes to appeal from a decision of the Judiciary must first obtain leave to do so from the Appeals Committee Chairperson.
- 17.3 The Appeals Committee Chairperson shall not grant leave for the Player to appeal unless he/she forms the view in their absolute discretion that the Player has good prospects of success on the hearing of that appeal.
- 17.4 The Judiciary Counsel has a right to be heard by the Appeals Committee Chairperson on any application for leave to appeal made by a Player pursuant to Rule 1.18 before the Appeals Committee Chairperson grants a Player leave to appeal.
- 17.5 Unless otherwise ordered by the Appeals Committee Chairperson, neither an application for leave to appeal nor an appeal by a Player to the Appeals Committee shall operate as a stay of the decision of the Judiciary which is the subject of the appeal or the application for leave to appeal.

- 17.6 Proceedings shall not be invalidated or subject to appeal, merely by reason of any defect whether of substance or of form in any notice or by reason of non-compliance by the Competition/Junior League with any provision of this Code, unless the Chairperson so directs.
- 17.7 The Appeal Fee is \$500.00 and should be attached to the completed NSW JLA Appeal Application Form when it is lodged with the Junior League. The fee can be paid in cheque or cash and is only refundable if the appeal is upheld.

Explanations of Headings – Appendix 1

Player – the registered name of the player cited or dismissed (i.e. the name that would appear on the club's team sheet)

Club – the name of the club the player was playing for when dismissed or cited.

Grade – the grade competition the player dismissed or cited.

Charge – the charges reflect the subsections of Section 15 of the International Laws of the Game.

Grading – the four levels of grading (see below for an explanation of points) reflect the severity of actions within each charge. A Low-level grading is the lightest and in general, would apply to actions that were 'careless' in nature with little or very minor impact on the player. A high level grading would, in general, apply to actions that were deliberate or intentional and either caused or had the potential to cause substantial injury to another person. The two main exceptions to this are 'kicking' and 'dropping knees'. Both these categories are, by definition, deliberate acts and therefore are seen to attract higher penalties. Serious is any matter deemed necessary for the judiciary panel.

Base Penalty – the scheduled points for the charge issued, taken from the Penalty Points Table.

Similar Offences – If a player has been convicted of a similar offence in the two (2) year period immediately preceding the incident, the player is liable to an increase equivalent to 100 points minimum or 50% of the base penalty for each previous offence.

Prior send-off's – If a player has been convicted of an offence other than a similar offence in the same two (2) year period immediately preceding the incident, the player is liable to an increase equivalent to 100 points minimum or 40% of the base penalty for each previous offence.

Clean Record – if a player has played senior football (or junior football in the case of U18 players) for a minimum of two years and has not been convicted of an offence in the two seasons preceding a charge, the player is entitled to a reduction equivalent to 25% of the base penalty.

Carry-over Points – any points previously earned by a player that has not totalled 100 will be added to the net penalty points to determine the final penalty to be served. Those points left over after the final penalty has been converted to matches or weeks will form the player's new carry-over points.

Possible Penalty – the points a player will face taking into account his playing record (discounts and penalty loadings) and including accumulated carry-over points.

Early Plea – A Player who after receiving the charge details pleads guilty or no contest to an offence and accepts the grading determined by the League will waive his rights to a judiciary hearing and subsequent appeals.

Guilty – the total points awarded, should a player be found guilty of the Charge and Grading by the Judiciary Panel. This total will take into consideration all discounts and loadings that apply to the player and any carry-over points earned by the player at the time of the incident.

Points – Every 100 points received by a player will result in an immediate one competition match played suspension.

Not Guilty Plea – If a player may prefer to have the charge heard by the Judiciary Panel by either entering a Not Guilty Plea or a Guilty Plea to the charge but to a lesser grading, and that player is found to be guilty of the charge and grading by the Judiciary Panel, the player is liable to an increase equivalent to a minimum of 100 points or 50% of the base penalty.

A player may prefer to have a charge heard by the Judiciary Panel by either entering a Not Guilty plea or Guilty Plea to the Charge but at a lesser grading. If, at the subsequent hearing, a player is found guilty to the original charge and grading, he will not be entitled to any reduction other than 'Clean Record'. If, however, the player pleads guilty but disputes the grading of the charge and the Judicial Panel reduces the grading, the player will also receive the benefit of a 25% discount.

2. ANONYMITY AND PSEUDONYMITY

We offer you the opportunity, wherever it is lawful and practicable, of not identifying yourself, or of using a pseudonym, when entering transactions, or otherwise dealing with, the NRL in relation to a particular matter.

3. WHAT KINDS OF PERSONAL INFORMATION DO WE COLLECT?

- (d) the collection is otherwise permitted under Privacy Laws.

In addition to Personal Information, we use cookies, web beacons and other technologies on our website to collect information about your Internet usage (for instance, third party websites you visit

to better understand your preferences and what types of products and services you may be interested in).

4. HOW DO WE COLLECT YOUR PERSONAL INFORMATION?

4.1 Where it is reasonable and practicable to do so, the NRL will collect your Personal Information from you. If you are a Minor, the NRL may collect Personal Information about you from your parent or legal guardian.

(d) you have not made a request not to receive direct marketing.

5.5 Where you would not reasonably expect your Personal Information to be used for direct marketing, or the information has been collected from a third party (for instance, from the Clubs as part of the Rugby League Exchange), the NRL may use the information for the secondary purpose of direct marketing communication only where:

6. WHO DO WE DISCLOSE YOUR PERSONAL INFORMATION TO?

6.1 Subject to compliance with the Privacy Act and this Privacy Policy, the NRL may also:

(a) disclose your Personal Information to its affiliates (including without limitation the States, a Competition Administrator and a Club) to enable them to administer the game of Rugby League in their area and provide related activities and services; and

(b) unless you inform the NRL otherwise, disclose your information to Clubs, States, Rugby League Partner and selected other partners as part of the Rugby League Exchange to enable such recipients to provide you with information, materials and promotional opportunities. 6.2 The NRL may disclose your Personal Information to its service providers such as ticketing agents, mail houses or other similar third-party organisations for the purpose of implementing the primary purposes, including fulfilling ticket requests and communicating Rugby League related offers. For example, the NRL uses third party credit card payment gateway services on its website. If you pay for tickets or services through the NRL's website, the NRL will be required to provide certain financial details to the third-party service provider to effect the transaction. The NRL requires these third-party organisations to keep your contact details and Personal Information confidential and only use them for the designated purpose.

7. DATA QUALITY AND SECURITY

7.1 The NRL will take reasonable steps to:

(a) make sure that the Personal Information it collects, uses or discloses is accurate, complete and up-to-date; and

(b) protect the Personal Information it holds about you or that is within its direct control from misuse, interference and loss and from unauthorised access, modification or disclosure.

7.2 The NRL will take reasonable steps to destroy or permanently de-identify Personal Information if it is no longer needed for any purpose for which the information may be used or disclosed, unless the NRL is required by or under an Australian law, or a Court order, to retain such information.

8. OPENNESS, ACCESS AND CORRECTION

8.1 The NRL, as part of the Rugby League Exchange, developed a best practice preference centre designed to provide you with greater control over the Personal Information the NRL collects from you or about you from the Clubs, States and other third parties.

8.2 The preference centre will offer you a single-point-of-access in relation to your Personal Information held by the NRL. In order for the NRL to be reasonably satisfied of your identity and right to access Personal Information, you will be required to use your login credentials to access the preference centre. If you don't have login credentials with us, you can still opt out of and otherwise manage your preferences through links in emails and other communications we send to you from time to time. You will be responsible for ensuring your Personal Information held in the preference centre remains accurate, complete and up to date. The preference centre reflects the NRL's commitment to open and transparent management of your Personal Information.

8.3 Separate from the preference centre and upon your request, the NRL will take reasonable steps to let you know, in general terms, what sort of Personal Information it holds, for what purposes, and how it collects, holds, uses and discloses that information.

8.4 Before supplying any Personal Information to you, the NRL must be reasonably satisfied as to your identity (for example, by asking to see your passport or driver's licence). The NRL is not under any obligation to provide Personal Information to you where the NRL is not required to do so under the Australian Privacy Principles or otherwise at law.

8.5 If the NRL refuses to provide you with access to Personal information it holds on you in the manner requested by you, the NRL will either:

(a) take such steps (if any) as are reasonable in the circumstances to give access to the information in a way that meets the needs of the NRL and you; or

(b) provide you with a written notice that sets out:

(i) the reasons for the refusal except to the extent that, having regard to the grounds for the refusal, it would be unreasonable to do so; and

(ii) the mechanisms available to complain about the refusal.

8.6 If:

(a) the NRL is satisfied that, having regard to a purpose for which the Personal Information is held, the information is inaccurate, out-of-date, incomplete or irrelevant or misleading; or

(b) you request the NRL to correct your Personal Information,

the NRL will take reasonable steps to correct the Personal Information to ensure that, having regard to the purpose for which it is held, it is accurate, up-to-date, complete, relevant and not misleading. The NRL will not charge you for making such a request or for correcting the information.

8.7 If the NRL refuses to correct the Personal Information at your request, the NRL will provide you with a written notice that sets out the same matters listed in clause 8.5(b).

9. TRANSBORDER DATA FLOWS

9.1 Subject to clauses 9.2 and 9.3, the NRL will not transfer your Personal Information to an overseas recipient unless it has first taken steps reasonable in the circumstances to ensure that the information that it transfers will not be held, used or disclosed by the recipient of the information inconsistently with, or otherwise in breach of, the Australian Privacy Principles (for example, NRL may adopt appropriate contractual clauses with overseas recipients that ensure their compliance with the Australian Privacy Principles). This clause does not apply to the transfer of Personal Information in accordance with the NRL Rules, including to facilitate the registration of a Player by an international Rugby League association.

9.2 We may disclose your Personal Information to overseas recipients for things such as processing membership and hosting services, most likely in China, the United States and New Zealand, although countries where such recipients are located may vary.

(b) you expressly consent to the transfer after the NRL has informed you that the Australian Privacy Principles will no longer apply if you provide your consent.

2.0 National Performance On-Field Policy

There is a need to differentiate between the "community levels" and "performance/elite levels" of Rugby League.

The current distinction between the "community level" and the "performance/elite level" on-field policies is that the NRL has determined that Paramedics, Nurses, Doctors and Physiotherapists may perform the role of Head Trainer at the "performance/elite level" provided:

- » their Paramedic/Nurse/Doctor/Physiotherapy qualifications are current, they are registered with their appropriate professional accreditation body and they have appropriate medical indemnity insurance; and
- » they undertake mandatory annual training in NRL approved Spinal Injury Management, Concussion, Advanced Resuscitation and CPR.

A Medical Practitioner (Doctor) must be in attendance at each of the "performance/elite level" matches for this policy to apply. This is in addition to any Medical Practitioner (Doctor) performing role of a Head Trainer.

All trainers at the "performance/elite level", which include Head Trainers, Assistant Medical and Water Runners, are expected to undertake annual training depending on their role, including NRL/SMA Level 1 and Level 2 Sports Trainers acting in these roles. This additional training is outlined in the table below.

The NRL Elite Competition must adhere to the Performance On-Field Policy, however State Leagues will determine which of their elite competitions they wish to apply to the performance on-field policy to. Any competition that does not operate under the performance on-field policy must operate under the community on-field policy.

