player, the referee shall direct the team trainer to enter the field of play and attend to that player.

- 4.9. The trainer should take immediate steps to ensure the player is free of any blood contamination before that player is permitted, by the referee, to return to play.
- 4.10. All contaminated clothing or equipment will require replacement prior to the player returning to play.
- 4.11. Until the above steps have been taken, the player shall as a minimum drop out behind play.

 - 8.3.1. Loss of responsiveness.
 - 8.3.2. Possible “balance disturbance”, directly observed.

Note: “Balance disturbance” is defined as when a player is unable to stand steadily unassisted or walk normally and steadily, without in the context of a possible head injury.
- 8.4. Subject to the provisions of rule 8.13, if a player is required to leave the field of play as a consequence of the identification of one or more of the above features to complete (in accordance with rule 8.3) a Head Injury Assessment (**HIA**), this interchange will not be included for the purposes of calculating the number of interchanges.
- 8.5. The period of time for a HIA is 15 minutes and no player is allowed to return to the field of play until the 15-minute period has been served. The time cannot be less.
- 8.6. The time period for a HIA is to begin from the time at which the player is in the care of the Club Medical Officer. If the player has been cleared by the Club Medical Officer during the HIA timeframe, the player must report immediately to the NSWRL HIA/Interchange Official at the completion of the 15-minute HIA time period to return to the field of play. This cannot be done before or after, must be right on 15 minutes.
- 8.7. The HIA 15-minute time period will not be assessed against the official match time or clock. The timing of the HIA period will be monitored by the NSWRL appointed HIA/Interchange Official.
- 8.8. If a player is required to be assessed for a period longer than the specified HIA period, then subject to the provisions of rule 8.13 that player would then be adjudicated as an interchange for the purposes of calculating the number of interchanges. The club is required to hand over their next interchange card available, in sequential order, immediately to the NSWRL HIA/Interchange official.

- 8.9. Any player who is required to leave the field of play for any further (that is a second) HIA, in the same match, will not be allowed to return to play in that match.
- 8.10. In the event of an on-field incident which has required two players from the same club to be taken from the field of play for a HIA, the Club Medical Officer and/or Match appointed Doctor, may request, from the NSWRL HIA/Interchange Official, an additional 5-minute period for one of the HIA players to complete the necessary assessments.
- 8.11. If the player has suffered a concussive injury in an incident that was a consequence of foul play, which resulted in the offending player to being sent off or sin-binned, the interchange will take place in accordance with the process and the time limit associated with the HIA will not apply.
- 8.12. In the event that a HIA takes place in the 15-minute period prior to half time, the HIA period will be deemed to have been completed at the end of the half time period. The club must indicate to the NSWRL HIA/Interchange Official immediately at the completion of half time whether the player is to return to the field of play.
- 8.13. Provisions governing the use of the concussion substitute:
- 8.13.1 In the event that a player is observed to display clear signs of concussion which require immediate removal from the field and no return to play in accordance with rule 8.2; or if a player is not permitted to return to play for the remainder of the match after the completion of a HIA conducted in accordance with this rule 8, then:

- 8.13.1.2 The concussion substitute may remove the vest worn in accordance with these rules for the purpose of clearly identifying that player as the concussion substitute;
- 8.13.1.3 That player, originally named in the team as the concussion substitute, may then take his or her place on the players bench as one of the four interchange players (in substitute for the player removed from or not permitted to return to play in the match);
- 8.13.1.4 Notwithstanding rule 8.4, the original interchange made for the purpose of the player leaving the field to be administered a HIA will then be included for the purposes of calculating the number of interchanges.
- 8.14. For the avoidance of doubt, a team will be permitted to name no more than one (1) concussion substitute in its team for a match. Under no circumstances will two or more concussion substitute players be permitted for any team for any match, in circumstances where more than one player for a team in a match is observed to display clear signs of concussion which require immediate removal from the field and no return to play in accordance with rule 8.2, or is not permitted to return to play for

the remainder of the match after the completion of a HIA conducted in accordance with this rule 8.

- 8.15. When a player returns to the field of play after being cleared from HIA, that player must be interchanged for the player that originally went on the field when the HIA occurred. This interchange is not a 'free' interchange – it is a period of 15-minutes to allow for an assessment of a possible concussive incident.
- 8.16. In the event that a club has used all of its allocated interchanges, while a player is completing a HIA and that player is unable to return to the field of play at the completion of the HIA, the club must immediately remove a player from the field of play and complete the match with 12 players.
- 8.17. NSWRL mandates that all clubs complete a base line concussion test for all players pre-season. Baselines for the following Pathways Competitions are to be store on the Clubs Smartabase portal – The Knock-On Effect NSW Cup, The Harvey Norman Women's NSW Premiership, Jersey Flegg, SG Ball Cup, Tarsha Gale Cup, Laurie Daley Cup, Harold Matthews Cup and the Andrew Johns Cup.

32. Trial Matches

- 32.1. All trial games are to be sanctioned by the NSWRL (See appendix B).
- 32.2. All NSWRL registered players will be covered by their junior/senior league insurance, when games have been sanctioned. All players who participate in trial games, which are not sanctioned, will not be covered by insurance. All clubs are advised of the importance of taking out a cover-note for these events, for those players who are not NSWRL registered players.
- 32.3 All trial game applications must be submitted via a Clubs Smartabase portal at least 21 days prior to the game and receive an approval from NSWRL noting the game is sanctioned. Following the game, the host club is responsible for uploading the team list of participating players for both teams.
- 32.4 Any trials which involved travelling teams i.e. teams outside of the NSWRL, must seek approval to travel/play from their relevant governing body and have signed off by the NSWRL prior to being given approval to play. This approval is to be submitted with the application.
- 32.5 Any trial game must have the appropriately qualified trainers (as per section 2 of this handbook), and cannot commence without a doctor AND a qualified Orange Shirt trainer in attendance for each team.
- 32.6 All sanctioned trial games must be filmed – the host club is to arrange the filming – and upload the vision to the Hudl Trail Exchange by 9am the first business day following.

Doctors

- 32.3. Further to any other provision of this Handbook, it is a mandatory requirement that a doctor be present at all games, including trials. All trial and competition matches cannot commence (and a trial/competition match must not be permitted to commence) unless a doctor is in attendance prior to the commencement of a trial match.

33. Welfare and Education

33.1. All players must attend/complete the compulsory education session as set out in the NSWRL/ NRL Wellbeing guidelines. Refer to www.nswrl.com.au/documents for guidelines.

ASADA

33.2. All registered players will be subject to the NRL/NSWRL Anti-Doping Policy and Procedures.

33.3. Clubs must ensure that all players are familiar with the policy and should ensure that a copy of the document is made available to each player.

33.4. Each club is required to appoint an 'Anti-Doping Officer' who is to be available at all times to assist in the coordination of testing, in conjunction with ASADA officials.

33.5. The name of each club's 'Anti-Doping Officer' must be provided to the NSWRL prior to the commencement of the season.

33.6. All clubs are required to send their weekly training schedules to national.testing@asada.gov.au

33.7. For more information, please refer to the Anti-Doping Education Policy at: www.asada.gov.au.