9.7 NRL Infectious Disease Policy

Infectious Disease Policy

POLICY STATEMENT ON INFECTIOUS DISEASES

(With particular reference to HIV (AIDS), Hepatitis B, Meningococcal Illness and other infectious diseases transmitted by saliva and other excretions from the nose and throat)

A number of blood-borne infectious diseases can be transmitted during body contact and collision sports such as rugby league. The more serious include Hepatitis and HIV (AIDS). Infectious diseases may be spread by contact between broken skin or mucous membrane and infected:

- Blood
- Saliva (There is no evidence that contact with saliva can place someone at high risk of HIV infection)
- Semen and vaginal fluids

A number of bacteria and viruses can be transmitted via saliva and other secretions from the nose and throat when water bottles, referees whistles and other similar articles are shared during sporting activities. These include potential serious infections such as meningococcal illness, whooping cough, hepatitis A and glandular fever.

THE FOLLOWING RECOMMENDATIONS WILL REDUCE THE RISK OF TRANSMITTING INFECTIOUS DISEASES TO PLAYERS

1. It is the players' responsibility to maintain strict personal hygiene, as this is the best method of controlling the spread of these diseases.
2. HIV, hepatitis viruses and other infections can be acquired by rugby league players and staff in activities unrelated to rugby league. Unprotected sexual contacts, injected drug use for recreational or performance-enhancing drugs, for example, present risk factors greater than those present in the playing of rugby league.
3. It is strongly recommended that all players involved in rugby league be vaccinated against Hepatitis B.
4. All players with prior evidence of infectious disease are strongly advised to obtain advice and clearance from a doctor prior to participation.
5. Open cuts and abrasions occurring during a match or training must be reported and managed immediately.

Infectious Disease Policy

6. If the bleeding cannot be controlled the player must cease playing/training.
7. Players should avoid unnecessary contact with the blood of other players.

REFEREES AND GAME OFFICIALS

1. Officials must report all open cuts and abrasions to medical staff at the first available opportunity.
2. If the referee notices a bleeding or blood contaminated player, he/she will immediately stop play and call 'time-out' and signal to the team trainer to attend to the player.
3. The team Sports trainer will immediately enter the field of play to assess whether the player can be managed/assessed on the field or whether he/she will management off the field.
4. If the sports trainer advises that the player can be managed/assessed on the field, the referee will instruct the player to drop out behind play for that purpose and the match will immediately recommence.
5. If the Sports trainer advises the referee that he will have to manage/assess the player off the field, the match will not restart until the player has left the field. The player may be interchanged, or alternatively the team can elect to temporary play on with 12 players. (Note: other than for the initial assessment, the match will not be held up while the bleeding player receives treatment or is interchanged).
6. If the referee stops play twice for the same player and the same wound, the player must be taken from the field for management and either interchanged or the team may elect to play on with 12 players until the bleeding player returns.
7. If a bleeding player has left the field for management and is not interchanged, he/she may return to the field of play at any time provided he/she does so from an on-side position. If the bleeding player has been interchanged, he/she may only return to the field through the interchange official as a normal interchange player.
8. A bleeding player returning to the field of play who has not been interchanged, is not to be regarded as a replacement/interchange player and therefore may take a kick for goal. Conversely, a bleeding player returning to the field of play who has been interchanged may not take a kick for goal at that time.
9. If bleeding cannot be controlled and the wound securely covered, the player must not continue in the game and a replacement will be made.

Infectious Disease Policy

10. If the bleeding player does not leave the field voluntarily or when ordered to do so by the referee, the referee may dismiss the player and charge him with misconduct.
11. All contaminated clothing and equipment must be replaced prior to the player being allowed to resume play. If no alternate clothing is available contaminated gear should be sprayed with bleach solution.
12. It is strongly recommended those who officiate in rugby league should be vaccinated against Hepatitis B.
13. It is strongly recommended that if players, referees or other participants are feeling unwell prior to the sporting event, they should not participate. They should consult the team doctor or their own doctor.
14. Players, referees and other participants who are unwell during or after a sporting event should not continue to take part in the event, unless cleared to do so by the team doctor or a General Practitioner.
15. Players, referees and other participants who have an open cut or ulcerating sore should be seen by a doctor and not take part in a sporting event unless cleared to do so by a doctor.
16. Referees and other officials should be supplied with water bottles, whistles and any other equipment that has the potential to be contaminated by saliva. These items must not be shared with any other person at any time.
17. Gloves should be worn when handling or washing soiled linen. General utility gloves, i.e. rubber household gloves, can be used for this task. The gloves should be washed in detergent after use, or discarded if they are peeled, cracked, discoloured, torn, punctured or have other evidence of deterioration. Contaminated linen soiled with blood or body substances should be transported in a leak proof plastic bag to the laundry site simply to contain the body fluid and stop it spreading to other laundry items. Contaminated clothing/equipment should be laundered separately in a hot wash at a minimum temperature of 80 degrees Celsius.

Infectious Disease Policy

TEAM AREAS

1. It is the club's responsibility to ensure that the dressing rooms be clean and tidy. Particular attention should be paid to hand basins, toilets, showers and benches. Adequate soap, paper hand towels, brooms, refuse disposal bins and disinfectants must be available at all times. Drains must run freely.
2. Communal bathing areas (e.g. spas) should be strongly discouraged.
3. The practice of spitting and urinating (other than in the toilet) in team areas must not be permitted.
4. All clothing, equipment and surfaces contaminated by blood must be treated as potentially infectious and treated accordingly.
5. Sharing of towels, shaving razors, face washers and drink containers must not occur.
6. It is strongly recommended that all personnel working in rugby league team areas should be vaccinated against Hepatitis B and know their immunity status.
7. In all training areas, open cuts and abrasions must be reported to medical staff and treated immediately.
8. Players should be supplied with their own water bottles and any other equipment that has the potential to be contaminated with saliva.
9. During matches and training, players must drink only from their own drink containers or recommended water containers possessing spouts. Players should not have contact with or touch the nozzle of squeeze bottles.

FIRST AID ROOM

1. The first aid room must be cleaned regularly.
2. A rubbish bin must contain plastic liners, which are to be disposed of after use **at** training session/match.
3. Needles/syringes must be disposed of after use in a suitable waste disposal kit (Needles/syringes must only be administered by a professional qualified medical practitioner).

Infectious Disease Policy

GYMNASIUM

1. Flooring should be of a non-pervious material with a sealed surface that is easily cleaned. Carpet and artificial turf type surfaces are discouraged.
2. Players should have shoes, shirt and their own towel for each workout.
3. Communal baths are to be discouraged.

MINIMISING THE RISK OF HIV AND VIRAL HEPATITIS TRANSMISSION

1. Those attending to bleeding players should wear non-utility gloves, i.e. disposable latex or vinyl gloves that must never be reused. These must be worn when direct contact is anticipated with blood or body substances, mucous membranes, or non-intact skin, as when attending to first aid of a bleeding player or handling items or contact surfaces contaminated with blood or body substances.
2. Gloves must be changed and discarded:
 - As soon as they are torn or punctured
 - After contact with each player
3. Hands must be washed after removal and disposal of gloves. Medical/First Aid kits must contain disposable protective gloves, soap and plastic bags for disposal of contaminated equipment/clothing.
4. Disposable resuscitation devices should be available and accessible. They should be used for anyone requiring mouth-to-mouth cardiopulmonary resuscitation (CPR). Any CPR training should include instruction in the use of resuscitation devices to prevent direct mouth-to-mouth contact between the injured person and the resuscitator.
5. If a player has a skin lesion, he/she must be immediately reported to the responsible Sports Trainer and medical attention sought.
6. If a skin lesion is observed, it must be immediately cleansed with suitable antiseptic and securely covered.
7. If a bleeding wound occurs, the individual's participation must be interrupted until the bleeding has been stopped and the wound is both rinsed with plenty of water or normal saline to remove dirt and covered with a waterproof dressing. Any embedded object that cannot be removed by the above procedure should be referred to hospital for evaluation.
8. A separate first aid room should be available for the treatment and suturing of wounds.

Infectious Disease Policy

ACTION TO BE TAKEN IN THE EVENT OF A BLOOD SPILL

In an accident where bleeding occurs and if:

1. **Skin is penetrated or broken**, the immediate first aid is to clean the wound with water or normal saline.
2. **Clothes are bloodstained**, they should be changed with clean ones once the wound has been treated (or spayed with bleach solution if no alternative clothing is available). They should be handled with rubber gloves and treated as per above.
3. **Blood gets on the skin**, irrespective of whether they are cuts or abrasions, wash well with soap and water.
4. **Eyes are contaminated**, rinse the area gently but thoroughly, with the eyes open, with water or normal saline.
5. **A player is wearing contact lenses:**
 - Leave the contact lens in while the eye is irrigated with water or normal saline, the contact lens are acting as a barrier to the eye.
 - When the eye has been adequately irrigated for several minutes, remove the contact lenses and clean in the normal manner.
 - They can then be reused. They do not have to be cleaned any differently than normal and they do not need to be discarded.
6. **Blood gets in the mouth**, spit it out and rinse the mouth with water several times. Where there is additional concern about infection, medical advice should be sought.

EDUCATION

There is an obligation upon all organisations to provide suitable information on the associated risk factors and prevention strategies against infectious diseases. Additional information may be obtained from team doctors or the department of health.

National Rugby League Member Protection Policy – July 2015

NRL MEMBER PROTECTION POLICY STATEMENT

The National Rugby League (NRL) has a policy of using world’s best practice in risk management to support and enhance activities in all areas of our organisation and to ensure that risk management is an integral part of our decision-making process.

We use a structured risk management process to minimise reasonably foreseeable physical, financial, legal and ethical harm to people, disruption to operations and damage to the environment and property. We identify and take advantage of opportunities as well as minimising adverse effects.

We train our people to implement risk management effectively. We strive to continually improve our risk management practices.

Included as part of the National Rugby League’s Risk Management Program are Member Protection Policies and Procedures for the National Body, all Affiliated State Leagues and their affiliated organisations. These policies and procedures are an essential part of our organisation’s proactive and preventative approach to tackling inappropriate behaviour. These policies are governed by the NRL and adopted by its all Affiliated State Leagues and their affiliated organisations.

The National Rugby League and its affiliates are dedicated to providing a safe, healthy and professional environment for all members and providers participating in rugby league activities – including players, coaches, officials, volunteers and paid and unpaid administrators.

As Australians we have a very high regard for sport in our culture and community. The National Rugby League, the Affiliated State Leagues and all their affiliated bodies recognise the right of each and every individual to participate in and enjoy our sport, at whichever level they choose to participate. We are committed to providing for all participants, particularly children, an environment which is free from harassment and abuse, and promotes respectful and positive behaviour and values. The codes of conduct included in the Member Protection Policy form the basis of appropriate and ethical conduct that everyone must abide by.

Rugby League as a sport is proud to lead the way in ensuring safe and harassment free sport for all our participants, from loyal fans to juniors to first grade players. The National Rugby League is committed to ensuring that everyone associated with our organisation complies with these policies and procedures.

National Rugby League Member Protection Policy – July 2015

2. Purpose of this policy

This Member Protection Policy aims to ensure that our core values, good reputation and positive behaviours and attitudes are maintained. It assists us in ensuring that every person involved in our sport is treated with respect and dignity, and is safe and protected from abuse. This policy also ensures that everyone involved in our sport is aware of his or her legal and ethical rights and responsibilities. This policy also reflects our support and implementation of the sport industry principles and values outlined in **The Essence of Australian Sport** – principles of fairness, respect, responsibility and safety.

The policy attachments provide the procedures that support our commitment to eliminating discrimination, harassment, child abuse and other forms of inappropriate behaviour from our sport. As part of this commitment, National Rugby League and its Affiliated Organisations will take disciplinary action against any person or organisation bound by this policy if they breach it.

This policy has been endorsed by the National Rugby League Limited and has been incorporated into our By-Laws. The policy starts on 13 May 2014 and will operate until replaced. This policy and/or its attachments may be amended from time to time by resolution of the NRL. Copies of the policy and its attachments can be obtained from our website www.nrl.com.au and from the National Rugby League and its Affiliated State League offices. Policies are subject to review and change at any time. In the event there has been a change, the policy will be updated to reflect this.

3. Who is bound by this policy

This policy applies to the following, whether they are in a paid or unpaid/voluntary capacity:

- Individuals sitting on boards, committees and sub-committees;
- Volunteers;
- Support personnel (e.g. managers, physiotherapists, psychologists, masseurs, sport trainers);
- Coaches and assistant coaches;
- Athletes and players;
- Referees, umpires and other officials;
- Members, including life members;
- Member associations;
- Affiliated clubs and associated organisations;
- Peak associations and the national body;
- Any other person or organisation that is a member of or affiliated to the National Rugby League;
- Parents, guardians, spectators and sponsors to the full extent that is possible.

National Rugby League Limited paid employees are subject to internal policies endorsed by the National Sporting Organisation.

This policy will continue to apply to a person even after they have stopped their association or employment with the National Rugby League and its affiliated organisations if disciplinary action, relating to an allegation of child abuse against that person, has commenced.

NRL registered players and officials are **not** covered by the Member Protection Policy while undertaking their activities in the NRL or NYC (where they are subject to the NRL Rules). But those players and officials are covered by this Policy if they are engaged in other league related activities covered by the Member Protection Policy.

National Rugby League Member Protection Policy – July 2015

4. Organisational responsibilities

The NRL, Affiliated State Leagues and their Affiliated Leagues and Clubs must:

- 4.2 Publish, distribute and otherwise promote this policy and the consequences for breaching it;
- 4.3 Promote appropriate standards of behaviour at all times;

Individuals bound by this policy are responsible for:

- 5.1 Making themselves aware of the policy and complying with the standards of conduct outlined in this policy;

- 5.5 Complying with all other requirements of this policy;
- 5.6 Co-operating in providing a discrimination, child abuse and harassment free sporting environment;
- 5.7 Understanding the possible consequences of breaching this policy.

6. Position statements

6.1 Child protection

The purpose of this policy is to ensure a safe and positive environment for children and young people to participate in activities. This policy will assist the National Rugby League (NRL) in establishing coordinated strategies for dealing with the problem of child abuse and neglect in a responsible, consistent and effective manner.

Every person and organisation bound by this policy must always place the safety and welfare of children above all other considerations.

The NRL aims to promote a safe environment for all children and to assist all staff, officials, players, coaches, members and volunteers to recognise child abuse and neglect and follow the appropriate notification procedures when reporting alleged abuse.

Administrators, coaches, officials, members and volunteers often have a high level of contact with children in the sporting environment and play a major part in the successful operation of sporting

National Rugby League Member Protection Policy – July 2015

activities. Coaches and officials are often seen as role models. They have significant influence on the children they come into contact with and therefore have significant responsibilities.

The NRL expects that all administrators, coaches and officials whether paid or unpaid, who participate in organised sport will commit to implementing risk management strategies developed by the NRL for child protection and intervention.

6.1.1 Identify and analyse risk of harm

We will develop and implement a risk management strategy, including a review of our existing child protection practices, to determine how child-safe our organisation is and to identify any additional steps we can take to minimise and prevent the risk of harm to children because of the actions of an employee, volunteer or another person.

6.1.2 Develop codes of behaviour

We will develop and promote a code of behaviour that sets out the conduct we expect of adults when they deal and interact with children involved in our sport, especially those in our care. We will also implement a code of behaviour to promote appropriate conduct between children.

These codes will clearly describe professional boundaries, ethical behaviour and unacceptable behavior. (Refer to the attachments in Part B of this policy.)

6.1.3 Choose suitable employees and volunteers

We will take all reasonable steps to ensure that our organisation engages suitable and appropriate people to work with children, especially those in positions that involve regular unsupervised contact with children. This will include using a range of screening measures.

We will ensure that Working with Children Checks are conducted for all employees and volunteers who work with children, where an assessment is required by law. If a criminal history report is obtained as part of their screening process, we will handle this information confidentially and in accordance with the relevant legal requirements. (Refer to the attachments in Part C of this policy.)

6.1.4 Support, train, supervise and enhance performance

We will ensure that all our employees and volunteers who work with children have ongoing supervision, support and training. Our goal is to develop their skills and capacity and to enhance their performance so we can maintain a child-safe environment in our sport.

6.1.5: Empower and promote the participation of children

We will encourage children and young people to be involved in developing and maintaining a child-safe environment for our sport.

6.1.6: Report and respond appropriately to suspected abuse and neglect

We will ensure that all our employees and volunteers are able to identify and respond appropriately to children at risk of harm and that they are aware of their responsibilities under state laws to make a report if they suspect on reasonable grounds that a child has been, or is being, abused or neglected. (Refer to the attachments in Part E of this policy.)

Further, if any person believes that another person or organisation bound by this policy is acting inappropriately towards a child, or is in breach of this policy, he or she may make an internal complaint to us. (Refer to the attachments in Part D of this policy.)

National Rugby League Member Protection Policy – July 2015

6.2 Taking images of children

A high level of care needs to be exercised by clubs, associations and administrators when dealing with the issue of photo images of children.

There have been a number of instances where photos of children in sporting magazines and sporting websites have been misused and/or altered for inappropriate purposes.

Clubs, associations and administrators also need to be alert to the possibility that photo images bearing the name of the child and also identifying the club, can lead to the child being located and contacted by third parties for inappropriate purposes.

The NRL urges its member clubs and associations to be aware of such risks and to take steps, where possible, to minimise those risks.

The NRL requires that individuals and associations, wherever possible, obtain permission from a child's parent/guardian before taking an image of a child that is not their own. They should also make sure the parent/guardian understands how the image will be used.

To respect people's privacy, we do not allow camera phones, videos and cameras to be used inside changing areas, showers and toilets which we control or are used in connection with our sport.

Third Party Photographers

The NRL recommends that steps be taken to verify the bona fides of any third party photographer wishing to take photographs of children participating in your Club or Association. Even when the bona fides are verified, NRL recommends that the third party photographer be required to complete the Authority to Photograph form, which vests all of the intellectual property in the photos directly to your Club.

Use of Child Images in websites or newsletters

It is common practice for clubs and associations to use images of participating children on the club's website and in newsletters.

The NRL recommends the selection of images which are not likely to be used by others in an inappropriate manner. Wherever possible, use images which portray the children in full playing uniform.

Clubs, associations and administrators should only use images of children when so authorised by the children's parent or guardian.

General Caution on Personal Information

The NRL recommends that only the contact details for club officials are displayed on your published material and also recommends the exercise of caution in publishing the full names of children appearing in any published material.

The NRL cautions clubs and association regarding the possibility of misuse of personal information such as phone numbers, addresses or names published by your club or association, especially when such information can be cross referenced to photo images naming those children appearing.

When publishing photo images on a website, The NRL recommends that advice be sought from a computer specialist to minimise the possibility of images on the website being copied and misused inappropriately.

The NRL do not permit under any circumstance access by a photographer to a child for personal or unsupervised photo sessions.

National Rugby League Member Protection Policy – July 2015

Where the Club is aware of upcoming exposure by the Club to newspaper or television exposure, a general caution should be issued to parents, notifying them of the media exposure and giving them the opportunity to make enquiries or objections.

6.3 Anti-discrimination and harassment

The National Rugby League is committed to providing an environment in which people are treated fairly and equitably and that is, as far as practicable, free from all forms of discrimination and harassment.

We recognise that people cannot participate, enjoy themselves or perform at their best if they are treated unfairly, discriminated against or harassed.

6.3.1 Discrimination Unlawful discrimination involves the less favourable treatment of a person on the basis of one or more of the personal characteristics protected by state or federal anti-discrimination laws.

The personal characteristics protected by anti-discrimination laws include attributes such as race, age, disability, gender and race. The full list of protected personal characteristics is in the “Definitions” set out in the Dictionary of Terms.

Discrimination can be either direct or indirect.

- **Direct** discrimination occurs if a person treats, or proposes to treat, a person with a protected personal characteristic unfavourably because of that personal characteristic.
- **Indirect** discrimination occurs if a person imposes, or proposes to impose, a requirement, condition or practice that will disadvantage a person with a protected personal characteristic and that requirement, condition or practice is not reasonable.

For the purposes of determining discrimination, the offender’s awareness and motive are irrelevant.

6.3.2 Harassment

Harassment is any unwelcome conduct, verbal or physical, that intimidates, offends or humiliates another person and which happens because a person has a certain personal characteristic protected by State or Federal anti-discrimination legislation.

The offensive behaviour does not have to take place a number of times, a single incident can constitute harassment.

Sexual harassment is one type of harassment. Sexual harassment is unwelcome conduct, remarks or innuendo of a sexual nature. It covers a wide range of behaviours and can be verbal, written, visual or physical. Sexual harassment is not limited to members of the opposite sex.

6.3.3 Prohibition against discrimination and harassment

The NRL prohibits all forms of harassment and discrimination based on the personal characteristics listed in the “Definitions” set out in the Dictionary of Terms [see clause 10].

Any person who believes they are being, or have been, harassed or discriminated against by another person or organisation bound by this policy is encouraged to raise their concerns with us. A person may make an internal complaint, and in some circumstances, they may also be able to make a complaint to an external organisation. (Refer to the attachments in Part D of this policy.)

6.4 Intimate relationships

The NRL understands that consensual intimate relationships (including, but not limited to sexual relationships) between coaches or officials and adult athletes may take place legally. However, this policy will help ensure that the expectations of coaches or officials are clear and, to ensure that if an intimate relationship does exist or develop between a coach or official and an adult athlete, that relationship will be managed in an appropriate manner.

Coaches and officials are required to conduct themselves in a professional and appropriate manner in all interactions with athletes. In particular, they must ensure that they treat athletes in a respectful and fair manner, and that they do not engage in sexual harassment, bullying, favoritism or exploitation.

The NRL takes the position that consensual intimate relationships between coaches or officials and the adult athletes they coach should be avoided as they can have harmful effects on the athlete involved, on other athletes and coaches and on the sport's public image. These relationships can also be perceived to be exploitative due to the differences in authority, power, maturity, status, influence and dependence between the coach or official and the athlete.

The NRL recommends that if an athlete attempts to initiate an intimate relationship with a coach or official, the coach or official should discourage the athlete's approach and explain to the athlete why such a relationship is not appropriate.

If a consensual intimate relationship does exist or develop between an adult athlete and a coach or official, the coach or official is expected to ensure that the relationship is appropriate and that it does not compromise impartiality, professional standards or the relationship of trust the coach or official has with the athlete and/or other athletes.

In assessing the appropriateness of an intimate relationship between a coach or official and an adult athlete, relevant factors include, but are not limited to:
the relative age and social maturity of the athlete;

- any potential vulnerability of the athlete;
- any financial and/or emotional dependence of the athlete on the coach or official;
- the ability of the coach or official to influence the progress, outcomes or progression of the athlete's performance and/or career;
- the extent of power imbalance between the athlete and coach or official; and the likelihood of the relationship having an adverse impact on the athlete and/or other athletes.

It will often be difficult for a coach or official involved in an intimate relationship with an adult athlete to make an objective assessment of its appropriateness and accordingly they are encouraged to seek advice from the Member Protection Information Officer, Complaints Manager or other official to ensure that they have not involved themselves in inappropriate or unprofessional conduct.

If it is determined that an intimate relationship between a coach or official and an adult athlete is inappropriate or unprofessional the NRL may take disciplinary action against the coach or official up to and including dismissal. Action may also be taken to stop the coaching relationship with the athlete. This could include a transfer, a request for resignation or dismissal from coaching duties.

If a coach, official or athlete believes they are being, or have been, harassed they are encouraged to seek information and support from the Member Protection Information Officer. Our complaints procedure is outlined in Part D of this policy.

National Rugby League Member Protection Policy – July 2015

6.5 Pregnancy

Pregnant women should be treated with respect and any unreasonable barriers to their full participation in our sport should be removed. We will not tolerate any discrimination or harassment against pregnant women.

The NRL will take reasonable care to ensure the continuing safety, health and well-being of pregnant women. We will advise pregnant women that there may be risks involved in participating and encourage them to obtain medical advice about those risks. Pregnant women should be aware that their own health and well-being, and that of their unborn children, are of utmost importance in their decision-making about the extent they choose to participate in our sport.

We will only require pregnant women to sign a disclaimer if all other participants are required to sign one in similar circumstances. We will not require women to undertake a pregnancy test.

If a pregnant woman feels she has been harassed or discriminated against by another person or organisation bound by this Policy, she may make a complaint. (Refer to the attachments in Part D of this policy.)

6.6 Gender identity

Gender identity means the gender-related identity, appearance or mannerisms or other gender-related characteristics of a person. This includes the way people express or present their gender and recognises that a person's gender identity may be an identity other than male or female. Some terms used to describe a person's gender identity include trans, transgender and gender diverse.

6.6.1 Gender identity discrimination and harassment

Federal, state and territory anti-discrimination laws provide protection from discrimination against people on the basis of their gender identity. (See definition in Dictionary of terms).

The NRL is committed to providing a safe, fair and inclusive sporting environment where all individuals can contribute and participate. We will not tolerate any unlawful discrimination or harassment of a person who identifies as transgender or transsexual or who is thought to be transgender or transsexual. If a transgender or transsexual person feels he or she has been harassed or discriminated against by another person or organisation bound by this policy, he or she may make a complaint.

6.6.2 Participation in sport

The NRL recognises that excluding people from participating in sporting events and activities because of their gender identity may have significant implications for their health, wellbeing and involvement in community life. We are committed to supporting participation in our sport on the basis of the gender with which a person identifies.

If issues of performance advantage arise, we will consider whether the established discrimination exceptions for participation in sport are relevant in the circumstances. Discrimination is unlawful unless an exception applies.

We also recognise that there is debate over whether a male-to-female transgender person obtains any physical advantage over other female participants. This debate is reflected in the divergent discrimination laws across the country. If issues of performance advantage arise, we will seek advice on the application of those laws in the particular circumstances.

National Rugby League Member Protection Policy – July 2015

The NRL is aware that the International Olympic Committee (IOC) has established criteria for selection and participation in the Olympic Games. Where a transgender person intends to compete at an elite level, we will encourage them to obtain advice about the IOC's criteria, which may differ from the position we have taken.

Drug testing procedures and prohibitions also apply to people who identify as transgender. A person receiving treatment involving a Prohibited Substance or Method, as described on the World Anti-Doping Agency's Prohibited List, should apply for a standard Therapeutic Use Exemption.

6.6.3. Intersex status

Federal anti-discrimination law, and some state and territory anti-discrimination laws, provide protection from discrimination against a person on the basis of their intersex status. (See Dictionary of terms).

The NRL is committed to providing a safe, fair and inclusive sporting environment where all people can contribute and participate. We will not tolerate any unlawful discrimination or harassment of a person because of their intersex status.

6.7 Responsible service and consumption of alcohol

The NRL is committed to conducting sporting and social events in a manner that promotes the responsible service and consumption of alcohol. We also recommend that state associations and member clubs follow strict guidelines regarding the service and consumption of alcohol.

In general, the NRL policy is that:

- alcohol should not be available or consumed at sporting events involving children and young people under the age of 18
- alcohol-free social events will be provided for young people and families
- food and low-alcohol and non-alcoholic drinks will be available at events held or endorsed where alcohol is served
- a committee member will be present at events held or endorsed where alcohol is served to ensure appropriate practices are followed
- safe transport options will be promoted as part of any event held or endorsed where alcohol is served.

6.8 Smoke-free environment

The NRL recommends that the following policies be applied to all sporting and sporting related social events that we hold or endorse.

- No smoking shall occur at or near sporting events involving children and young people under the age of 18. This policy shall apply to coaches, players, trainers, officials and volunteers.
- Social events shall be smoke-free, with smoking permitted at designated outdoor smoking areas.
- Coaches, officials, trainers, volunteers and players will refrain from smoking and remain smoke-free while they are involved in an official capacity in our sport, both on and off the field.

6.9 Bullying

The NRL regards bullying and harassment in all forms as unacceptable in our sport. Bullying has the potential to cause great anxiety and distress to the person targeted by hurtful or derogatory comments or statements.

Bullying is characterised by repeated, unreasonable behaviour directed at a person, or group of persons, that creates a risk to health and safety. Bullying behaviour is that which a reasonable

National Rugby League Member Protection Policy – July 2015

person in the circumstances would expect to victimise, humiliate, undermine, threaten, degrade, offend or intimidate a person. Bullying behaviour can include actions of an individual or a group.

Whilst generally characterised by repeated behaviours, one-off instances can amount to bullying.

The following types of behaviour, where repeated or occurring as part of a pattern of behaviour, would be considered bullying:

- verbal abuse including shouting, swearing, teasing, making belittling remarks or persistent unjustified criticism;
- excluding or isolating a group or person;
- spreading malicious rumours; or psychological harassment such as intimidation

Bullying includes cyber-bullying which occurs through the use of technology. New technologies and communication tools, such as smart phones and social networking websites, have greatly increased the potential for people to be bullied through unwanted and inappropriate comments.

The NRL will not tolerate abusive, discriminatory, intimidating or offensive statements being made online. In some cases, bullying is a punishable criminal offence.

Frustration at a referee, teammate, coach or sporting body should never be communicated on social networking websites. These issues should instead be addressed – in a written or verbal statement or a complaint – to the relevant controlling club, league or peak sporting body.

6.10 Social networking

The NRL acknowledges the enormous value of social networking websites, such as Facebook and Twitter, to promote our sport and celebrate the achievements and success of the people involved in our sport.

We expect all people bound by this policy to conduct themselves appropriately when using social networking sites to share information related to our sport.

Social media postings, blogs, status updates and tweets:

- Must not use offensive, provocative or hateful language
- Must not be misleading, false or injure the reputation of another person
- Must not contain material which is in breach of laws, court orders, undertakings or contracts;
- Should respect and maintain the privacy of others
- Should promote the sport in a positive way.

7. Complaints procedures

7.1 Handling complaints

The National Rugby League aims for all complaints to be dealt with promptly, seriously, sensitively and confidentially.

Any person (a complainant) may report a complaint about a person, people or organisation bound by this policy (respondent) if they feel they have been harassed, bullied or discriminated against or there has been a breach of this policy.

In the first instance, complaints should be reported to the relevant State/Territory or relevant body representative or junior club or District /Group/ Region Member Protection Information Officer,

If a complaint relates to behaviour or an incident that occurred at the:

- State level, or involves people operating at the state level, then the complaint should be reported to and handled by the relevant state association in the first instance

National Rugby League Member Protection Policy – July 2015

- Club/ district/group/region level, or involves people operating at the this level, then the complaint should be reported to and handled by the relevant club in the first instance.

Only matters that relate to, or which occurred at, the national level, as well as serious cases referred from the state and club level, should be dealt with by the national body.

A complaint may be handled informally or formally. The complainant will usually indicate his or her preferred option unless the official e.g. Member Protection Information Officer, considers that the complaint falls outside this policy and should be handled another way.

For example, the law may require that the complaint/allegation be reported to an appropriate authority.

All complaints will be dealt with promptly, seriously, sensitively and confidentially. Our procedures for handling and resolving complaints are outlined in Attachment [D1]

Individuals and organisations may also seek to have their complaint handled by an external agency under anti-discrimination, child protection, criminal or other relevant legislation.

7.2 Improper complaints and victimisation

The NRL aims to ensure that our complaints procedure has integrity and is free of unfair repercussions or victimisation against the person making the complaint.

We will take all necessary steps to make sure that people involved in a complaint are not victimised. Disciplinary measures can be imposed on anyone who harasses or victimises another person for making a complaint or supporting another person's complaint.

If at any point in the complaint handling process the relevant official considers that a complainant has knowingly made an untrue complaint, or the complaint is malicious or intended to cause distress to the respondent, the matter may be referred to the National Governing Body- National Rugby League for review and appropriate action, including possible disciplinary action against the complainant.

7.3 Mediation

The NRL aims to resolve complaints quickly and fairly. Complaints may be resolved by agreement between the people involved with no need for disciplinary action.

Mediation is a confidential process that allows those involved in a complaint to discuss the issues or incident in question and come up with mutually agreed solutions. It may occur before or after the investigation of a complaint.

If a complainant wishes to resolve the complaint with the help of a mediator, the *relevant official* will, in consultation with the complainant, arrange for an independent mediator where possible. We will not allow lawyers to negotiate on behalf of the complainant and/or the respondent.

More information on the mediation process is outlined in Attachment [D2]

7.4 Tribunals

A Tribunal may be convened to hear a formal complaint:

- referred to it or escalated by a state association because of the serious nature of the complaint, because it was unable to be resolved at the state level or because the policy of the state association directs it to be;
- for an alleged breach of this policy.

The Tribunal procedure is outlined in Attachment [D4].

National Rugby League Member Protection Policy – July 2015

A respondent may only lodge an appeal to the Appeal Tribunal in respect of a Tribunal decision. The decision of the Appeal Tribunal is final and binding on the people involved. The appeals process is outlined in Attachment [D4].

Every organisation bound by this policy will recognise and enforce any decision of a Tribunal or Appeal Tribunal under this policy.

8. What is a breach of this policy?

It is a breach of this policy for any person or organisation to which this policy applies, to have been found to have:

- a) Breached the codes of behaviour (see part B);
- b) Brought the sport and/or the National Rugby League and its affiliates into disrepute;
- c) Failing to follow the National Rugby League policies and procedures for the protection, safety and welfare of children;
- d) Discriminated against, harassed or bullied (including cyber-bullying) any person;
- e) Victimised another person for reporting a complaint;
- f) Engaged in a sexually inappropriate relationship with a person that the person supervises, or has influence, authority or power over;
- g) Verbally or physically assaulted another person, intimidated another person or created a hostile environment within the sport;
- h) Disclosed to any unauthorised person or organisation any National Rugby League or its affiliated organisations' information that is of a private, confidential or privileged nature;
- i) Made a complaint they **knew** to be untrue, vexatious, malicious or improper;

10. Dictionary of terms

This Dictionary sets out the meaning of words used in this policy and its attachments, without limiting the ordinary and natural meaning of the words. Further detail or definitions that are specific to different states and territories can be sourced from the relevant child protection authorities or equal opportunity and anti-discrimination commissions.

Abuse is the violation of an individual's human or civil rights through the act or actions of another person or persons. Types of abuse include physical abuse, psychological or emotional abuse, sexual abuse, constraints and restrictive practices, financial abuse, legal or civil abuse and systemic abuse.

Affiliated club means an organisation that is affiliated with the National Rugby League or its affiliated state leagues.

Child means a person who is under the age of 18.

Child abuse involves conduct which puts a child at risk of harm and may include:

National Rugby League Member Protection Policy – July 2015

- **physical abuse**, which occurs when a child has suffered, or is at risk of suffering, non-accidental physical trauma or injury. This may include, but is not limited to, hitting, shaking or other physical harm; giving a child alcohol or drugs; or training that exceeds the child's development or maturity.
- **sexual abuse**, which occurs when an adult, other child, or adolescent uses their power or authority to involve a child in a sexual activity or any other inappropriate conduct of a sexual nature (e.g. sexual intercourse, masturbation, oral sex, pornography, including child pornography, or inappropriate touching or conversations).
- **emotional abuse**, which occurs when a child's social, emotional, cognitive or intellectual development is impaired or threatened. Emotional abuse can include, but is not limited to, emotional deprivation due to persistent rejection or criticism, hostility, teasing/bullying, humiliation, taunting, sarcasm, yelling, name-calling or placing unrealistic expectations on a child.
- **neglect**, which occurs when a child's basic necessities of life are not met and their health and development are affected. Basic needs include food, water, shelter, adequate clothing, personal hygiene, timely provision of medical treatment and adequate supervision.

Complaint means a complaint made under clause *[7]* of this policy

Complainant means the person making a complaint.

Complaint handler/manager means the person appointed under this policy to investigate a complaint.

Discrimination occurs when someone is treated (or is proposed to be treated) unfairly or less favourably than another person in the same or similar circumstances because of one of the personal characteristics covered by anti-discrimination laws. This is known as direct discrimination. Indirect discrimination occurs when there is (or is proposed) an unreasonable requirement, condition or practice that seems to treat everyone equally, but which has or is likely to have the effect of disadvantaging persons with a personal characteristic covered by anti-discrimination laws.

In Australia, it is against the law to discriminate against someone because of:

- age
- sex or gender
- gender identity
- intersex status
- race, colour, descent, national or ethnic origin, nationality, ethno-religious origin, immigration
- disability, mental and physical impairment
- family/carer responsibilities, status as a parent or carer
- marital status
- pregnancy, potential pregnancy, breastfeeding
- sexual orientation and gender identity
- physical features
- irrelevant medical record
- irrelevant criminal record, spent convictions
- political beliefs or activities
- religion, religious beliefs or activities
- national extraction or social origin
- lawful sexual activity
- profession, trade, occupation or calling
- member of association or organisation of employees or employers, industrial activity, trade union activity
- defence service

National Rugby League Member Protection Policy – July 2015

- personal association with someone who has, or is assumed to have, any of the above characteristics

Examples of discrimination are available on the Play by the Rules website:
www.playbytherules.net.au/legal-stuff/discrimination

Some exceptions to state, territory and federal anti-discrimination law apply, including exceptions for sporting activities, such as:

- holding a competitive sporting activity for a specific age or age group (e.g. only those who are under the age of 15 years);
- excluding people on the basis of their 'excluding people on the basis of their sex and/or gender identity status from participation in a competitive sporting activity where the strength, stamina or physique of competitors is relevant to the specific activity (note that this does not apply to activity by children who are under the age of 12 years); and
- not selecting a participant if the person's disability means he or she is not reasonably capable of performing the actions reasonably required for that particular sporting activity.

Harassment is any type of unwelcome behaviour which has the effect of offending, humiliating or intimidating the person harassed. Unlawful harassment can be based on any of the personal characteristics covered by anti-discrimination law, such as a person's race, sex, pregnancy, marital status or sexual orientation (see the list under "Discrimination").

Public acts of racial hatred which are reasonably likely to offend, insult, humiliate or intimidate are also prohibited. This applies to spectators, participants or any other person who engages in such an act in public. Some states and territories also prohibit public acts that vilify people on other grounds such as homosexuality, gender identity, HIV/AIDS, religion and disability (see also "Vilification").

Member means a registered member of the National Rugby League and its affiliated organisations, together with coaches, officials, paid or unpaid administrators and volunteers of those organisations.

Member Protection Information Officer means a person appointed by us to be the first point of contact for a person reporting an issue or a complaint under, or a breach of, this policy.

Procedural fairness requires that:

- the respondent knows the full details of what is being said against him or her and they have the opportunity to respond;
- no person may judge their own case; and
- the decision-maker(s) must be unbiased, fair and just.

Police check means a national criminal history record check conducted as a pre-employment, pre-engagement or current employment background check on a person.

Role-specific codes of conduct (or behaviour) means standards of conduct required of people holding certain roles in our organisation (e.g. coaches, officials, umpires).

Sexual harassment means unwelcome behaviour of a sexual nature which could reasonably be expected to make a person feel humiliated, intimidated or offended. Sexual harassment can take many different forms and may include unwelcome physical contact, verbal comments, jokes, propositions, displays of pornographic or offensive material or other behaviour that creates a sexually hostile environment. Sexual harassment does not have to be intentional.

National Rugby League Member Protection Policy – July 2015

Sexual offence means a criminal offence involving sexual activity or acts of indecency. Because of differences under state and territory laws, this can include but is not limited to:

- rape
- indecent assault
- sexual assault
- assault with intent to commit sexual acts

- obtaining benefits from child prostitution
- possession of child pornography
- publishing child pornography and indecent articles.

Transgender ‘Transgender’ is an umbrella term that refers to a person whose gender identity is different to their physical sex as recorded at birth. Transitioning refers to the process where a transgender person commences living as a member of another sex. This is sometimes referred to as the person ‘affirming’ their gender because transitioning means they start living in what they identify as their true gender. For people who are transitioning/affirming their gender, having their identity fully recognised in all areas of life is a crucial part of the experience of living as their affirmed gender.

Sexual orientation: The term ‘sexual orientation’ refers to a person’s emotional or sexual attraction to another person, including, amongst others, the following identities: heterosexual, gay, lesbian, bisexual, pansexual, asexual or same-sex attracted.

Gender identity: The term ‘gender identity’ refers to a person’s deeply held internal and individual sense of gender.

Gender expression: The term ‘gender expression’ refers to the way in which a person externally expresses their gender or how they are perceived by others.

Intersex: The term ‘intersex’ refers to people who have genetic, hormonal or physical characteristics that are not exclusively ‘male’ or ‘female’. A person who is intersex may identify as male, female, intersex or as being of indeterminate sex.

Victimisation means treating someone unfairly or unfavorably, or threatening to do so, because that person has, or intends to, pursue their right to make any complaint, including a complaint under government legislation (e.g. anti-discrimination legislation) or under this policy, or for supporting another person to make complaint.

Vilification means behaviour that occurs in public which incites hatred towards, serious contempt for, or revulsion or severe ridicule of a person or group of people because that person or persons have a particular personal characteristic. Anti-discrimination laws in Australia make it unlawful to vilify a person or group of persons on the basis of race, religion, homosexuality, transgender status and HIV/AIDS status.

9.13 Management of Concussion in Rugby League

The Management of Concussion In Rugby League

For Trainers, First-Aid Providers, coaches and parents

These Guidelines are based on the Consensus Statement produced following the 5th International Conference on Concussion in Sport held in Berlin in October 2016. The Guidelines should be followed at all times and any decision regarding return to play after concussive injuries should only be made by a doctor, preferably with experience in dealing with such injuries.

Summary

The most important element in the management of concussion **MUST ALWAYS** be the welfare of the player - in both the short and long term.

Concussion is a disturbance in brain function resulting from trauma that is transmitted to the brain either directly or indirectly. There is no absolute need for direct head impact for a concussion to occur. There are no structural changes and the changes that do occur are temporary and should recover spontaneously if managed appropriately.

Complications can occur if the player is allowed to continue playing before they have fully recovered from the concussion. Therefore, a player who is suspected of having a concussion must be taken out of the game or training session immediately. Such a player should not be returned to play in the same game, even if they appear to have recovered. Concussion is an evolving condition over minutes to hours (and sometimes days). Some symptoms/signs may resolve only to be replaced by others later.

The management of head injuries may be difficult for non-medical personnel. It is often not clear whether you are dealing with concussion, or there is a more severe structural head injury, especially in the early phases of the injury. Concussion is considered a medical condition and therefore needs to be assessed and managed by a medical professional.

It is therefore imperative that **ALL** players with concussion, or suspected of having a concussion, need **URGENT** medical assessment.

In the period following a concussion, a player should not be allowed to return to play or train until they have had a formal medical clearance by a doctor.

Important points in the management of concussion include:

- ▶ Suspecting the diagnosis in a player with symptoms such as confusion or headache after an apparent head injury (direct or indirect knock to the head)

- ✦ Referral of the player for medical evaluation
- ✦ The player must have medical clearance by a doctor before being allowed to return to a graded training program.
- ✦ The player must have a further medical clearance by a doctor before being allowed to return to contact training and matches.

Players suspected of having a concussion must not be allowed to drive, operate machinery, drink alcohol, take anti-inflammatory medication (including aspirin and ibuprofen), or use strong painkillers or sleeping tablets until they have been medically cleared to do so by a doctor.

Background

When considering the management of concussion, the welfare of the player - both in the short and long term - MUST always remain paramount.

Since 2001, there have been five international conferences addressing the key issues in the understanding and management of concussion. After each meeting, a summary has been published to improve the safety and health of athletes who suffer concussive injuries during participation in sport¹. The most recently published conference was held in Berlin in October 2016. The summary from the Berlin meeting provides guidelines for current best practice management of concussion⁽¹⁾. The NRL's current guidelines for the management of concussion are based on the Berlin conference, as well as research conducted on concussion in NRL, World Rugby and AFL over a number of years.

What is Concussion?

"Traumatic Brain Injury" (TBI) is the term used to describe injuries to the brain that are caused by trauma. The most severe injuries involve structural damage e.g. fractures of the skull, bleeding in or around the brain. These structural injuries require urgent medical attention.

Concussion falls into the milder spectrum of TBI (mTBI = mild traumatic brain injury) and involves a disturbance of brain function with no structural damage or probable permanent injury to the brain.

Concussion is caused by trauma to the brain, which can be either direct contact with the head (e.g. head clash) or indirect by a force to any part of the body transmitted to the head (e.g. shoulder charge or tackle). When the force is transmitted to the brain it can "stun" the nerve tissue and affect the way the nerves work. This can result in a number of symptoms and signs depending on the area of brain that is affected. Concussions, therefore, present in many different ways and the symptoms and signs often change or evolve over time.

Symptoms include headache, blurred vision, dizziness, nausea, poor balance, fatigue and feeling "not quite right". A concussed player may also exhibit confusion, memory loss and reduced ability to think clearly and process

information. Loss of consciousness is not common and occurs in less than 10% of cases of concussion. ***It is important to understand that a player does not have to lose consciousness to have concussion.***

The essential injury in concussion is functional disturbance rather than structural damage. The changes that occur are temporary and usually recover spontaneously if managed correctly. The recovery period and process varies from person to person and injury to injury. Most cases of concussion in Rugby League recover within 7-14 days from the time of injury, although in a small number of cases the recovery time may be weeks to months. Children and adolescents (18 years old and younger) may take longer to recover.

How common is concussion in Rugby League?

Concussion is relatively common in Rugby League. In the past 4-5 years the incidence in the NRL's elite competition has been 5-7 concussions per team per season.

What are the potential complications following concussion?

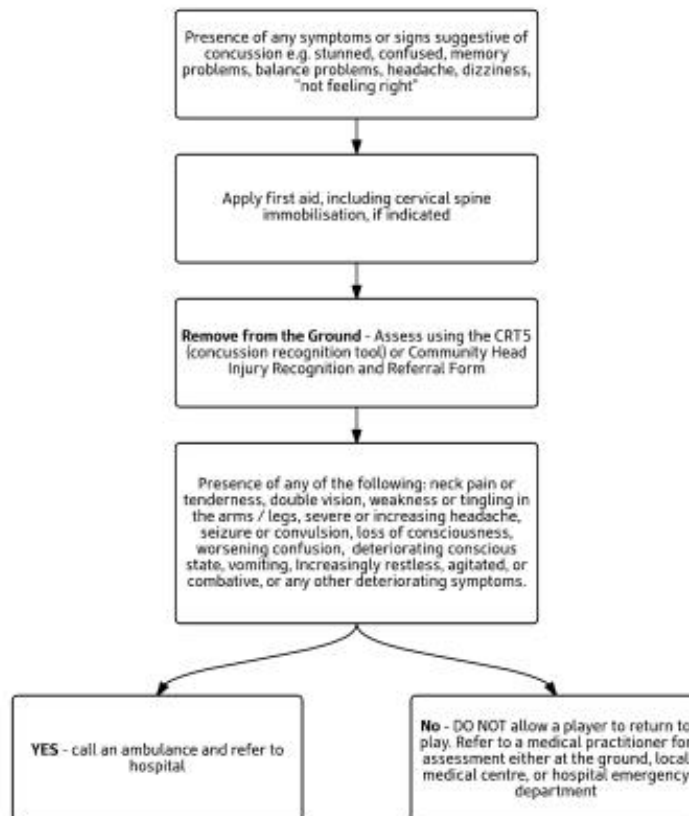

The complications which can possibly occur following a concussion include:

- ✦ Increased risk of other musculoskeletal injury (possibly due to reduction in reaction time) or repeated concussion (with the second injury often much more severe than the first);
- ✦ Prolonged symptoms;
- ✦ Symptoms of depression, anxiety and other psychological problems;
- ✦ Severe brain swelling (especially in young players); and
- ✦ Potentially long-term brain malfunction (not currently proven).

Complications are not common, however, the risk of complications is increased by allowing the player to return to play (or training) before they have recovered completely. It is therefore essential to recognise a possible concussion, make the diagnosis, and keep the player out of training and competition until the player has recovered completely.

Concussion can cause problems with memory and processing of information, which interferes with the player's ability to learn in the classroom, therefore, a child should not return to school until cleared by a medical practitioner to do so. A successful return to school should occur before attempting a return to training/sport.

Steps in the Management of Concussion

NOTE: Any player with a loss of consciousness, basic first aid principles should be applied i.e. Danger, Response, Send for help, Airway, Breathing, Circulation and +/- CPR (DRSABC). Care must always be taken with the player's neck, as it may have also been injured in the collision. An ambulance should be called and the player(s) transported to hospital for assessment and management.

Game Day Management

The most important steps in the early management of concussion include:

1. Recognising the injury;
2. Removing the player from the game; and
3. Referring the player to a medical practitioner (doctor) for assessment.

Recognising the injury – (making the diagnosis)

1. Visible Clues - when to suspect concussion:
 - Loss of consciousness or non-responsive
 - Lying on the ground - not moving, or slow to stand
 - Unsteady on feet / balance problems / poor coordination
 - Grabbing / clutching at head
 - Dazed, blank or vacant look
 - Confused / not aware of plays or events
2. Loss of consciousness, confusion and disturbance of memory are classical features of concussion, but it is important to remember that they are not present in every case.
3. There are several non-specific symptoms that may be present and which should raise the suspicion of concussion: headache, blurred vision, balance problems, dizziness, feeling "dazed" or "light headed", "don't feel right", drowsiness, fatigue and difficulty concentrating.
4. Tools such as the pocket Concussion Recognition Tool 5 (see attachment) can be used to help make the diagnosis of concussion.
 - <http://bjsm.bmj.com/content/bjsports/early/2017/04/26/bjsports-2017-097508CRT5.full.pdf>
5. It is important to understand that brief sideline evaluation tools (such as Concussion Recognition Tool 5 and SCAT5) are designed to help make the diagnosis of concussion. It is still imperative to arrange a more comprehensive medical assessment by an appropriately experienced medical practitioner. The SCAT5 is a medical practitioner (doctor) only assessment tool.

Removing the player from the game

1. Initial management must always follow first aid rules, including airway, breathing, circulation and spinal immobilisation.
2. Any player who is suspected of having a concussion must be removed from the game and be assessed by the first aider (Sports Trainer).
3. A player who has suffered a concussion (or suspected concussion) must not be allowed to return to play in the same game. The assessor should not be swayed by the opinion of the player, coaching staff or anyone else

suggesting premature return to play. Concussion is an evolving condition and symptoms and signs can vary over minutes to hours and days.

Referring the player to a medical practitioner for assessment

1. The management of a head injury is difficult for non-medical personnel. Following an injury it is often not clear if you are dealing with a concussion or with a more severe underlying structural head injury;
2. ALL players with concussion - or a suspected concussion - need an URGENT medical assessment by a medical practitioner. This can be done by a doctor present at the venue (if available) or local general practice or medical centre or hospital emergency department;
3. It is useful to have a list of local doctors, (who are willing to see injured players) and emergency departments close to the ground where the game is to be played;
4. A pre-game checklist of the appropriate services;
5. Local Doctors or medical centres;
6. Local Hospital Emergency Departments; and
7. Ambulance Services (000).

Management of an unconscious player

1. First Aid principles of DRSABC (+/- CPR) should be used. It is extremely important to treat all unconscious players as though they also have a neck injury (Spinal Immobilisation).
2. An unconscious player must only be moved (onto a stretcher) by qualified health professionals, trained in spinal immobilisation techniques. If no qualified person is present, **do not move the player** - wait for the ambulance and paramedics.
3. Urgent hospital referral is necessary if there is concern regarding the risk of a serious or structural head or neck injury --- **ring 000**.
4. Any player with ANY of the following in the context of a possible head injury should be referred to a hospital urgently, via Ambulance:
 - Loss of consciousness
 - Seizures / fits or convulsions
 - Severe or increasing headache
 - Double vision
 - Vomiting
 - Deterioration of conscious state after being injured, e.g. increased drowsiness
 - Report of neck pain / tenderness

- Burning, numbness, tingling or weakness in arms/legs. (potential spinal cord symptoms)
- Increasingly restless, agitated or combative

If, at any time, there is any doubt, the player should be referred to hospital.

Follow-up Management

- A player who has sustained a concussion **MUST NOT** be allowed to return to school or play before getting a medical clearance;
- Return to learning and school should take precedence over return to sport;
- The decision regarding the timing of return to training should always be made by a medical practitioner (doctor);
- In cases of uncertainty about the player's recovery, always adopt a more conservative approach, *"if in doubt sit them out"*.

Return to Play/Sport

- Players should not return to play until they have returned to school/ learning without worsening symptoms;
- Return to training/ play should be gradual;
- Rehabilitation after a concussion should be supervised by a medical practitioner and should follow stepwise symptom limited progression.
- Initially, **complete rest for the first 24 to 48 hours** – including mental and physical rest (recovery), should be adhered to. Children and adolescents should be treated more conservatively, so 48 hours rest is recommended;
- A 6 stage Graded Return To Sport (GRTS) Program can look like the following (it can be commenced after the initial rest period of 24 to 48 hours):
 1. Symptom-limited activity – Daily activities that do not provoke or worsen symptoms;
 2. Light Aerobic Exercise – e.g., walk, exercise bike with Heart Rate less than ~70% max (no resistance/weight training);
 3. Sport Specific Exercise – e.g. running drills without risk of head contact;
 4. Non-contact training and start resistance (weight) training;
 5. Full contact training – **ONLY** after medical clearance by a doctor – coaching staff should assess tackling technique and other skills;
 6. Return to play/games.

Each stage should be a minimum of 24 hours' duration, meaning a period of 7 to 8 days as a minimum time frame to return to full contact sport in the community level of the game is recommended. Longer time

frames are suggested in children and adolescents 18 years old and younger.

If symptoms return, then the player should drop back to the previous symptom-free stage once symptoms have resolved. **Player honesty** is important when questioning about symptoms. Remember that playing or training with symptoms of concussion can increase the risk of injury, result in concussion complications and prolonged symptoms, result in reduced performance, increase the risk of other injuries (musculoskeletal) and could potentially be catastrophic.

Children and adolescents (18 years old and younger)

The same principles regarding recognition/detection, management and return to sport apply to children and adolescents, however, it is widely accepted that children and adolescents with concussion should be managed more conservatively. This includes longer initial rest and slower return to train and play programs. Additionally, a successful symptom-free return to school/learn should be completed before a graded return to play/train is commenced.

9.14 NRL Head Injury Guidelines

Head Injury Guidelines

Head Injuries Policy Statement

- » Any head injury that results in signs or symptoms of brain trauma (no matter how minor) must be treated as serious until proven otherwise.
- » Great care is needed in the initial management, especially if any degree of concussion or decreased level of consciousness is evident.
- » All unconscious players must be managed by the attending NRL Sports Trainer and an ambulance called immediately.
- » The possibility of spinal injury must be considered with any head injury.
- » The player must be referred to a doctor for medical evaluation. The doctor should have a history - or know the players previous health status - regarding head injury.
- » Under no circumstances should the player be allowed to continue playing or return to play during the same game. This will eliminate any potential "second hit syndrome".
- » A Certificate must be obtained from a doctor before the player resumes training or playing. The Certificate should nominate that the player is being cleared of a "head injury".
- » The initial assessment and management must be carried out by the accredited NRL Sports Trainer in attendance at the game venue, following the protocols of the NRL Sports Trainers Scheme.
- » Any return to activity / playing must follow the gradual, symptom free process outlined in the NRL Head Injury Notification brochure.

Head Injury Notification

If a player sustains an injury to the head and does not show signs or symptoms of a concussion immediately, it is advisable to give this form to the player's parents, relative(s) or any other person who will be with this player for at least the next 24 hours.

IMPORTANT TO REMEMBER

- Any player who is unconscious should be suspected of having a spinal cord injury and treated appropriately. This includes DRABC (Danger, Response, Airway, Breathing, Circulation) and they should not be moved unless appropriately trained personnel are present.
- If the player has weakness or tingling/burning in the arms and/or legs, they should be treated as if they have a spinal injury and an ambulance called.
- A player with a facial injury after head trauma should be assessed for signs and symptoms of concussion.
- Players must be **HONEST** in reporting how they feel. Uncooperative behaviour by players should be considered a possible sign of concussion and result in their removal from play as a potential head injury.

¹ Refer to the NRL Concussion Management Guidelines available on the Play NRL website: <http://www.playnrl.com> and use the **Concussion Recognition Tool 5 (CRT5)** <http://bjsm.bmj.com/content/early/2017/04/28/bjsports-2017-097508CRT5>

² NOTE: 'Balance disturbance' is defined as when a Player is unable to stand steadily unassisted or walk normally and steadily without support in the context of a possible head injury.

D. OUTCOME AND ACTION

If 'Yes' is selected for question 1, an ambulance must be called for immediate transfer to hospital
 If 'Yes' is selected for any of questions 2-10, **immediate** removal from play and medical assessment³ are required

³ A player who is removed from play for concussion or possible concussion MUST NOT return to play until formally cleared by a doctor. If any RED FLAGS listed in the CRT5 are present or there is any other concern – call an AMBULANCE.

A PLAYER SUSPECTED OF HAVING SUSTAINED A CONCUSSION MUST NOT BE ALLOWED TO RETURN TO THE FIELD OF PLAY ON THE DAY OF THE INJURY EVEN IF THE SYMPTOMS RESOLVE. HE/SHE MUST BE SENT HOME IN THE CARE OF A RESPONSIBLE ADULT.

NRL COMMUNITY HEAD INJURY/CONCUSSION MEDICAL CLEARANCE

NOTES FOR THE TREATING DOCTOR / MEDICAL PRACTITIONER

Please refer to the NRL Concussion Management Guidelines available via the website: <http://www.playnrl.com>

A concussed rugby league player requires a formal medical clearance to return to training and competition.

The NRL recommend that the injured player be assessed by a medical practitioner as soon as possible after a head injury, prior to returning to a graduated structured training program with a mandatory final consultation to clear the player medically fit before full contact training and match play is undertaken. It is recommended that the same medical practitioner (doctor) performs all the assessments on a player for each concussion episode/presentation.

In accordance with the current Concussion Guidelines, there is no defined mandatory period of time that an NRL player must be withheld from play following a concussion but a 6 stage graduated return to play must be undertaken. The duration of exclusion from play is based on an individual's recovery as managed by a medical practitioner. However, before a player can start a graduated return to sport protocol, the player should be symptom free at rest for a minimum of 24-48 hours. Children and adolescents (18 years old and younger) should be treated more conservatively. A **graduated return to learn** (school or other education) and/or work **must be completed prior to commencing a return to sport** (refer to <http://bjism.bmj.com/content/bjsports/early/2017/04/28/bjsports-2017-097699.full.pdf>). A concussion recovery is generally considered **prolonged** if it is greater than 2 weeks in adults and 4 weeks in children/adolescents.

Conventional imaging (e.g. CT or MRI) should be considered in cases where there is concern regarding an underlying structural brain, skull or neck injury.

It is useful to use the SCAT5 and Child SCAT5 forms for all assessments and comparing the symptoms to those initially reported (bear in mind that new/different symptoms can present) and ensuring that no clinical signs are present.

SCAT5: <http://bjism.bmj.com/content/bjsports/early/2017/04/28/bjsports-2017-097506SCAT5.full.pdf>

Child SCAT5: <http://bjism.bmj.com/content/bjsports/early/2017/04/28/bjsports-2017-097492childscat5.full.pdf>

Graduated Return to Sport Protocol – AFTER initial rest (Physical and Mental) of at least 24-48 hours

- 6 stages – generally at least 24 hours per stage
- If any symptoms return, rest for 24 hours and start at prior asymptomatic stage once symptom free again
- Proceed to next level if symptom free
- Usually takes **at least** 1 week

PLAYER AND PARENT HONESTY IS VITAL IN THIS PROCESS – IT IS THEIR RESPONSIBILITY

Rehabilitation Stage	Functional Exercise at each stage	Objective
1. Symptom-limited activity	Daily activities that do not provoke symptoms	Gradual reintroduction of work/school activities
2. Light aerobic exercise	Walking or exercise bike (slow to medium pace)	Increase heart rate
3. Sport specific exercise	Running drills (no head impact activities)	Add movement
4. Non contact training drills	Progress to more complex training drills eg passing drills. May start progressive resistance training	Exercise, coordination & cognitive load (increased thinking)
5. Full contact training	After medical clearance	Restore confidence and coaching staff to assess functional skills
6. Return to play	Normal game/match play	Symptom free

Screening computerised cognitive tests provide a practical method for the assessment of cognitive recovery. A number of screening computerised cognitive test batteries have been validated for use following concussion in sport and are readily available on-line (e.g. AXON CogState Sport, IMPACT). You may utilise these at your clinical discretion but they are **not** routinely recommended for children.

The following is a [guide to the return to contact training and match play medical examination](#) of a concussed player:

The **minimum standard** is that a player **must** be symptom free at rest and on exertion, returned fully to school/work, determined to have returned to baseline level of cognitive performance, and is confident and comfortable to return to play.

If the answer to any of the following 4 questions is **‘Yes’**, the player requires further observation and/or a referral for specialist (Neurologist, Neurosurgeon or Sport and Exercise Physician with an interest in Concussion) assessment.

1. Are there any neurological or other worrying symptoms on questioning, or signs on examination?
2. Is the player experiencing ongoing symptoms suggestive of concussion?
3. The player has **NOT** fully returned to their usual work or education/school?
4. Does the player experience any concussion type symptoms when exercising?

Difficult or complicated cases (e.g. prolonged recovery or recurrent concussion) should be referred to a clinician or neurologist with expertise in concussion.

MEDICAL CLEARANCE – TO BE COMPLETED BY A DOCTOR

I have examined: following the head injury sustained on **INSERT DATE OF INJURY** and declared him/her medically fit^{*} to contact train and return to match play.

9.17 NRL Concussion Recognition Tool

CONCUSSION RECOGNITION TOOL 5[®]

To help identify concussion in children, adolescents and adults

Supported by

RECOGNISE & REMOVE

Head impact can be associated with serious and potentially fatal brain injuries. The Concussion Recognition Tool 5 (CRT5) is to be used for the identification of suspected concussion. It is not designed to diagnose concussion.

STEP 1: RED FLAGS – CALL AN AMBULANCE

If there is concern after an injury, including whether ANY of the following signs are observed or complaints are reported then the player should be safely and immediately removed from play/games/activity. If no licensed healthcare professional is available, call an ambulance for urgent medical assessment:

- Neck pain or tender neck
- Double vision
- Weakness or tingling/numbing in arms or legs
- Severe or increasing headache
- Seizure or convulsion
- Loss of consciousness
- Deteriorating conscious state
- Vomiting
- Increasingly restless, agitated or combative

Remember:

- In all cases, the basic principles of first aid (danger, response, airway, breathing, circulation) should be followed.
- Assessment for a spinal cord injury is critical.
- Do not attempt to move the player (other than required for airway support) unless trained to do so.
- Do not remove a helmet or any other equipment unless trained to do so safely.

STEP 3: SYMPTOMS

- Headache
- "Pressure in head"
- Balance problems
- Nausea or vomiting
- Drowsiness
- Dizziness
- Blurred vision
- Sensitivity to light
- Sensitivity to noise
- Fatigue or low energy
- "Don't feel right"
- More emotional
- More irritable
- Sadness
- Nervous or anxious
- Neck Pain
- Difficulty concentrating
- Difficulty remembering
- Feeling slowed down
- Feeling like "in a fog"

STEP 4: MEMORY ASSESSMENT

(IN ATHLETES OLDER THAN 12 YEARS)

Failure to answer any of these questions (modified appropriately for each sport) correctly may suggest a concussion:

- "What venue are we at today?"
- "Which half is it now?"
- "Who scored last in this game?"
- "What team did you play last week/game?"
- "Did your team win the last game?"

Athletes with suspected concussion should:

- Not be left alone initially (at least for the first 1-2 hours).
- Not drink alcohol.
- Not use recreational/prescription drugs.
- Not be sent home by themselves. They need to be with a responsible adult.
- Not drive a motor vehicle until cleared to do so by a healthcare professional.

The CRT5 may be freely copied in its current form for distribution to individuals, teams, groups and organisations. Any revision and any reproduction in a digital form requires approval by the Concussion in Sport Group. It should not be altered in any way, rebranded or sold for commercial gain.

ANY ATHLETE WITH A SUSPECTED CONCUSSION SHOULD BE IMMEDIATELY REMOVED FROM PRACTICE OR PLAY AND SHOULD NOT RETURN TO ACTIVITY UNTIL ASSESSED MEDICALLY, EVEN IF THE SYMPTOMS RESOLVE

9.20 NRL Return to Play Policy

National Rugby League Policy

RETURN TO PLAY

At times, a variety of injuries/illness occurs while playing contact sports. It is inevitable that injuries and illness will occur during a player/s career whether it is through professional or social events.

Rugby League is a contact sport. The NRL Accredited Sports Trainer Code of Practice recognises that injuries occur on a variety of levels from minor muscular related, sprains, strains to fractures to more serious injuries such as head and spinal injuries and on some very rare occasions, death.

The cause of these injuries and conditions can range from a social nature to a physiological nature such as age and weight to a physical nature such as decreased physical condition, pre-existing conditions and injuries to name a few.

The aim of this Code of Practice is to give Sports Trainers at a club level, the tools that they need to assess an injured player/s and to recognise if it is safe to allow a player/s to return to the field of play or to instruct the player/s coach, other on field staff and parents of the player/s ability or inability to return to the field of play.

Injuries that are not managed appropriately can cause the player/s further pain and discomfort. On the other hand, if a player/s has returned to the field of play too early without proper injury management and advice, this can lead to a serious injury or worse.

As a Sports Trainer, it is expected that you operate in accordance with your qualification and if in doubt, seek further assistance from higher qualified officers such as Level 2 Sports Trainers, relevant ambulance services (call them to the field to assess the player/s) or doctors who are present at the game.

NEVER ALLOW A PLAYER/S TO RETURN TO THE FIELD OF PLAY IF YOU HAVE ANY DOUBT OF FURTHER INJURY.

Remember that all relevant injury paperwork needs to be completed for all players who are assisted from the field by a Sports Trainer and are managed by a Sports Trainer.

Once a decision has been made for a player/s not to return to the field of play, the player/s will not return to training or play any further games until medical clearance is made by a doctor and paperwork has been filed with the Club's Co-ordinator.

National Rugby League Policy

RETURN TO PLAY

Conditions where a medical clearance is required

- » Any form of cardiac (heart condition)
- » Hypertension (history of high blood pressure)
- » Broken bones of any sort (other than fingers)
- » Significant soft tissue injuries (where a player has not recovered to a playing capacity one week post insult)
- » Any form of concussion
- » Any form of unconsciousness, no matter how brief
- » Any form of potential cervical (neck) injury
- » Repeated episodes of illness of already diagnosed medical conditions such as
- » Asthma, diabetes and epilepsy
- » Any injury involving the eye itself
- » Any player recovering from a significant illness, such as:
 - Chicken Pox
 - Measles
 - Whooping cough
 - Glandular fever
 - Swine flu (H1/N1)
 - Pneumonia
 - Any form of influenza where it has caused the player to miss games and training greater than one week
 - Any immune depressed conditions as deemed necessary by accredited Sports Trainers

The above points are not completely exhaustive, however it is expected that a common sense approach is applied by Sports Trainers when requesting a medical clearance. Many of the mentioned conditions can be exacerbated (made worse) by physical activity and cause the player/s further illness or discomfort. Some medical conditions can also be contagious and pose a risk to other players and coaching staff. Player welfare is the number one priority of the Rugby League Sports Trainers' Accreditation Scheme. The reason for medical clearances is not all about liability. It is ensuring that players seek medical attention for conditions that may cause them further serious health problems in the long term.

National Rugby League Policy

RETURN TO PLAY

RETURN TO PLAY

Some injuries during a game and training resolve, such as where a player gets “tagged”, receives grazes / abrasions and some superficial lacerations, many of which can be managed quite promptly by the accredited Sports Trainer.

Some soft tissue and joint injuries can be managed quite appropriately by strapping with no further complications arising. With any injury in which ICE has been applied, it is imperative that the joint/muscle is adequately re-warmed to the players' original pre injury conditions and that there is no impairment to the players' range of movement and/or sensation. The accredited Sports Trainer can cause any exercise, fitness test or stretching task to be completed by any player/s before they are allowed to return to the field of play.

The return to play will be at the discretion of the accredited Sports Trainer as noted in numerous National Rugby League documentation i.e. the On Field Policy.

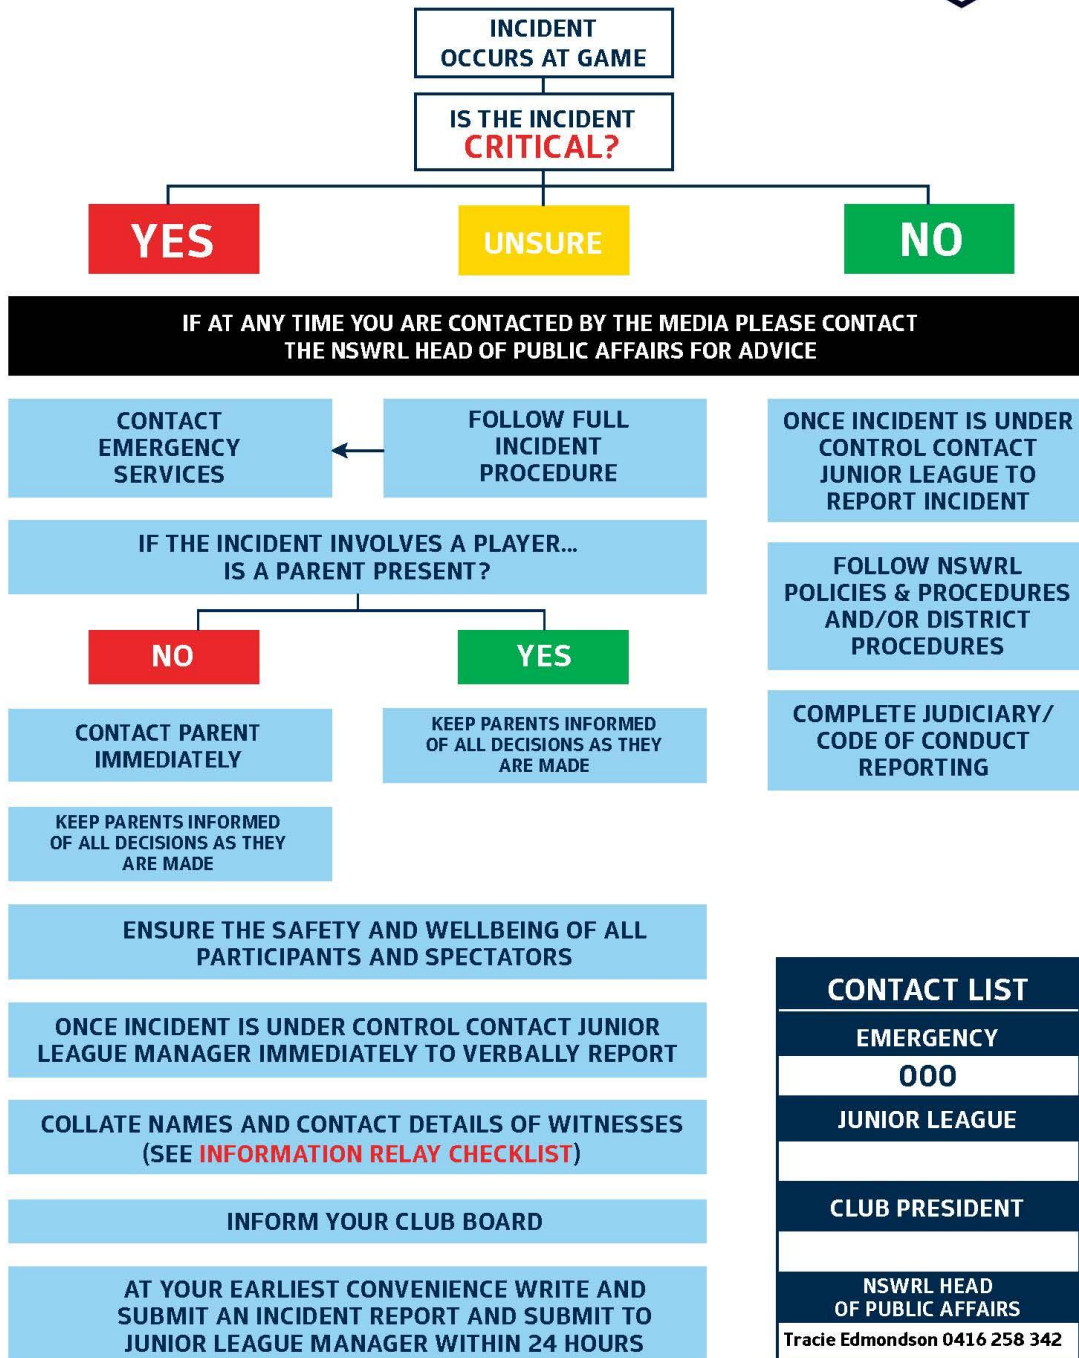

THE ACCREDITED NATIONAL RUGBY LEAGUE SPORTS TRAINER WILL HAVE THE LAST SAY IN PLAYER WELFARE.

It is expected that the accredited Sports Trainer will work closely with the coaching staff to ensure that player welfare is and will always remain paramount in the game of Rugby League.

9.22 NRL Sun Protection Policy

Sun Protection Policy

The health of those participating in rugby league is of primary concern for the National Rugby League and its affiliated organisations. Australia has the highest rate of skin cancer in the world, with two out of three people experiencing some form of skin cancer during their lifetime. Each year more than 1,000 Australians will die from skin cancer. Being sunburnt as few as six times can more than double the risk of developing melanoma. It is acknowledged that skin cancer is a preventable disease and that a preventative strategy, including the following actions, will be implemented by the National Rugby League and its affiliates.

Consideration to skin cancer exposure will be given to the scheduling of games and training. The main playing season for rugby league is generally during the winter months, however where climatic conditions dictate and where practical, outdoor events and training times will be scheduled outside the hours of 11.00 a.m. and 3.00p.m.

Rugby league organisations will maximise the use of natural shade provided from buildings, trees and other structures. Where natural shade does not exist, where practical, organisations will provide portable shade structures for use by players, officials and spectators. Individuals will also be encouraged to bring their own shade structures to events where practical.

The NRL and its affiliates will give consideration to sun protection in regard to the promotion or supply of clothing as part of the playing / officiating uniform. The use of 30+ sunscreens will be promoted by rugby league organisations. When playing or training in peak UV periods, and officials will be encouraged to apply sunscreens to exposed body parts. It is recommended that club kiosks make sunscreens available for sale to participants and spectators.

Rugby league organisations will promote skin cancer education to increase the awareness of this health issue amongst participants. Event programs, newsletters and public announcements during events held in high risk situations will be used to maintain awareness of the issue and to prompt sun protective behaviour. Rugby league officials will act as suitable SunSmart role models. The sun protective policy will be reviewed annually to ensure that the document remains current and practical to the organisation's requirements.

9.23 NRL Medical Advice Card

Medical Advice Card

As a Rugby League Sports Trainer you will be aware of your responsibilities, duties and limitations through your training in becoming a Rugby League Sports Trainer

- One of your major responsibilities is the **“total care and welfare of the players under your care”**.
- To assist you with this task it is of the utmost importance that a medical advice card system be implemented by you within your club.
- This will provide you with information about a player’s health status and other important information in cases of emergencies.

Implementation

- Discuss the system with your Club or Group/ District officials and have the procedure adopted at a Club or Group/District meeting.
- Have the Club or Group/District appoint an Honorary Medical Adviser, if possible, so that you have access to medical advice if needed.
- Have the cards distributed, completed and collected before a player plays in a game under the control of your Club or Group/ District.

- You should check each card carefully and be aware of any special medical conditions, injuries, etc. that a player may have.
- If you consider that a player may need further medical evaluation or advice about a condition or injury before playing he should be referred to the honorary medical adviser to the Club or Group/District or his own Doctor.

**Confidentiality is of the
utmost importance**

- You should keep all cards, and information contained on the card should only be available to yourself and other accredited Rugby League Sports Trainers in your Club or Group/District who will be caring for these players, and the Honorary Medical Adviser.
- They should be continually updated as the season proceeds if a player's health status changes or a significant injury occurs to that player.
- The above procedure would as far as is humanly possible protect players privacy and above all protect the player from further injury or harm due to ignorance of a condition or injury that he may have.

9.24 NRL Heat Guidelines

Heat Guidelines

The following guidelines, produced by Sports Medicine Australia, South Australian Branch, must be considered by Rugby League organisations and their personnel when considering their duty of care responsibilities and taking a responsible approach towards the safety of their participants. A common sense attitude must be applied with consideration to the comfort and well-being of all individuals, including participants and officials. Cancellation, modification of events and/or training or withdrawal from participation may be appropriate even in circumstances falling outside these guidelines.

When considering modifying, cancelling or postponing a specific sporting event or training there are many factors that need to be considered. Exercise in the heat creates competitive demands on the cardiovascular system, which is required to increase the blood supply to the exercising muscles. At the same time it must regulate body temperature by increasing skin blood flow in order to produce the sweat that keeps the body cool. High intensity exercise in a hot environment, with the associated fluid loss and elevation of body temperature, can lead to Dehydration - Heat Exhaustion - Heat Stroke.

Use the following table and points schedule to help determine the most appropriate action in the case of excessive heat conditions.
